come from all walks of life and they include writers artists politicians and musicians among others Readers will get a sense of the sacrifices made by others so we can live in the world we do today They will also learn that it takes only one person one voice to change the world *History Revealed: Digging Deeper Volume 2 Romans, Reformers, Revolutionaries* Digging Deeper,2008-06-23 To fully understand the times of world history one must understand the history of the church Author Diana Waring whisks you along through 1 700 years of church history showing God s amazing grace through it all Disc 1 The Exploding Church Explore the history of the early church including The Birth of the Church Distinctives of the Early Church Issues in the Early Church Persecutions Early Church Councils Sack of Rome Disc 2 The Church in Charge Explore the history of the medieval church including The Church of the West Roman vs Celtic Church Missionaries The Byzantines Western Politics The Great Schism Papal Power Francis of Assisi Renaissance Luther Four Streams of Reformation Reformation in France Holland Counterreformation 1600s to Wesley Great Awakening in America Revival on the Frontier

The Roman Revolution Ronald Syme,2002-08-08 The Roman Revolution is a profound and unconventional treatment of a great theme the fall of the Republic and the decline of freedom in Rome between 60 BC and AD 14 and the rise to power of the greatest of the Roman Emperors Augustus The transformation of state and society the violent transference of power and property and the establishment of Augustus rule are presented in an unconventional narrative which quotes from ancient evidence refers seldomly to modern authorities and states controversial opinions quite openly The result is a book which is both fresh and compelling **Reformers, Sport, Modernizers** J A Mangan,2013-10-11 A record of the role of selected

middle class individuals across Europe who made notable contributions to the early evolution of modern sport and who saw success in modern sport as an expression of human qualities to be admired applauded and encouraged They viewed sport sometimes self interestedly but not always self interestedly as a medium of personal collective and national virtue It is the first general consideration of a selection of these innovatory pioneers and proselytisers who placed Europe at the forefront of major developments in contemporary world sport now a phenomenon of global significance **Time to Choose** Dawn

Kazmierzak,2014-03 Hilda Gutwein the youngest of eight children born to a German farmer grew up in a war zone the Balkan States Her family lived under socialism communism and Hitler s Third Reich Eventually they were caught between two totalitarian forms of government and Hilda s father had to make a choice for his family stay and defend their homeland or leave everything behind Follow the story of Hilda s journey from a land controlled by fear and brutality to a land of freedom Moreover it s an account of unwavering faith in the One who is trustworthy and unchanging no matter what comes Through Hilda s accounts you ll gain insights about A culture headed to the default of a dictator monarch or centralized power How propaganda instills fear and a need for government protection The true role and abilities of government How censorship deceptive concepts and false ideologies can spread through media Why freedom is prized by most of the world s citizenry but is rarely obtained Beyond an inspiring account each chapter ends with a Connecting the Dots section in which you and your

family can begin to think about it transmit your values and formulate your own plans to mind the minds souls and virtues of your children your community and your nation In light of the climate of your country today where will you look for your family s future The time is now It s your turn to choose *True Tales Volume 2: Romans, Reformers, Revolutionaries* True Tales,2008-10-02 Presented in a storyteller s enthusiastic manner these accounts of people and events are supplemental to the material heard in What in the World Volume 2 This 3 CD set contains more short vignettes of history short biographies of fascinating people and short descriptions of incredible events all told in the author s internationally renowned enthusiastic and captivating style Together you will SAIL the high seas of adventure with author Diana Waring charting the vast coastlines of history and encountering its mysterious inhabitants HEAR the exploits of great European knights the diplomacy of clever Asian warriors and the technological marvels of Islam s advanced civilization TRAVEL enormous distances to an unknown shore taking the gospel of Jesus Christ to people of a different language and culture EXPERIENCE the thrill of discovery with the intrepid explorers and brilliant inventors of the Middle Ages Topics include how the Canon of New Testament Scripture was chosen and why the incredible exploits adventures and demise of Attila the Hun the life and times of Saint Columba the splendor and might of the Islamic Empire during the time of Europe s Dark Age the Byzantine Empire in its glory and strength Alfred of England the Truce of God Medieval Europe the voyages and discoveries promoted by Prince Henry the Navigator the unbelievable story of Cortez the revival and missionary movement of the Moravians Sir Isaac Newton the South Sea adventures of Captain Cook *Social Struggles in Antiquity* Max Beer,1922 **The Ultimate Guide to Homeschooling: Year 2001 Edition** Debra Bell,2000-06-11 Now even more complete with updated lists of available resource materials this manual is your access guide to home schooling maximizing our family life while providing a quality education for your children If you re considering homeschooling this book is a must read before you decide and if you ve been at it for awhile it s a fresh perspective with plenty of tactics for renewing your energy and motivating your kids With wit and wisdom gleaned from years of experience Debra Bell sets forth a compelling vision for the joys of home based learning and the essential tools for success The CD ROM contains the complete text of the book plus website links and a search engine **Guide to Collective Biographies for Children and Young Adults** Sue Barancik,2005 Help middle and high school students find the books they need for school reports quickly and easily The author has indexed the lives and accomplishments of more than 5 700 notable men and women from ancient through modern times in this tool that will aid librarians media specialists and teachers with a student s search to find biographies written especially for their age group *Roman Error* Basil Dufallo,2018 In the eyes of posterity ancient Rome is deeply flawed The list of censures is long and varied from political corruption and the practice of slavery to religious intolerance and sexual immorality yet for centuries the Romans errors have not only provoked opprobrium but also inspired wayward and novel forms of thought and representation themselves errant in the broad sense of the Latin verb This volume is the first to examine this phenomenon in

depth treating examples from history philosophy literature psychoanalysis and art history from antiquity to the present to examine how the Romans faults have become the basis for creative experimentation for rejections of prevailing ideology even for comedy and delight In demonstrating that the reception of Rome s missteps and mistakes has been far more complex than simply denouncing them as an exemplum malum to be shunned and avoided it argues compellingly that these alternative receptions are historically important and enduringly relevant in their own right Roman error comes to signify both ancient misstep and something that we may commit when engaging with Roman antiquity whereby reception may even be conceived as error of a kind while the volume ably addresses popular fascination with a wide range of Roman vices including violence imperial domination and decadence it also asks us to consider what makes certain receptions matter how they matter and why

Macrocriminology and Freedom John Braithwaite, 2022-02-15 How can power over others be transformed to power with It is possible to transform many institutions to build societies with less predation and more freedom These stretch from families and institutions of gender to the United Nations Some societies times and places have crime rates a hundred times higher than others Some police forces kill at a hundred times the rate of others Some criminal corporations kill thousands more than others Micro variables fail to explain these patterns Prevention principles for that challenge are macrocriminological Freedom is conceived in a republican way as non domination Tempering domination prevents crime crime prevention reduces domination Many believe a high crime rate is a price of freedom Not Braithwaite His principles of crime control are to build freedom temper power lift people from poverty and reduce all forms of domination Freedom requires a more just normative order It requires cascading of peace by social movements for non violence and non domination Periods of war domination and anomie cascade with long lags to elevated crime violence inter generational self violence and ecocide Cybercrime today poses risks of anomic nuclear wars Braithwaite s proposals refine some of criminology s central theories and sharpen their relevance to all varieties of freedom They can be reduced to one sentence Strengthen freedom to prevent crime prevent crime to strengthen freedom A true magnum opus Macrocriminology and Freedom is a thought provoking and generative book from one of criminology s intellectual giants John Braithwaite reaches far and wide across societies time and disciplines to advance no less than a theory of how to build a society that simultaneously reduces both domination and crime His ambitious ideas on cascades of non dominating collective efficacy and crime prevention for example and their connections to social movements and political freedom go well beyond usual criminological discourse Chock full of theoretical propositions and bold insights this a book that will keep criminologists busy for years Macrocriminology and Freedom should not just be read but better yet savoured Robert J Sampson Henry Ford II Professor of the Social Sciences Harvard University In this majestic theorisation of the relationship between crime and freedom John Braithwaite isolates the unique power of macrocriminology as a lens through which to comprehend and challenge many of the fundamental crises facing our planet Very few scholars have the breadth and overview to succeed in a

mission of this order Braithwaite does This extraordinary book is an object lesson for all who seek to understand and resist domination and the crimes of power that flow from it Penny Green Professor of Law and Globalisation Queen Mary University of London For over 40 years John Braithwaite has been a voice of wisdom hope and humanity in criminology This dazzling new book weaves together all the main themes of his influential work reanimating many of the core concepts of the discipline as well as incorporating interdisciplinary resources from south and north east and west to produce an elegant and ambitious explanatory and normative account of crime as freedom threatening domination Decentring criminal justice as the solution to crime Braithwaite shows that on a global scale the aspiration to tackle crimes ranging from interpersonal violence through corporate crimes to ecocide lies in the development of freedom enhancing power tempering institutions in the political economic and social spheres Nicola Lacey Professor of Law Gender and Social Policy London School of Economics

Macrocriminology and Freedom is a criminological epic an expansive and erudite story that sweeps across history and contexts The book is frightening in showing how cascading events can produce catastrophes from crime to environmental destruction But in the end its message is hopeful identifying pathways or normative rivers for guiding freedom from domination and crime Drawing on his distinguished career John Braithwaite has bestowed an extraordinary gift a book like other masterpieces that will yield special insights each time we take an excursion through its pages Francis T Cullen Distinguished Research Professor Emeritus University of Cincinnati In this engaging book John Braithwaite reinvigorates discussions about crime and its control While advocating a macro approach the book is punctuated not only with insights and data from smaller scale studies conducted in a range of jurisdictions but also with auto biographical vignettes The effect creates a deeply personal account of the perils of state non state and market violence and authoritarianism and the potential and indeed duty of criminologists to work towards their reduction by refocusing their efforts on explaining and tackling crime in its myriad of forms Mary Bosworth Professor of Criminology University of Oxford and Monash University John Braithwaite has had a unique influence on criminology globally In this encyclopaedic text he synthesises a wealth of criminological knowledge particularly in the sphere of anomie theory into broader debates about the nature of domination and freedom in contemporary society He defends the relevance of criminological theory while urging criminology to be activist rather than reactive and technocratic counter hegemonic rather than neutral Not for the first time John Braithwaite has challenged criminologists to construct theories that cut across micro and macro structures This book will stir debate It deserves a broad readership Harry Blagg Professor of Criminology University of Western Australia
