International Who's Who in Poetry 2005 Europa Publications,2004 Provides up to date profiles on the careers of leading and emerging poets *British Working Class women authors (born before 1962) a list* Stefan Szczelkun ,2025-06-07 A collection of Wikipedia articles edited reformatted and with additions In chronological order References and sections on non literary activity are sometimes omitted hopefully not to the point of misrepresenting the author which might include feminist or political activism To my surprise the biographical material on Wikipedia was sometimes mesmerising although it was uneven Where there were gaps I have tried to fill them from other sources Refer back to the wikipedia articles for more context and references in some cases and if you have a verified source of information please update the Wikipedia article Wikipedia is published under a creative commons licence So this compilation also carries a creative commons licence

Introduction Looking through Sarah Richardson s *Writing on the Line* 1996 I was struck by how many of the working class women writers were from North America and how many more were poets Howard Slater had made a list of British working class male novelists and I selected British woman writers from *Writing on the Line* and found that most of them now have Wikipedia pages I first made a list of links Wanting to take this further I first looked to focus on novels and short story writers but this category started to break up as many writers wrote in many idioms producing fact fiction poetry plays screenwriting and journalism I decided on an arbitrary cut off point of writers born before 1962 When I first made the list I was thinking how few working class women novelists had been published in this period But then the lists of books by each author started to stack up and there s plenty to read and much that I missed even really hearing about Of course it focuses on the most successful others who produced a community published autobiography or self published novel did not get a Wikipedia page and they should really be included every life counts Others only published an autobiography perhaps in the last years of life but were extraordinary writers and people We could also discuss the genre snobbery in literary circles that puts crime young peoples literature romantic and fantasy fiction and perhaps historical based narratives in a lower category than the novel

International Who's Who in Poetry 2004 Europa Publications,2003 Provides up to date profiles on the careers of leading and emerging poets Women Coauthors Holly A. Laird,2000 Until recently collaborative authorship has barely been considered by scholars when it has the focus has been on discovering who contributed what and who dominated whom in the relationship and in the writing In *Women Coauthors* Holly Laird reads coauthored texts as the realization of new kinds of relationship Through close scrutiny of literary collaborations in which women writers have played central roles *Women Coauthors* shows how partnerships in writing between two women or between a woman and a man provide a paradigm of literary creativity that complicates traditional views of both author and text and makes us revise old habits of thinking about writing Focusing on the social dynamics of literary production including the conversations that precede and surround

collaborative writing *Women Coauthors* treats its coauthored texts as representations as well as acts of collaboration Holly A Laird discusses a wide array of partial and full coauthorships to reveal how these texts blur or remap often uncanny boundaries of self status race reason and culture that of the Delany sisters and Amy Hill Hearth on *Having Our Say* lesbian couples whose lives and writings were intertwined including Katherine Bradley and Edith Cooper Michael Field and Gertrude Stein and Alice B Toklas and the Native American wife and husband authors Louise Erdrich and Michael Dorris Framed in time by the feminist and abolitionist movements of the mid nineteenth century and the ongoing social struggles surrounding gender race and sexuality in the late twentieth century the partnerships and texts observed in *Women Coauthors* explore collaboration as a path toward equity both socioliterary and erotic For the authors here who collaborate most fully with each other two are much better than one

Breaking the Sequence Ellen G. Friedman, Miriam Fuchs, 2014-07-14 These nineteen essays introduce the rich and until now largely unexplored tradition of women's experimental fiction in the twentieth century The writers discussed here range from Gertrude Stein to Christine Brooke Rose and include among others Virginia Woolf Jean Rhys Jane Bowles Marguerite Young Eva Figes Joyce Carol Oates and Marguerite Duras Friedman and Fuchs demonstrate the breadth of their research first in their introduction to the volume in which they outline the history of the reception of women's experimental fiction and analyze and categorize the work not only of the writers to whom essays are devoted but of a number of others too and second in an extensive and wonderfully useful bibliography Emma Kafalenos *The International Fiction Review* After an introduction that is practically itself a monograph eighteen essayists too many of them distinguished to allow an equitable sampling take up three generations of post modernists American Literature The editors see this volume as part of the continuing feminist project of the recovery and foregrounding of women writers Friedman and Fuchs's substantive introduction excellently synthesizes the issues presented in the rest of the volume Patrick D Murphy *Studies in the Humanities* Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Redgrove's Wife Penelope Shuttle, 2006 Penelope Shuttle's latest collection *Redgrove's Wife* is a book of lament and celebration Its focus is the life and death of her husband the poet Peter Redgrove coupled with the loss of her father Here grief depression and ageing are confronted with painful directness but transformed into life affirming and redemptive poetry Other poems written over the same five year period are inspired by a wide variety of subjects from Cornish history and landscape to time weather spiders and postal regulations Some draw on myth and dream to reinvent reality while others take surprising liberties with language itself *Redgrove's Wife* offers an extraordinary range of different kinds of poetry both sensuous and ceremonial

elegiac and erotic visionary and playful Penelope Shuttle writes Despite Peter s worsening health many of the poems take as their task the search for a renewal of life during difficult circumstances How to go on loving the world which is what a poet is for when it deals you severe blows forcing you to give up much of what gives life its energy and delight My years as a carer for Peter and the sadness of witnessing his decline into frailty due to a combination of Parkinson s arthritis and diabetes were a time when I fought off depression and anger not always successfully but turned to poetry as channel for and transformer of such emotions After Peter died it was poetry that provided me with the proper consolations of human loneliness *The*
