Fairy-Tale Films Beyond Disney Jack Zipes, Pauline Greenhill, Kendra Magnus-Johnston, 2015-09-16 The fairy tale has become one of the dominant cultural forms and genres internationally thanks in large part to its many manifestations on screen Yet the history and relevance of the fairy tale film have largely been neglected In this follow up to Jack Zipes s award winning book The Enchanted Screen 2011 Fairy Tale Films Beyond Disney offers the first book length multinational multidisciplinary exploration of fairy tale cinema Bringing together twenty three of the world s top fairy tale scholars to analyze the enormous scope of these films Zipes and colleagues Pauline Greenhill and Kendra Magnus Johnston present perspectives on film from every part of the globe from Hayao Miyazaki s Spirited Away to Jan van Kmajer s Alice to the transnational adaptations of 1001 Nights and Hans Christian Andersen Contributors explore filmic traditions in each area not only from their different cultural backgrounds but from a range of academic fields including criminal justice studies education film studies folkloristics gender studies and literary studies Fairy Tale Films Beyond Disney offers readers an opportunity to explore the intersections disparities historical and national contexts of its subject and to further appreciate what has become an undeniably global phenomenon [Historical Dictionary of Scandinavian Cinema](#) John Sundholm, Isak Thorsen, Lars Gustaf Andersson, Olof Hedling, Gunnar Iversen, Birgir Thor Møller, 2012-09-20 Although relatively small the

northern countries of Scandinavia have made a disproportionately large contribution to world cinema. Indeed some of their films are among the best known of all times including *The Seventh Seal*, *Dancer in the Dark* and *The Girl with the Dragon Tattoo*. And Scandinavian directors are also among the best known just to mention Ingmar Bergman and Lars von Trier. But there is much more to the cinema of Denmark, Norway, Sweden, Finland and Iceland than that and this book shows us what they have been accomplishing over more than a century from the beginnings of cinema until the present. *The Historical Dictionary of Scandinavian Cinema* shows just how long and busy this history has been in the chronology starting in 1896. The introduction then describes the situation in each one of the component countries all of which approached and developed the field in a similar but also slightly different manner. The dictionary section with over 400 substantial entries looks at the situation in greater detail with over 400 substantial entries on major actors, directors and others, significant films, various genres and themes and subjects such as animation, ethnicity, migration and censorship. Given its contribution to world cinema it is good to finally have an encyclopedia like this which can meet the interests of the scholar and researcher but also the movie fan.

A History of Swedish Literature Lars G. Warming, 1996-01-01 Volume 3 **Nordic National Cinemas** Gunnar Iversen, Astrid Söderbergh Widding, Tytti Soila, 2005-07-19 *Nordic National Cinemas* explores the film histories and cultures of Denmark, Finland, Norway, Iceland and Sweden. The authors trace the twentieth century development of each country's domestic film production and audiences. *Beyond Pippi Longstocking* Bettina Kümmerling-Meibauer, Astrid Surmatz, 2011-05-09 Astrid Lindgren, author of the famed *Pippi Longstocking* novels, is perhaps one of the most significant children's authors of the last half of the twentieth century. In this collection contributors consider films, music and picturebooks relating to Lindgren in addition to the author's reception internationally. Touching on everything from the Astrid Lindgren theme park at Vimmerby, Sweden, to the hidden folk songs in Lindgren's works to the use of nostalgia in film adaptations of Lindgren's novels, this collection offers an important international and intermedial portrait of Lindgren research today. *The Oxford Companion to Fairy Tales* Jack Zipes, 2015-09-10 In over 1 000 entries this acclaimed Companion covers all aspects of the Western fairy tale tradition from medieval to modern under the guidance of Professor Jack Zipes. It provides an authoritative reference source for this complex and captivating genre, exploring the tales themselves, the writers who wrote and reworked them and the artists who illustrated them. It also covers numerous related topics such as the fairy tale and film, television, art, opera, ballet, the oral tradition, music, advertising, cartoons, fantasy literature, feminism and stamps. First published in 2000, 130 new entries have been added to account for recent developments in the field including J K Rowling and Suzanne Collins and new articles on topics such as cognitive criticism and fairy tales, digital fairy tales, fairy tale blogs and websites and pornography and fairy tales. The remaining entries have been revised and updated in consultation with expert contributors. This second edition contains beautifully designed feature articles highlighting countries with a strong fairy tale tradition covering Britain and Ireland, France, Germany, Italy, Japan, North America and Canada, Portugal.

Scandinavian countries Slavic and Baltic countries and Spain It also includes an informative and engaging introduction by the editor which sets the subject in its historical and literary context A detailed and updated bibliography provides information about background literature and further reading material In addition the A to Z entries are accompanied by over 60 beautiful and carefully selected black and white illustrations Already renowned in its field the second edition of this unique work is an essential companion for anyone interested in fairy tales in literature film and art and for anyone who values the tradition of storytelling Our Mythical Childhood... The Classics and Literature for Children and Young Adults, 2016-11-01 In *The Classics and Children's Literature between West and East* a team of contributors from different continents offers a survey of the reception of Classical Antiquity in children's and young adults literature by applying regional perspectives In Garageland Johan Fornäs, Ulf Lindberg, Ove Sernhede, 2014-04-04 Seeking to understand youth culture through its visual and musical expression *In Garageland* presents a pioneering ethnographic study of rock bands and their fans Topics include class as well as sexual conflicts mainstream and deviant subcultures and the complex social psychological and ethical relationships which exist within youth culture *In Garageland* develops the notion of youth culture research as a way of mirroring our grown up identities and of staking out the limits of late modern culture in general
