*The Exultet in Southern Italy* Thomas Forrest Kelly,1996-09-26 The Exultet rolls of southern Italy are parchment scrolls containing text and music for the blessing of the great Easter candle they contain magnificent illustrations often turned upside down with respect to the text The Exultet in Southern Italy provides a broad perspective on this phenomenon that has long attracted the interest of those interested in medieval art liturgy and music This book considers these documents in the cultural and liturgical context in which they were made and provides a perspective on all aspects of this particularly southern Italian practice While previous studies have concentrated on the illustrations in these rolls Kelly s book also looks at the particular place of the Exultet in changing ceremonial practices provides background on the texts and music used in southern Italy and inquires into the manufacture and purpose of the Exultets why they were made who owned them and how they were used     **Studies on Medieval Liturgical and Legal Manuscripts from Spain and Southern Italy** Roger E. Reynolds,2023-05-31 Though it may not be immediately obvious why articles on topics from such distantly removed areas of western Europe the Iberian peninsula and southern Italy should appear in the same volume the fourth collection by Roger Reynolds the materials covered illustrate that they are indeed closely related both in their differences and their similarities Both peninsulas had their own indigenous liturgies and music Old Spanish and Beneventan distinctive written scripts Visigothic and Beneventan and legal and theological traditions and repeatedly these worked their influence on other areas of western Europe Although there were frequent attempts by the papacy and secular rulers from the 9th to the 13th century to suppress these distinctive traditions in both areas elements of these nonetheless survived well into the 16th century and beyond Despite the differences in these traditions the articles in this volume also demonstrate through manuscript evidence the continued exchange of the distinctive customs between the Iberian peninsula and southern Italian cultures from the very early Middle Ages through the 12th century     *Reggae and Hip Hop in Southern Italy* Susanna Scarparo,Mathias Sutherland Stevenson,2018-10-10 This book explores the significance of reggae and hip hop in Southern Italy from the beginning of the 1980s to the present Focusing on groups and solo artists located predominantly in the Southern Italian regions of Apulia and

Sardinia it examines the production and distribution of their music lyrics and video clips To this end Reggae and Hip Hop in Southern Italy emphasizes the linguistic aspects of cultural marginalization as well as marginalities linked to geographical location gender and to social and political identification The authors put forward three key arguments namely that the Southern Italian transcultural and multilingual musical productions defy the cultural stereotype of the South that the musicians discussed are creating new alliances and transcultural exchanges that engage critically with the challenges and opportunities offered by globalization and that these musical productions represent one of Italy s most significant forms of creative political expression since the 1970s Reggae and Hip Hop in Southern Italy brings to light the distinctive characteristics of Italy s independent and marginal musical contexts of reggae and reggae inflected hip hop It will serve as an invaluable resource for academics and students of Italian cultural studies global studies and the politics of non hegemonic cultural production It also provides an engaging reference for those with an interest in southern Italy Apulia Sardinia the southern question and independent and popular music more generally
