These include philosophers theologians politicians and canon lawyers And third the book follows the footsteps of the man from Kues and examines various sites where he lived studied or visited Because the author has also visited many of these sites he can contribute personal observations to enliven the journey To add to the book s usefulness as a resource and reference tool each entry is followed by a bibliography containing both recent and older works The purpose of the volume is to gain a greater appreciation of Cusanus and his legacy by striving for a total view of his thought and experience instead of narrowly focusing on specific philosophical theological or intellectual ideas or certain periods of his activities in isolation from other facets of this compelling figure
