Going Performative in Intercultural Education

John Crutchfield, Manfred Schewe, 2017-08-24 Over the last two decades drama pedagogy has helped to lay the foundations for a new teaching and learning culture one that accentuates physicality and centres on performative experience Signs of this performative turn in education are especially strong in the field of foreign second language teaching This volume introduces scholars language teachers student teachers and drama practitioners to the concept of a performative foreign language didactics Approaching the subject from a wide variety of contexts the contributors explore the extent to which performative approaches emphasising the role of the body as a learning medium can achieve deep intercultural learning Drama activities such as improvisation hot seating and tableaux are shown to create rich opportunities for intercultural encounters that transport students beyond the parameters of conventional language literature and culture education

The Arts in

Language Teaching Olivier Mentz, Micha Fleiner, 2018 If you already have a piece of music ingrained in your body why would you not play it Keith Jarrett Taking Jarrett's thought one step further one could ask If you already have a sense of play rhythm or movement ingrained in your body why would you not perform it Drawing on the transdisciplinary and hybrid nature of human communication this volume is based on the idea of a fruitful dialogue between languages aesthetic education and performing arts Scholars from all continents have contributed to this anthology a sign of the growing interest worldwide in promoting the vision of teaching and learning foreign languages with head heart hands and feet

Partnering with Student Ambassadors to Create More Inclusive Universities Ruxandra Foloștină, Clare Gartland, Albina Khasanzyanova, Ümit Çelen, 2025-05-12 Designed to promote the social and educational inclusion of disadvantaged groups and nontraditional learners this book provides all the information needed to train networks of student ambassadors to improve student diversity and inclusion in higher education Recognising that student ambassadors can play a significant role in addressing inequalities by supporting younger students in developing social and cultural capital the book uses evidence based information and best practices for training student ambassadors to enable them to promote social inclusion and educational progression Packed full of activities covering the topics of STEM the Arts the Social Sciences Humanities and Health each activity is presented in line with the United Nations Sustainable Development Goals and can be used in the training of student ambassadors themselves or in schools with students aged 11-14 to empower them to become active engaged and involved in their local communities By participating in these activities student ambassadors will be able to effectively engage with more students from disadvantaged or marginalised communities and students from these

communities will be better equipped to navigate progression routes into higher education This is a must read book for all those interested in the theory and practicalities of making their universities more inclusive with the help of student ambassadors It is a hands on resource that will be particularly useful for those higher education institutions that are interested in implementing student ambassadors as well as anyone interested in promoting social justice and challenging traditional patterns of progression to higher education *The Art of Learning and the Knowledge Tree. Toward a Cognitive Framework* Hélène Trocmé-Fabre, 2022-03-23T00:00:00+01:00 I for one am convinced that the essential role of all the educational actors through a genuine presence to each other is to enable the emergence of personal inquiry which contributes to the opening up of our learning space It also sets in motion the co actors the learner and those who accompany that learner toward a place where it is possible to actualize their own potential If inquiry is the true sap of the tree of knowledge and learning the different actors in the educational setting can no longer do without it on their own journey

Théologie pratique - Quelles formations ? Contenus, pratiques et pédagogies Christine Aulenbacher, 2020 Dans le domaine de la formation tant dans les disciplines traditionnelles de la théologie que de l'accompagnement psychopédagogique de publics adultes l'évolution de la théologie a surtout pensé à partir de ses contenus bien plus qu'à partir de ses publics Or les publics en formation aujourd'hui sont en pleine mutation La prise en compte de cette nouvelle réalité est une donnée essentielle pour la recherche en théologie pratique et en pédagogie religieuse Par ailleurs le déplacement du savoir théologique et de sa transmission des clercs vers des laïcs induit de facto un changement des approches mais également une évolution pistologique Le savoir théologique ne se conçoit plus seulement en termes de transmission de corps de doctrine s'agissant de la théologie pratique il suppose également une mise en contexte Dès lors les offres de formations théologiques et pastorales théoriques et pratiques ne devraient-elles pas être pensées à partir des demandes et des exigences des nouveaux publics
