revealing his dual identities as both Hungarian national and cosmopolitan modernist Contributors explore the artistic and socio cultural contexts of Ligeti's early works including composition and music theory the influence of East European folk music notions of home and identity his ambivalent attitude to his Hungarian past and his references to his homeland in his later music Many of the valuable insights offered profit from new research undertaken at the Paul Sacher Foundation Basel while also drawing on the knowledge of long time associates such as the composer's assistant Louise Duchesneau The contributions as a whole reveal Ligeti's thoroughly cosmopolitan milieu and values and illuminate why his music continues to inspire new generations of performers composers and listeners

György Ligeti's Le Grand Macabre: Postmodernism, Musico-Dramatic Form and the Grotesque Peter Edwards, 2016-08-05 György Ligeti's Le Grand Macabre 1974-77 revised 1996 has consolidated its position as one of the major operatic works of the twentieth century Few operas composed since the 1970s have received such numerous productions bringing the eclectic score to a global audience Famously dubbed by Ligeti as an anti anti opera the piece is a highly ambiguous apocalyptic fable about the human condition fear of death and the final judgement As the first book in English solely dedicated to discussion of this work György Ligeti's Le Grand Macabre Postmodernism Musico-Dramatic Form and the Grotesque offers new perspectives on the opera's musico-dramatic identity in the context of musical postmodernism Peter Edwards draws on a range of modernist and postmodernist theories to explore the collision of past styles and genre models in the opera its expressive states and its engagement with the grotesque This is ably supported by musical analysis and extensive study of Ligeti's sketch materials held at the Paul Sacher Foundation in Basel Edwards's analyses culminate in a new approach to examining the opera's rich multiplicities the composition of the musical material and the nature of Ligeti's relationship with the musical past This is a key reference work in the fields of musical modernism and postmodernism opera studies and the music of Ligeti
