Romantic Staffordshire Ceramics Jeffrey B. Snyder, 1997 Ceramic dinner services housewares and tea sets decorated with finely detailed transfer prints in Romantic Staffordshire designs of the Victorian era Over 500 color photos shown with a discussion of prints produced by English potteries the manufacturers marks values guide bibliography and index

Ceramics and Globalization Neil Ewins, 2017-05-04 Neil Ewins study of the Staffordshire potteries in a period of great global change traces how ceramics production has been affected by globalisation in both familiar and unexpected ways Although many manufacturers such as Wedgwood initially moved production to cheaper labour markets in East Asia others remained in or returned to England once it became clear that outsourcing manufacturing was affecting the brand value and customer perception of their products Neil Ewins explores the complex behaviour of the UK ceramics industry using a combination of evidence from the press trade journals ceramic objects and primary interview evidence of manufacturers retailers and a ceramic designer Ewins suggests that although the surface designs of UK ceramics invariably reflect diverse cultural and stylistic influences a notion of authenticity often still resides in the place and context in which the ceramic product was originally made Overall the book argues that UK ceramics remain culturally complex because of issues of supply and demand and ties to heritage imagined or otherwise Within a context of globalization the book highlights compelling issues which have huge ramifications on UK manufacturing futures

Byron's Romantic Politics Peter Cochran, 2011-08-08 Byron exists in two incompatible dimensions as fully documented history and as romantic myth Often the myth predominates describing him as a passionate lover a staunch friend a great romantic poet a champion of the working man a loyal author to his publisher and a fighter for democracy who sacrificed his life for the Freedom of Greece This book attempts to prove that the verifiable truth often proves him to be the opposite Using letters from Byron's family friends and associates which have never been transcribed collected and sequenced before Peter Cochran argues that the poet was an unscrupulous sponger on his relatives and friends that he harboured a horror at the idea of empowering the working man had no time for democracy and despised his publisher His contempt for the Greeks is clear from everything he writes about them and his motives for going to Greece at the end of his life which Cochran analyses in more depth than they have ever been analysed before were a disturbing mixture of self indulgent fantasy and death wish Using large amounts of manuscript evidence Cochran further argues that almost all editions of Byron's writing do his style very poor service constituting not contributions to knowledge of him but additions to the obfuscating myth *Good taste, fashion, luxury: a genteel Melbourne family and their rubbish* Sarah Hayes, 2014-09-09 Melbourne grew during the 19th century from its fledgling roots into a global metropolitan centre and was home to many people from a range of social and cultural backgrounds The Martin family arrived in Melbourne in 1839 and soon established themselves at the genteel Viewbank estate near Heidelberg They were typical of the early middle class immigrants to Melbourne who brought their gentility and privilege with them to the colony The Martins spent many years at Viewbank and the physical remains they left behind provide a valuable case study for examining class negotiation in the colony through historical archaeology In this important study material culture is used to understand the unique way in which the Martin family used gentility to establish and maintain their class position Ceramic Makers' Marks Erica Gibson, 2016-06-16 Erica Gibson's comprehensive guide provides a much needed catalogue of ceramic makers marks of British French German and American origin found in North American archaeological sites Consisting of nearly 350 marks from 112 different manufacturers from the mid 19th through early 20th century this catalog provides full information on both the history of the mark and its variants as well as details about the manufacturer A set of indexes allow for searches by manufacturer location mark elements and common words used This guide will be of interest not only to historical archaeologists but material culture specialists collectors museum professionals students art historians and others interested in ceramics Romantic Moderns: English Writers, Artists and the Imagination from Virginia Woolf to John Piper Alexandra Harris, 2010-11-01 Winner of the 2010 Guardian First Book Award a groundbreaking reassessment of English cultural life in the thirties and forties In the 1930s and 1940s while the battles for modern art and modern society were being fought in Paris and Spain it seemed to some a betrayal that John

Betjeman and John Piper were in love with a provincial world of old churches and tea shops Alexandra Harris tells a different story eclectically passionately wittily urgently English artists were exploring what it meant to be alive at that moment and in England They showed that the modern need not be at war with the past constructivists and conservatives could work together and even the Bauhaus migr L szl Moholy Nagy was beguiled into taking photos for Betjeman s nostalgic An Oxford University Chest A rich network of personal and cultural encounters was the backdrop for a modern English renaissance This great imaginative project was shared by writers painters gardeners architects critics and composers Piper abandoned purist abstracts to make collages on the blustery coast Virginia Woolf wrote in her last novel about a village pageant on a showery summer day Evelyn Waugh Elizabeth Bowen and the Sitwells are also part of the story along with Bill Brandt and Graham Sutherland Eric Ravilious and Cecil Beaton *Dish* Shax Riegler,2011-01-01 As every great hostess knows the right dinner plates bring design color and drama to the table and elevate an ordinary meal into something special Dish is a visual celebration of these everyday pieces of art that have been the objects of desire of kings queens brides chefs and hostesses for centuries **Staffordshire Romantic Transfer Patterns** Petra Williams,Marguerite R. J. (Lamia; a Romance, by T. Hood.)*. William JERDAN,1852 *Joseph Conrad and the Swan Song of Romance* Katherine Isobel Baxter,2018-02-06 In the first critical study wholly devoted to Joseph Conrad s use of techniques associated with the literary tradition of romance the author argues that Conrad s engagement with the genre invigorated his work throughout his career Exploring the ways in which Conrad borrows from alludes to and subverts the tropes of romance the author suggests that Conrad s ambivalent relationship with popular forms like the adventure novel is revealed in the way he uses romance conventions to disrupt narrative expectations and make visible ethical problems with Europe s colonial project The author examines not only familiar novels like Lord Jim but also less studied works such as Romance and The Rover using Robert Miles s model of the philosophical romance to show that for Conrad romance is also philosophically engaged with issues of ideology Her study

enables a new appreciation of the ways in which Conrad continued to experiment even in his later fiction and of the ethical import of that aesthetic experimentation Archaeology of Urban America Roy S.
