Roman Berytus Linda Jones Hall,2004-06-01 Examining the numerous primary sources including inscriptions religions histories literary references legal codes and archaeological reports Linda Jones Hall presents a composite history of late antique Berytus from its founding as a Roman colony in the time of Augustus to its development into a center of legal study under Justinian The book examines all aspects of life in the city including geographical setting economic base built environment political structures religious transitions from paganism to Christianity and the self identity of the inhabitants in terms of ethnicity and occupation This volume

journeys and maritime voyages to acquire the silk spices and aromatics of the remote East Records from ancient China early India and a range of significant archaeological discoveries provide further evidence for these commercial contacts Truly global in its scope this study is the first comprehensive enquiry into the extent of this trade and its wider significance to the Roman world It investigates the origins and development of Roman trade voyages across the Indian Ocean considers the role of distant diplomacy and studies the organization of the overland trade networks that crossed the inner deserts of Arabia through the Incense Routes between the Yemeni Coast and ancient Palestine It also considers the Silk Road that extended from Roman Syria across Iraq through the Persian Empire into inner Asia and ultimately China *Julius Caesar and the Transformation of the Roman Republic* Tom Stevenson,2014-10-30 Julius Caesar and the Transformation of the Roman Republic provides an accessible introduction to Caesar s life and public career It outlines the main phases of his career with reference to prominent social and political concepts of the time This approach helps to explain his aims ideals and motives as rooted in tradition and demonstrates that Caesar s rise to power owed much to broad historical processes of the late Republican period a view that contrasts with the long held idea that he sought to become Rome s king from an early age This is an essential undergraduate introduction to this fascinating figure and to his role in the transformation of Rome from republic to empire **Eastern Han Dynasty** Hourly History,2021-08-31 If the history of the Eastern Han dynasty were limited to the accomplishments of its scholars scientists and inventors it would be a glorious saga of the innovation and creativity of the human mind Anesthesia was first used during surgical procedures in the years of the Eastern Han emperors earthquake tremors were measured and perhaps most remarkable of all a process for manufacturing paper was developed by a eunuch of the imperial court But the imperial court of the Eastern Han is also an account of the abuse of power the murder of children unfortunate enough to be placed upon the Dragon Throne the heedless reckless incompetence of emperors the malignant ambition of scheming empress dowagers and the rebellions that arose as ordinary people struggled Discover a plethora of topics such as Wang Mang the Usurper Return of the Han The Beginning of a Golden Age Emperor Huan and the Corruption of the Eunuchs The Yellow Turbans The Last Han Emperor And much more Explore the Eastern Han Dynasty a powerful era of Chinese history marked by innovation expansion and cultural achievement From the Silk Road to lasting reforms its legacy shaped imperial China Perfect for history enthusiasts and lovers of ancient civilizations Get your copy today and uncover the story of a transformative dynasty *The Syriac World* Daniel King,2018-12-12 This volume surveys the Syriac world the culture that grew up among the Syriac speaking communities from the second century CE and which continues to exist and flourish today both in its original homeland of Syria and Mesopotamia and in the worldwide diaspora of Syriac speaking communities The five sections examine the religion the material visual and literary cultures the history and social structures of this diverse community and Syriac interactions with their neighbours ancient and modern There are also detailed appendices detailing the patriarchs of the different Syriac denominations and another appendix listing useful online
