Ragged Irregulars The 91st Bomb Group In World War II:

The Ragged Irregulars of Basingbourn Marion H. Havelaar, William N. Hess, 1995 This new book is the first detailed history of the famed 91st Bomb Group 300 photographs **United States Air Force and Its Antecedents** James T. Controvich, Martin Gordon, 2004-06-24 This bibliography lists published and printed unit histories for the United States Air Force and Its Antecedents including Air Divisions Wings Groups Squadrons Aviation Engineers and the Women s Army Corps *Operation Thunderclap and the Black March* Richard Allison, 2014-10-29 This unique dual biography chronicles the WWII experiences of two US airmen one of whom was captured by Nazis while the other bombed Germany In February 1945 the Allies launched Operation Thunderclap a series of maximum efforts against cities in eastern Germany These deep penetration raids would tax the bomber crews immensely as well as bring new devastation to cities yet untouched by US airpower Meanwhile the Nazis attempted to move all their prisoners beyond the reach of the Soviet Army s advancing spearheads forcing thousands of Allied POWs on a five hundred mile three month trek that would come to be known as the Black March Two B 17 crew members a copilot and gunner trained together in Gulfport MS and in Fall 1944 were assigned to the longest serving and most decorated US bomb group in England However their paths then diverged The copilot flew thirty one missions until the war s end the gunner was shot down and captured on his very first combat mission These crew members both lived one through Thunderclap and one through the Black March and this is their story an account of both constant air combat and travail on the ground The copilot participated in the bombing of Dresden where he witnessed a city already too far destroyed to expend additional bombs The gunner survived the March and once time was up for Germany experienced a period in Soviet captivity This unique book on the Allied air campaign offers new insights into what our fliers truly saw and experienced during the war Warplanes of World War II Up Close Robert Jackson, 2015-12-15 Although airplanes were used to some degree in conflicts prior to 1939 World War II was when military aviation truly became a vital component of war plans Many sophisticated warplanes were developed increasing the power and accuracy of aerial bombing and tactical air support This resource provides an in depth look from every angle at aircraft such as the P 51 Mustang and Boeing B 29 Superfortress demonstrating how these planes contributed to how each nation waged war during World War II Finding a Fallen Hero Bob Korkuc, 2014-10-22 To all appearances Anthony Tony Korkuc was just another casualty of World War II A gunner on a B 17 Flying Fortress Korkuc was lost on a bombing mission over Germany and his family believed that his body had never been recovered But when they learned in 1995 that Tony was actually buried at Arlington National Cemetery his nephew Bob Korkuc set out on a seven year quest to learn the true fate of an uncle he never knew Finding a Fallen Hero is a compelling story that blends a wartime drama with a primer on specialized research Author Bob Korkuc initially set out to learn how his Uncle Tony came to rest at Arlington In the process he also unraveled the mystery of what occurred over the skies of Germany half a century ago Korkuc dug up military documents and private letters and interviewed people in both the

United States and Germany He tracked down surviving crewmembers and even found the brother of the Luftwaffe pilot who downed the B 17 Dozens of photographs help readers envision both Tony Korkuc s fateful flight and his nephew s dogged search for the truth A gripping chronicle of exhaustive research Finding a Fallen Hero will strike a chord with any reader who has lost a family member to war And it will inspire others to satisfy their own unanswered questions **JG 26**

Luftwaffe Fighter Wing War Diary Donald Caldwell,2012-10 Day by day account of a German fighter squadron one of only two Luftwaffe units to spend the entire war in the West Covers D Day and the Normandy campaign Operation Market Garden the Battle of the Bulge and more JG 26 was known as The Abbeville Boys and seen as an elite squadron Unit flew

Messerschmitt Bf 109s and Focke Wulf Fw 190s Big Week Bill Yenne,2014-02-04 In just six days the United States Strategic Air Forces changed the course of military offense in World War II During those six days they launched the largest bombing campaign of the war dropping roughly ten thousand tons of bombs in a rain of destruction that would take the skies back from the Nazis The Allies knew that if they were to invade Hitler s Fortress Europe they would have to wrest air superiority from the mighty Luftwaffe The plan of the United States Strategic Air Forces was extremely risky During the week of February 20 1944 and joined by the RAF Bomber Command the USAAF Eighth and Fifteenth Air Force bombers took on this vital mission They ran the gauntlet of the most heavily defended air space in the world to deal a death blow to Germany s aircraft industry and made them pay with the planes already in the air In the coming months this Big Week would prove a deciding factor in the war Both sides were dealt losses but whereas the Allies could recover damage to the Luftwaffe was irreparable Thus Big Week became one of the most important episodes of World War II and coincidentally one of the most overlooked until now *Interrogator* Raymond F. Toliver,1997-12-01 The story of Hanns Scharff Nazi Germany s

master interrogator who questioned American POWs with subtle startlingly effective tactics During World War II German Intelligence Officer Hanns Scharff gained the reputation as the man who could magically get all the answers he needed from a prisoner of war In most cases the POWs being interrogated never realized that their words small talk or otherwise were important pieces of the mosaic Scharff was constructing He was so effective that the USAF invited him to speak about his methods to military audiences in the United States after World War II In the words of one former POW What did Scharff get from me Nothing yet there is no doubt he got something If you talked about the weather or anything else he no doubt got some information or confirmation from it His technique was psychic not physical Another POW commented Hanns Scharff could probably get a confession of infidelity from a Nun To this day ex POWs fret over what they said or even might have implied during their interrogations and over what use Scharff may have made of their slip ups This book delves into the question What magic formula did Scharff use to draw information out of servicemen trained to remain silent **The**

Luftwaffe Over Germany Donald Caldwell,Richard Muller,2014-04-02 A wonderful book on the Luftwaffe s WW2 operations German Air Force and its struggle to defend Germany from the Allied bomber attacks FSAddon The Luftwaffe over Germany

tells the story of one of the longest and most intense air battles in history The daylight air struggles over Germany during World War II involved thousands of aircraft dozens of units and hundreds of aerial engagements Until now there has been no single book that covers the complete story from the highest levels of air strategy to the individual tales of Fw 190s Bf 109s and Me 262s in air combat against the American bomber streams This ground breaking work explores the detrimental effect of Luftwaffe theory and doctrine on the German air arms ability to defend the homeland once the Allied Combined Bomber Offensive began in earnest By mid 1944 they had lost the battle but had exacted a terrible price from the Americans in the process The product of a ten year collaboration between two noted Luftwaffe historians this work fills a major gap in the literature of World War II The authors have examined original war diaries logbooks doctrine manuals after action reports and interviews with many combat veterans to produce a richly detailed account Illustrated with nearly two hundred photographs as well as new maps and diagrams this is the standard work on the subject Looking for a better book on the German air defense of the Third Reich in daylight during the war would probably be a useless endeavor A Wargamers Needful Things

Memories from the Out House Mouse G. R. Harvey, 2002 The collected personal diaries of one B 17 bomber crew

The Bombers Ashley Brown, Jonathan Reed, 1989 Scrimmage for War Bill McWilliams, 2019-09-19 In late November 1941 two college football teams Willamette University and San Jose State set sail for Honolulu for a series of games with the University of Hawaii Instead of a festive few weeks of football and fun the players found themselves caught up in the first days of the United States war with Japan For two weeks after the Japanese attacked Pearl Harbor on December 7 the young men were recruited to dig and man trenches string barbed wire guard hotels and join patrols as martial law took hold in Honolulu They arrived home on Christmas Day after a dangerous journey back across the Pacific Almost all of the players would go on to fight in the war This is a different kind of war story blending battle and gridiron along with a strong dose of

human interest of college aged young men unexpectedly caught up in the world war This is a story of war and football of Pearl Harbor and the first moments of the U S in World War II It is a story of the very first days of World War II as experienced by a group of young men who witnessed it firsthand and would soon be fighting it indeed who were already fighting it This is a story of heroism courage self sacrifice and duty in the maelstrom of war **A Lucky Survivor from a Lost Land** Armin W. Becker,2012-10 In A Lucky Survivor from a Lost Land Becker recounts his life story his birth in Germany in a town just forty five miles from the Polish border his experience of the affects of World War II and his membership in the Junior Hitler Youth He recalls scrounging for work in the mines escaping through the Iron Curtain from Soviet controlled East Germany to West Germany when he was nearly fifteen finding his dream job at sea immigrating to the United States in 1956 and working in a career in the shipping industry **Rhino Tanks and Sticky Bombs** Robert P. Wettemann,2025-06-10 Coming of age during the Great Depression the American boys who fought in World War II had through necessity developed a unique brand of technological resourcefulness This proficiency Robert P Wettemann Jr contends provided GIs with another weapon in a distinctly American way of war Rhino Tanks and Sticky Bombs is Wettemann s eminently readable account of how this hard won use it up wear it out make it do or do without mentality was critical to America s success giving servicemen the know how and can do spirit to creatively engineer solutions to wartime problems More than all the other soldiers in the conflict American servicemen grew up in a society where the machine was ubiquitous where enduring an unparalleled period of financial distress meant learning to keep their Model Ts Fordson tractors or other machinery operational Wettemann describes how this tinkerer s mentality promoted a technical aptitude and willingness to adapt unmatched by other armies fielded during World War II At the same time the US command structure demonstrated a willingness to evaluate accept and employ such efforts to improve both fighting capacity and the general comfort of US servicemen Seamlessly blending social military intellectual and technological history Rhino Tanks and Sticky Bombs weaves an engaging narrative about the roots of American ingenuity during World War II and makes a compelling case for a specific instance of American distinctiveness that proved crucial to Allied victory *Air Force Magazine* ,1991 *Five Came Back* Mark Harris,2015-02-24 One of The Hollywood Reporter s 100 Greatest Film Books of All Time One of the great works of film history of the decade Slate Now a Netflix original documentary series also written by Mark Harris the extraordinary wartime experience of five of Hollywood s most important directors all of whom put their stamp on World War II and were changed by it forever Here is the remarkable untold story of how five major Hollywood directors John Ford George Stevens John Huston William Wyler and Frank Capra changed World War II and how in turn the war changed them In a move unheard of at the time the U S government farmed out its war propaganda effort to Hollywood allowing these directors the freedom to film in combat zones as never before They were on the scene at almost every major moment of America s war shaping the public s collective consciousness of what we ve now come to call the good fight The product of five years of scrupulous archival

research *Five Came Back* provides a revelatory new understanding of Hollywood's role in the war through the life and work of these five men who chose to go and who came back World War II, the European and Mediterranean Theaters Myron J.
