## **Romy Schneider:**

Romy Schneider Marion Hallet, 2022-03-24 The beautiful Austrian born Romy Schneider was one of Europe's most popular film stars and a cult figure from the moment she played Sissi Empress Elisabeth of Austria in the hugely popular Sissi trilogy in the mid 1950s. Although Schneider died in 1982 she continues to be one of the most popular stars in European cinema history. This book analyses her impressive career to place her within a range of European female stars particularly Germanic and French who defined cultural and ideological images of femininity on European screens. Schneider who worked and was celebrated in Austria, Germany, Hollywood and France represents a fascinating case study to explore key questions of trans-European and transnational stardom and Marion Hallet makes a valuable intervention in this growing field within star studies. Romy Schneider: A Star Across Europe shows how the representations of women stemming from Schneider's star image supported specific and shifting cultural and social agendas regarding femininity from the 1950s to the 1980s. This book explores the significance of Schneider's image both when she was working and since within Western European film culture and celebrity culture.

Romy Schneider Michael Petzel, 2004 Another book about Romy. Aren't there enough pictorials, biographies and memories already? Hasn't Romy Schneider's rollercoaster life been explored to the last detail? This luxurious illustrated volume proves this assumption wrong. It is a sensation even for ardent admirers of the great actress. This magnificent book collects gorgeous pictures of Romy's early films and unknown scenes from her private life. The photographs are mainly in color and show a brilliance never seen before as they were reproduced from the original large size negatives and diapositives. For once the pictures do not present Romy Schneider at the time of her French movies but during the first five years of her career. It is the age of Agfacolor with movies like *Sweet Frosting* and a guaranteed happy ending. Most of the pictures in this large format photo collection have never been published before. These exclusive photos were found in missing archives and film productions or donated by close friends of Romy Schneider's and also come from the famous Billy Kocian collection. This book contains color photos from the early movies *Madchenjahre einer Konigin*, *Die Deutschmeister*, *Kitty und die groe Welt*, *Robinson soll nicht sterben*, *Monpti Scampolo*, *Madchen in Uniform*, *Christine*, *Die Halbzarte*, *Ein Engel auf Erden*, *Die schone Lugnerin* and *Katja die ungekronte Kaiserin*. For the first time a period of Romy's life which has only been treated fleetingly up until now is extensively documented. The movie presentations always show the same photos; this book gives a much more complete insight into the available material. This is why the reader is able to vividly comprehend Romy's coming of age. This photo collection is topped off by accounts from people who have worked with Romy Schneider such as Fran Marischka, the son of Romy's discoverer Ernst Marischka, executive producer Willy Egger and assistant director Eva Ebner. The movies are also documented with detailed specifications as to staff and cast.

**Hermeneutic Humility and the Political Theology of Cinema** Sean Desilets, 2016-06-10 This book revisits the tradition of Western religious cinema in light of scholarship on St Paul's political theology The book's subtitle derives from the account in the Book of Acts that St Paul was temporarily blinded in the wake of his conversion on the road to Damascus In imitation of Paul the films on which Sean Desilets's analysis hinges including those of Carl Th Dreyer Robert Bresson Pier Paolo Pasolini and Carlos Reygadas place a god blind mechanism the camera between themselves and the divine Desilets calls the posture they adopt hermeneutic humility hermeneutic in that it interprets the world but humble in that it pays particular even obsessive attention to its own limits Though these films may not consciously reflect Pauline theology Desilets argues that they participate in a messianic hermeneutic tradition that runs from Paul through St Augustine Blaise Pascal Karl Barth and Walter Benjamin and which

contributes significantly to contemporary discussions in poststructuralist literary theory political theology and religious studies Desilets's insightful explication of Jean Luc Nancy's deconstruction of Christianity and Giorgio Agamben's recent work on religion makes a substantial contribution to film philosophy and emerging critical trends in the study of religion and film This book puts forward a nuanced theoretical framework that will be useful for film scholars students of contemporary political theology and scholars interested in the intersections of religion and media      **Roger Ebert's Four Star Reviews--1967-2007** Roger Ebert, 2008-02 Presents a collection of the critic's most positive film reviews of the last four decades arranged alphabetically from About Last Night to Zodiac
