Romankrise Die Entstehungsgeschichte Der Modernen Romanpoetik In Deutschland:

The Oxford Handbook of the Weimar Republic Nadine Rossol, Benjamin Ziemann, 2021-12-20 The Oxford Handbook of the Weimar Republic is a multi author survey of German history from 1918 to 1933 Covering a broad range of topics in social political economic and cultural history it presents an overview of current scholarship and will help students and teachers to make sense of the contradictions and complexities of Germany s experiments with democracy and modern society in this period The contributions emphasize the historical openness of Germany s first republic which was more than just the coming of the Third Reich The thirty three chapters all written by leading experts contain information and interpretation based on cutting edge scholarship and together provides an unsurpassed panorama of the Weimar Republic **Der historische**

Prose Augustinus P. Dierick, 1987-12-15 An extreme sensitivity to gathering social crisis an accompanying angry enthusiasm for artistic experimentation and renewal this compelling mix in German art poetry and drama of the period 1910 to 1925 continues to draw both scholarly attention and intense popular interest In this book Augustinus Dierick focuses on another significant but hitherto neglected medium of German Expressionist thought short narrative prose in order to illuminate and evaluate the contribution of that genre to one of the twentieth century s most powerful artistic movements Dierick s study includes a thorough analysis of the works of a broad range of Expressionist prose writers from those of such specialists in the genre as Edschmid Heym Benn Loerke Frank Sternheim Ehrenstein and Mynona to the shorter prose works of such major figures as Alfred D blin Heinrich Mann Max Brod and Franz Werfel Dierick isolates the thematic obsessions common among Expressionist writers the pathos of the self in confrontation with nature and with God the tension between self and the institutions of bourgeois society and the attractions and dangers of eroticism Throughout Dierick stresses the interrelationship between themes and their formal expression He examines many apparent excesses in style and tone many aberrations in structure and generic characteristics and identifies them not as needless experimentation but as a necessary result of the attempt to find appropriate forms for extreme situations and complex ideas Dierick s analysis makes clear that Expressionist prose has an intrinsic artistic value and because of certain nuances and different accents must be included in any estimation of the nature and importance of Expressionism as a whole **Der moderne deutsche Schelmenroman**

Interpretationen , 2024-01-15 German Novelists of the Weimar Republic Karl Leydecker, 2006 The Weimar Republic was a turbulent and fateful time in German history Characterized by economic and political instability polarization and radicalism

the period witnessed the efforts of many German writers to play a leading political role whether directly in the chaotic years of 1918 1919 or indirectly through their works The novelists chosen range from such now canonical authors as Alfred Döblin Hermann Hesse and Heinrich Mann to bestselling writers of the time such as Erich Maria Remarque B Traven Vicki Baum and Hans Fallada They also span the political spectrum from the right wing Ernst Jünger to pacifists such as Remarque The journalistic engagement of Joseph Roth otherwise well known as a novelist and of the recently rediscovered writer Gabriele Tergit is also represented CONTRIBUTORS PAUL BISHOP ROLAND DOLLINGER HELEN CHAMBERS KARIN V GUNNEMANN DAVID MIDGLEY BRIAN MURDOCH FIONA SUTTON HEATHER VALENCIA JENNY WILLIAMS ROGER WOODS KARL LEYDECKER is Reader in German at the University of Kent *Paradigmen der Romantheorie zu Beginn des 20.
