Radish Memoirs:

The Radish Memoirs Terence Devere White, 1974 The Radish Memoirs Terence De Vere White, 1974 **Memoir of a Thinking Radish** Peter Brian Medawar, 1986 He's a tough minded terribly British and imposing grand master of aphorism argument and lightning bolt one liners wrote Newsweek of Sir Peter Medawar the Nobel Prize winning immunologist and renowned author In this incisive and witty memoir Sir Peter describes his exceptional life his early days in Rio de Janeiro Oxford in the 1930s the rewards and frustrations of his medical career his musical education his family travels and more A delight to read this highly personal account illuminates the life of one of the most engaging and impressive men of our time *Memoir*, 1913 **Memoir**, 1964 *Memoir - Cornell University Agricultural Experiment Station* Cornell University. Agricultural Experiment Station, 1921 *Moose Memoirs and Lobster Tales* John McDonald, 2016-07-15 John McDonald has been making people laugh for decades with his humorous yarns poking fun at people from away people from Maine and life in general Following up the wildly popular *A Moose and a Lobster Walk into a Bar* the Dean of Maine Storytelling offers a new collection of stories that will make you laugh till you cry and cry till you laugh Here's a new round of classic stories brimming with half truths stretched truths and wry observations about life in Maine **Bertrand Russell's Life and Legacy** Peter Stone, 2018-01-01 Almost five decades after his death there is still ample reason to pay attention to the life and legacy of Bertrand Russell This is true not only because of his role as one of the founders of analytic philosophy but also because of his important place in twentieth century history as an educator public intellectual critic of organized religion humanist and peace activist The papers in this anthology explore Russell's life and legacy from a wide variety of perspectives This is altogether fitting given the many sided nature of Russell his life and his work The first section of the book considers Russell the man and draws lessons from Russell's complicated personal life The second examines Russell the philosopher and the philosophical world within which his work was embedded The third scrutinizes Russell the atheist and critic of organized religion inquiring which parts of his critical stance are worth emulating today The final section revisits Russell the political activist it directs an eye both at Russell's own long career of peace activism but also at his place in a highly political family tradition of which he was justifiably proud This book thus constitutes an invitation if one were needed to the world of Bertrand Russell Those new to Russell but with an interest in biography philosophy religion or politics will hopefully find something to learn here This may spark an interest in learning more about Russell But this book is not just intended for the Russell neophyte The book sheds fresh light on a number of topics central to Russell studies his connections to other philosophers for example Scholars well versed in Russell studies will enjoy grappling with the treatment given to these topics here St. Simons Memoir Eugenia Price, 2021-04-27 Her joyous remembrance of her first decade on an enchanted island And of those cherished friends who inspired her best selling trilogy *Lighthouse New Moon Rising* and *Beloved Invader* After only a few golden hours on Georgia's St Simons Island Eugenia Price longed to make it her home Even

though she loved her old town house in Chicago and her busy writing and lecturing schedule the shadow streaked light filled place had cast its spell and would not let her go The reader too will feel the Island s magic as Genie describes her odyssey with her friend Joyce Blackburn from the urban North to Southern small town community life and peace With deep affection and humor she shares her many friendships with the first six the elderly folk who gave her their love their stories and their memories so that she could write her novels of St Simons with her beloved editor Tay Hohoff who encouraged and goaded her and with all the other people who helped with her writing and with the building of her Island home in the midst of the dear dark woods Although she had been uncertain at first of her welcome to St Simons she later experienced the rare privilege of having the Island name a day in her honor These intimate pages are also filled with Genie s quiet faith in God and her eternal gratitude for His grace in sending her to St Simons She calls her book a memoir but it is more than that It is a thanksgiving celebration of life and of its surprising goodness even in the midst of sorrow and loss So that she can exclaim to Joyce How could life be better than it is right now

The Library of Agricultural and Horticultural Knowledge; with a Memoir of Mr. Ellman [by F. P. Walesby] ... Third Edition, Greatly Enlarged LIBRARY.,1834 *The Memoirs of Alexander Herzen* Aleksandr Herzen,1923 **Shark's Fin and Sichuan Pepper: A Sweet-Sour Memoir of Eating in China (First edition)** Fuchsia Dunlop,2009-08-24 Not just a smart memoir about cross cultural eating but one of the most engaging books of any kind I ve read in years Celia Barbour O The Oprah Magazine After fifteen years spent exploring China and its food Fuchsia Dunlop finds herself in an English kitchen deciding whether to eat a caterpillar she has accidentally cooked in some home grown vegetables How can something she has eaten readily in China seem grotesque in England The question lingers over this autobiographical food and travel classic Publishers Weekly *Dying to Know* George Levine,2010-11-15 Dying to Know is the work of a distinguished scholar at the peak of his powers who is intimately familiar with his materials and whose knowledge of Victorian fiction and scientific thought is remarkable This elegant and evocative look at the move toward objectivity first pioneered by Descartes sheds new light on some old and still perplexing problems in modern science Bernard Lightman York University Canada In Dying to Know eminent critic George Levine makes a landmark contribution to the history and theory of scientific knowledge This long awaited book explores the paradoxes of our modern ideal of objectivity in particular its emphasis on the impersonality and disinterestedness of truth How asks Levine did this idea of selfless knowledge come to be established and moralized in the nineteenth century Levine shows that for nineteenth century scientists novelists poets and philosophers access to the truth depended on conditions of such profound self abnegation that pursuit of it might be taken as tantamount to the pursuit of death The Victorians he argues were dying to know in the sense that they could imagine achieving pure knowledge only in a

condition where the body ceases to make its claims to achieve enlightenment virtue and salvation one must die Dying to Know is ultimately a study of this moral ideal of epistemology But it is also something much more a spirited defense of the difficult pursuit of objectivity the ethical significance of sacrifice and the importance of finding a shareable form of knowledge
