**So You Think You Know Rock and Roll?** Peter E. Meltzer,2017-06-06 Rolling Stone magazine recently released its list of the 100 greatest albums in rock music history a period spanning more than fifty years Nearly 60 percent of those albums were released in the decade from 1965 to 1975 the golden age of classic rock This book is a wide ranging portrait of that transformative and remarkable time from the dawn of the singer songwriter era to days before disco This book is presented in a question and answer format but it is hardly a trivia book It covers such diverse topics as censorship chart phenomena album covers rock groupies manufactured bands one hit wonders rock festivals supergroups novelty songs and the Beatles All of the major figures of the 60s and 70s are here Cream CCR Jimi Hendrix Joni Mitchell Simon and Garfunkel the Who the Rolling Stones Led Zeppelin Bruce Springsteen Queen Neil Young the Eagles the Allman Brothers Lynyrd Skynyrd Stevie Wonder Elton John Linda Ronstadt Pink Floyd Billy Joel Marvin Gaye David Bowie James Taylor Carole King Aretha Franklin Lou Reed Carly Simon Laura Nyro and many others Exhaustively researched So You Think You Know Rock and Roll is filled with I never knew that moments on every page

**Copyright's Excess** Glynn Lunney,2018-04-12 For more than two hundred years copyright in the United States has rested on a simple premise more copyright will lead to more money for copyright owners and more money will lead to more original works of authorship In this important illuminating book Glynn Lunney tests that premise by tracking the rise and fall of the sound recording copyright from 1961 2015 along with the associated rise and fall in sales of recorded music Far from supporting copyright s fundamental premise the empirical evidence finds the exact opposite relationship more revenue led to fewer and lower quality hit songs Lunney s breakthrough research shows that what copyright does is vastly increase the earnings of our most popular artists and songs which net result means fewer hit songs This book should be read by anyone interested in how copyright operates in the real world

Anton,2021-08-21 In Black more precisely I investigated the contribution and the artistic merit greater or lesser of black artists 0 03% and white artists 0 05% in the production and writing of their albums The artists investigated in this report are Taylor Swift Kanye West Beyonc Kendrick Lamar Macklemore to achieve this aim I added contribution and artistic merit into one bubble of research and treated the two concepts with the same meaning then I divided the bubble into 8 points of research the second level is about using the findings from the eight points of research to offer a response to three conventional wisdom advanced by black artists and their supporters against the rules and awards offered by The Recording Academy Black in these pages there is an advanced comparative analysis of the music released by famous artists that was never done before Black also it is for future artists waiting to be discovered and what they need to expect once they are part of the music industry Second Edition July 2023 *The Rock Canon* CarysWyn Jones,2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries Chuck Berry , *Jesus Revolution* Greg Laurie, Ellen Vaughn,2018-09-04 God has always been interested in turning unlikely people into his most fervent followers Prostitutes and pagans tax collectors and tricksters The more unlikely the more it seemed to please God and to demonstrate his power might and mercy America in the 1960s and 1970s was full of unlikely people men and women who had rejected the stuffy religion of their parents generation who didn t follow the rules didn t fit in The perfect setting for the greatest spiritual awakening of the 20th century With passion and purpose Greg Laurie and Ellen Vaughn tell the amazing true story of the Jesus Movement an extraordinary time of mass revival renewal and reconciliation Setting fascinating personal stories within the context of one of the most tumultuous times in modern history the authors draw important parallels with our own time of spiritual apathy or outright hostility offering hope for the

next generation of unlikely believers and for the next great American revival Those who lived through the Jesus Revolution will find here an inspiring reminder of the times and people that shaped their lives and faith Younger readers will discover a forgotten part of recent American history and along with it a reason to believe that God is not finished with their generation

Yoko David Sheff, 2025-03-25 Illuminating and affectionate an intimate and perceptive portrait Publishers Weekly An intimate and revelatory biography of Yoko Ono from bestselling author of Beautiful Boy John Lennon once described Yoko Ono as the world's most famous unknown artist Everybody knows her name but no one knows what she does She has only been important to history insofar as she impacted Lennon Throughout her life Yoko has been a caricature curiosity and often a villain an inscrutable seductress manipulating con artist and caterwauling fraud The Lennon Beatles saga is one of the greatest stories ever told but Yoko's part has been missing hidden in the Beatles formidable shadow further obscured by flagrant misogyny and racism This definitive biography of Yoko Ono's life will change that In this book Yoko Ono takes centre stage Yoko's life independent of Lennon was an amazing journey Yoko spans from her birth to wealthy parents in pre war Tokyo her harrowing experience as a child during the war her arrival in avant garde art scene in London Tokyo and New York City It delves into her groundbreaking art music feminism and activism We see how she coped under the most intense relentless and cynical microscope as she was falsely vilified for the most heinous cultural crime imaginable breaking up the greatest rock and roll band in history This book was nearly a half century in the making In 1980 David Sheff met Yoko and John when Sheff conducted an in depth interview with them just months before John's murder In the aftermath of the killing he and Yoko became close as she rebuilt her life survived threats and betrayals and went on to create groundbreaking art and music while campaigning for peace and other causes Drawing from his experiences and interviews with her her family closest friends collaborators and many others Sheff shows us Yoko's nine decades one of the most unlikely and remarkable lives ever lived Yoko is a harrowing moving propulsive and vastly entertaining biography of a woman whose story has never been accurately told The book not only rehabilitates Yoko Ono's reputation but elevates it to iconic status **Focus On: 100**

placing him in the context of contemporary American history and culture Dylan's music and lyrics are at the center of the analysis while attention is also paid to how his image transformed as he moved from being the voice of a generation during the 1960s to becoming a bonafide rock and roll icon Readers will appreciate the book for its in depth scholarly coverage that remains readable and engaging and gain a full appreciation for Dylan's place in American history and cultural evolution
