Romanian Foreign Policy Since 1965 Aurel Braun, 1978 **Romania In The 1980s** Daniel N. Nelson, 2019-06-04 Among communist states Romania is in several respects a unique case Romania has been the only Warsaw Pact member to deviate consistently from Soviet foreign policy norms and alone within Eastern Europe to avoid oil imports from the USSR The leadership of Nicolae Ceausescu since 1965 has meanwhile governed through a studious commitment to socio economic centralization and control often reminiscent of Stalinist orthodoxy Intellectual freedom artistic liberty and workers rights have changed little relative to Poland Hungary or the transient Prague Spring Such international and domestic policy distinctions as well as a record of impressive industrial growth necessitate an effort to understand the dynamics of Romania s socio economic and political life This volume is meant to delineate trends in political social and economic life which will constitute dynamic elements for the Romanian system during the 1980s and beyond Contributors all scholars with lengthy research experience in Romania the Balkans and communist states generally have sought to identify factors likely to be influential during this and ensuing decades In that sense this is a predictive volume containing not crystal ball gazing but the careful identification and assessment of trends influencing Romanian foreign and domestic policies economic and political performance and societal transformations By suggesting elements crucial to socio economic and political change in Romania we hope to make observing this intriguing communist state somewhat less haphazard and more systematic **Military Law Review Vol. 82** , *Problems of Communism* , 1980 *Military Law Review* , 1978 **Democratic Consolidation and Europeanization in Romania** Sergiu Mişcoiu, 2021-09-07 This volume is a multi dimensional analysis of Romania s political economic cultural and societal transformation after 1989 It synthetically depicts the main stages of the processes of democratic transition and consolidation as well as the subsequent phenomena of Europeanization but also the series of more recent democratic setbacks that affected the Romanian society The overall perspective is integrative providing the reader with a balanced and complete understanding of Romania s post communist challenges without being spared of the most sensitive aspects The volume gathers the contributions of some of the most distinguished experts in different sub fields of transition studies including political systems societal transformations minority rights macro economic dynamics and foreign policy *Eastern Europe Bibliography* , 1993 A selective work that documents the formative impact of the region s earlier history Includes reference aids and bibliographies general and descriptive histories of the land peoples and economies and works depicting intellectual and cultural life *University Theses in Russian, Soviet and East European Studies, 1907-2006* Gregory Piers Mountford Walker, John Simon Gabriel Simmons, 2008 The bibliography records doctoral and selected masters theses over 3 300 in all from British and Irish universities in the field of Russian Soviet and East European studies This is broadly interpreted to include all disciplines in the humanities and social sciences as they relate to the area of Russia the former USSR and Eastern Europe Taken as a whole the work probably forms the fullest and longest record of British and

Irish postgraduate research in any sector of area studies Besides its primary function as a bibliographic tool it makes it possible to trace the effects of academic developments institutional policies and the changes in direction in this highly diversified field of study over the last hundred years Entries are arranged by subject and area supported by full author and subject indexes to aid searching Dr Gregory Walker is a former Head of Slavonic and East European Collections at the Bodleian Library University of Oxford The late John S G Simmons OBE was Senior Research Fellow and Librarian All Souls College Oxford

East Central Europe Wojciech Roszkowski, 2015-01-01 What is East Central Europe Can it be defined with any precision The question of definition is a difficult one as is usually the case concerning borderlands whose historical developments show little continuity and an uncertain identity born of the conflict between aspirations and reality It is in East Central Europe that no peace settlement is ever final no frontiers are secure and each generation must begin its work anew Is there any chance that this definition will become out of date Revolution and Change in Central and Eastern Europe Minton F.
