Ronald Reagan The Presidential Portfolio:

Ronald Reagan Lou Cannon,2001-10 excerpts from speeches and conversations
Ronald Reagan Lou Cannon,2001-12-11 Accompanying compact disc contains president s speeches this is the story of Ronald Reagan s role in history as told by his definitive biographer and illustrated with the documents photos and artifacts from the Ronald Reagan Presidential Library Color and b w photos throughout

President Reagan Lou Cannon,2008-08-04 Hailed by the New Yorker as a superlative study of a president and his presidency Lou Cannon s President Reagan remains the definitive account of our most significant presidency in the last fifty years Ronald Wilson Reagan the first actor to be elected president turned in the performance of a lifetime But that performance concealed the complexities of the man baffling most who came in contact with him Who was the man behind the makeup Only Lou Cannon who covered Reagan through his political career can tell us The keenest Reagan watcher of them all he has been the only author to reveal the nature of a man both shrewd and oblivious Based on hundreds of interviews with the president the First Lady and hundreds of the administration s major figures President Reagan takes us behind the scenes of the Oval Office Cannon leads us through all of Reagan s roles from the affable cowboy to the self styled family man from the politician who denounced big government to the president who created the largest peace time deficit from the statesman who reviled the Soviet government to the Great Communicator who helped end the cold war

President Reagan Richard Reeves,2005-12-23 Twenty five years after Ronald Reagan became president Richard Reeves has written a surprising and revealing portrait of one of the most important leaders of the twentieth century As he did in his bestselling books President Kennedy Profile of Power and President Nixon Alone in the White House Reeves has used newly declassified documents and hundreds of interviews to show a president at work day by day sometimes minute by minute President Reagan The Triumph of Imagination is the story of an accomplished politician a bold even reckless leader a gambler a man who imagined an American past and an American future and made them real He is a man of ideas who changed the world for better or worse a man who understands that words are often more important than deeds Reeves shows a man who understands how to be President who knows that the job is not to manage the government but to lead the nation In many ways a quarter of a century later he is still leading As his vice president George H W Bush said after Reagan was shot and hospitalized in 1981 We will act as if he were here He is a heroic figure if not always a hero He did not destroy communism as his champions claim but he knew it would self destruct and hastened the collapse No small thing He believed the Soviet Union was evil and he had contempt for the established American policies of containment and détente Asked about his own Cold War strategy he answered We win They lose Like one of his heroes Franklin D Roosevelt he has become larger than life As Roosevelt became an icon central to American liberalism Reagan became the nucleus holding together American conservatism He is the only president whose name became a political creed a noun not an adjective Reaganism Reagan s ideas were so old they seemed

new He preached an individualism inspiring and cruel that isolated and shamed the halt and the lame He dumbed down America brilliantly blending fact and fiction transforming political debate into emotion driven entertainment He recklessly mortgaged America with uncontrolled military spending less taxation and more debt In focusing on the key moments of the Reagan presidency Reeves recounts the amazing resiliency of Ronald Reagan the real comeback kid Here is a seventy year old man coming back from a near fatal gunshot wound from cancer from the worst recession in American history Then in personal despair as his administration was shredded by the lying and secrets of hidden wars and double dealing he was able to forge one of history s amazing relationships with the leader of the Evil Empire That story is told for the first time using the transcripts of the Reagan Gorbachev meetings the climax of an epic story as if he were here **Ronald Reagan and**

Margaret Thatcher Nicholas Wapshott,2007-11-08 New details of the remarkable relationship between two leaders who teamed up to change history It s well known that Ronald Reagan and Margaret Thatcher were close allies and kindred political spirits During their eight overlapping years as U S president and UK prime minister they stood united for free markets low taxes and a strong defense against communism But just how close they really were will surprise you Nicholas Wapshott finds that the Reagan Thatcher relationship was much deeper than an alliance of mutual interests Drawing on extensive interviews and hundreds of recently declassified private letters and telephone calls he depicts a more complex intimate and occasionally combative relationship than has previously been revealed **The Reagan Rhetoric** Toby Glenn Bates,2011-05-17 The Reagan Rhetoric examines the extraordinary connections between President Ronald Reagan s conversations with the American people and the profound changes that swept the nation under those conversations influence Through the lens of history rhetoric and memory Bates work draws connections between the style manner and consistency of Reagan s oratory and the social and cultural settings in which it played so vital a role Specifically focusing on the 1980 Neshoba County Mississippi Campaign visit the popular culture memory of the Vietnam War and the controversy of Iran Contra this book illustrates Reagan s sweeping ability to change how Americans thought about themselves their past and their politics By concluding with an examination of media coverage of Reagan s 2004 death Bates reveals that certain interpretations Reagan rhetorically offered during his presidency had become an accepted collective memory for millions of Americans In death as in life Reagan had the last word Through extensive archival research the careful examination of well known and obscure 1980s print media and popular culture as well as new interviews Bates challenges the prevailing Reagan historiography and provides a thoughtful reality check on some of the traditional views of his eight years in the Oval Office The Reagan Rhetoric offers new and important contributions to Reagan studies that will appeal to scholars of the 40th president This look at the 1980s will be of great interest to the growing number of historians studying that decade

Ronald Reagan and His Quest to Abolish Nuclear Weapons Paul Lettow,2006-02-14 In Ronald Reagan and His Quest to Abolish Nuclear Weapons Paul Lettow explores the depth and sophistication of President Ronald Reagan s commitment to ridding humankind permanently of the threat of nuclear war Lettow s narrative spans the start of Reagan s presidency and the 1986 Reykjav k summit between Reagan and Soviet leader Mikhail Gorbachev during which America s Strategic Defense Initiative SDI was a defining issue Lettow reveals SDI for what it was a full on assault against nuclear weapons waged as much through policy as through ideology While cabinet members and advisers played significant roles in guiding American defense policy it was Reagan himself who presided over every element large and small of this paradigm shift in U S diplomacy Lettow conducted interviews with several former Reagan administration officials and he draws upon the vast body of declassified security documents from the Reagan presidency much of what he quotes from these documents appears publicly here for the first time The result is the first major work to apply such evidence to the study of SDI and superpower diplomacy This is a survey that doesn t merely add nuance to the existing record but revises our very understanding of the Reagan presidency

Governor Reagan Lou Cannon,2009-04-27 In Governor Reagan Lou Cannon offers through recent interviews and research drawn from his unique access to the cabinet minutes of Reagan s first years as governor of California a fresh look at the development of a master politician At first Reagan suffered from political amateurism an inexperienced staff and ideological blind spots But he quickly learned to take the measure of the Democrats who controlled the State Legislature and

surprised friends and foes alike by agreeing to a huge tax increase which made it possible for him to govern for eight years without additional tax hikes He developed an environmental policy that preserved the state s scenic valleys and wild rivers and he signed into law what was then the nation s most progressive declaration on abortion rights His quixotic 1968 presidential campaign revealed his higher ambitions to the world and taught him how much he had to learn about big league politics Written by the definitive biographer of Ronald Reagan this new biography is a classic study of a fascinating individual s evolution from a conservative hero to a national figure whose call for renewal stirred Republicans working class Democrats and independents alike *Ronald Reagan: Quotes and Quips* David Stanford Burr,2015-10-09 Enjoy this collection of Reagan s greatest stories quotes and jokes from his presidency Perfect for any fan of politics or great presidents **Citizen Hollywood** Timothy Stanley,2014-05-13 To most Americans Hollywood activism consists of self obsessed movie stars promoting their pet causes whether defending marijuana legalization or Second Amendment rights There s some truth in that stereotype and in this book you ll find the close personal friends of Fidel Castro the wannabe cowboys and the ever ubiquitous Barbra Streisand But Citizen Hollywood makes a far more serious case that Hollywood s influence in Washington runs deeper and affects the country s government more than most of us imagine Celebrity activism exerts a subtle power over the American political process and that pressure is nothing new Through money networking and image making the movie industry has shaped the way that politics works for nearly a century It has helped to forge a culture that is obsessed with celebrity and spectacle In return politicians have become part of the fabric of Hollywood society and cater to the wishes of their new found friends and fund raisers Using original archival research and exclusive interviews with stars directors producers and politicians from both parties Timothy Stanley s Citizen Hollywood shows that the only way to understand the image obsessed volatile politics of modern America is to understand the hidden history of Hollywood s influence on Washington Ronald Reagan United States.
