Sheffer, 2013-01-02 In the United States miscegenation is not merely a subject of literature and popular culture It is in many ways the foundation of contemporary imaginary community The Romance of Race examines the role of minority women writers and reformers in the creation of our modern American multiculturalism The national identity of the United States was transformed between 1880 and 1930 due to mass immigration imperial expansion the rise of Jim Crow and the beginning of the suffrage movement A generation of women writers and reformers particularly women of color contributed to these debates by imagining new national narratives that put minorities at the center of American identity Jane Addams Pauline Hopkins Onoto Watanna Winnifred Eaton Mar a Cristina Mena and Mourning Dove Christine Quintasket embraced the images of the United States and increasingly the world as an interracial nuclear family They also reframed public debates through narratives depicting interracial encounters as longstanding unacknowledged liaisons between white men and racialized women that produced an incestuous mixed race nation By mobilizing the sexual taboos of incest and miscegenation these women writers created political allegories of kinship and community Through their criticisms of the nation s history of exploitation and colonization they also imagined a more inclusive future As Jolie A Sheffer identifies the contemporary template for American multiculturalism in the works of turn of the century minority writers she uncovers a much more radical history than has previously been considered *The Outside Thing* Hannah Roche, 2019-05-28 In a lecture delivered before the University of Oxford s Anglo French Society in 1936 Gertrude Stein described romance as the outside thing that is always a thing to be felt inside Hannah Roche takes Stein s definition as a principle for the reinterpretation of three major modernist lesbian writers showing how literary and affective romance played a crucial yet overlooked role in the works of Stein Radclyffe Hall and Djuna Barnes The Outside Thing offers original readings of both canonical and peripheral texts including Stein s first novel *Q E D* Things As They Are Hall s *Adam s Breed* and *The Well of Loneliness* and Barnes s early writing alongside *Nightwood* Is there an inside space for lesbian writing or must it always seek refuge elsewhere Crossing established lines of demarcation between the in and the out the real and the romantic and the Victorian and the modernist The Outside Thing presents romance as a heterosexual plot upon which lesbian writers willfully set up camp These writers boldly adopted and adapted the romance genre Roche argues as a means of staking a queer claim on a heteronormative institution Refusing to submit or surrender to the straight traditions of the romance plot they turned the rules to their advantage Drawing upon extensive archival research The Outside Thing is a significant rethinking of the interconnections between queer writing lesbian living and literary modernism *The Origin and Meaning of Courtly Love* Roger Boase, 1977
