The Concubine Elechi Amadi, 2017-04-26 Amadi's masterpiece of African literature captures village life and practices not yet touched by the white man. The novel's beautiful hardworking protagonist Ihouma is admired by all in her village. Yet those who express their love for her meet with mysterious tragedy leaving her devastated. This enticing odyssey where exemplary attributes go unrewarded and the boundaries between myth and reality are muted outwits readers with unexpected twists that make them want to keep turning the page.

Reason and Value: Themes from the Moral Philosophy of Joseph Raz R. Jay Wallace, Philip Pettit, Samuel Scheffler, Michael Smith, 2004-03-04 Reason and Value collects 15 new papers by leading contemporary philosophers on themes from the work of Joseph Raz. Raz has made major contributions in a wide range of areas including jurisprudence, political philosophy and the theory of practical reason, but all of his work displays a deep engagement with central themes in moral philosophy. The subtlety and power of Raz's reflections on ethical topics make his writings a fertile source for anyone working in this area. Especially significant are his explorations of the connections between practical reason and the theory of value which constitute a sustained and penetrating treatment of a set of issues at the very center of moral philosophy as it is practiced today. The contributors to the volume acknowledge the importance of Raz's contributions by engaging critically with his positions and offering independent perspectives on the topics that he has addressed. The volume aims both to honour Raz's accomplishments in the area of ethical theorizing and to contribute to an enhanced appreciation of the significance of his work for the subject.
