complexities of family life Publishers website      *Automatic* Timothy Wientzen, 2021-08-31 A fascinating study of how behavioral science shaped twentieth century politics and the modernist literary period The advent of the twentieth century famously brought about new personal and political freedoms including radical changes in voting rights and expressions of gender and sexuality Yet writers and cultural critics shared a sense that modern life reduced citizens to automatons capable of interacting with the world in only the most reflexive ways In *Automatic* Timothy Wientzen asks why modernists were deeply anxious about the role of reflexive behaviors and the susceptibility of bodies to physical stimuli in the new political structures of the twentieth century Engaging with historical thinking about human behaviors that fundamentally changed the nature of political and literary practice Wientzen demonstrates the ways in which a politics of reflex came to shape the intellectual and cultural life of the modernist era Documenting some of the ways that modernist writers and their contemporaries mapped, harnessed and intervened in a political sphere dominated by conditioned reflexes Wientzen reads writers like D H Lawrence, Rebecca West, Wyndham Lewis and Samuel Beckett in conversation with fields that include public relations, physiology, sociology and vitalism Ultimately he justifies a reckoning with some of the most enduring preoccupations of modernist studies *Automatic* further emphasizes the role of politics and science in the aesthetic projects of modernist writers At a moment when political enfranchisement and the mass media promised new modes of freedom, agency and choice Wientzen argues that the modernist era was beset by apprehension about the conscription of liberty through the conditioning force of everyday life Analyzing such thinking through a neglected archive about embodiment and reflex reveals modernists responding to the historically novel conditions of political life in the twentieth century conditions that have become entrenched in the politics of our own century      *D.H. Lawrence: The Thinker as Poet* F. Becket, 2015-12-17 D H Lawrence *The Thinker as Poet* addresses a particular body of language and thought within Lawrence's oeuvre where the metaphorical, the poetic and the philosophical are intricately enmeshed Lawrence emerges as a writer who pulls metaphor away from its merely rhetorical moorings his distinctive style is the hallmark of one who thinks not analytically but poetically about the birth of the self, the body, unconscious, complex kinds of otherness and about metaphor itself as a mode of understanding
