Room At The Top 188:

Double Feature Glenn Wolfe, 2008-03 After a film director dies in a mysterious fire there is more than one side to the story of his life Movie director Leland Granger sought acclaim his entire life but only achieved his goal after his death His sole feature film is released posthumously and his daughter Debby pens a biography to establish her father's status as an auteur despite the efforts of those she contends who undermined him However Leland's longtime friend Paul Garvey sees things differently Paul levies his judgment upon the biography while sharing his perspective on the man he had known since college when he was just the asthmatic eccentric Leon Grossman from Milwaukee While Debby's sensationalist pretentious tell all *The Celluloid Umbilical* is widely panned and revealed to be largely fictional Paul provides particular insight into her flights of fancy having been present at many of the events she describes His motive in debunking Debby's book isn't simply devotion to the truth or his friend's memory he's defending himself and others against the character assassination she undertakes which goes so far as to implicate him in the fire that killed her parents The narrative is a deliciously sarcastic tale packed with Hollywood history told from an insider's viewpoint but the language is often too clever for its own good Wolfe throws himself wholeheartedly into his novel's conceit even supplying numerous footnotes citing Debby's fictional biography and those of other figures involved as well as an index But the meta-fictional premise which brings Paul Auster to mind isn't quite sufficient enough to sustain the reader's interest for 300 pages The book ultimately ends with an unsatisfying whimper Adding to the post-modern resonance *Double Feature* has been published posthumously Wolfe a longtime Hollywood writer died in 2007 A Hollywood whodunit told in compelling if at times verbose style Kirkus Discoveries [Room at the Top](#) Ruth

Multiple Normalities B. Misztal, 2015-04-29 Multiple Normalities enhances sociological understandings of normality by illustrating it with the help of British novels It demonstrates commonalities and differences between the meanings of normality in these two periods exemplifying the emergence of the multiple normalities and the transformation of ways in which we give meaning to the world [Best of British](#) Jeffrey Richards, Anthony Aldgate, 1999-12-31 The new revised and expanded paperback edition of this widely used textbook for film history brings up to date its authors' demonstration of how a

close study of films in their historical and cultural settings can enrich our understanding of both cinema and historical events. It introduces three new chapters: one focusing on 'The Blue Lamp' and changes in cinema's depiction of the police from that key 1949 film up to the 1960s; another on the British New Wave centring on 'The Loneliness of the Long Distance Runner'; and a third which starting from 'Scandal' and its recreation of the 1960s Profumo scandal goes on to examine the retro fashion for covering crimes of the 1940s, 50s and 60s in films of the 1980s like 'Let Him Have It', 'Dance with a Stranger' and 'Chicago Joe and the Showgirl'. This edition has a new accessible format and provides a valuable Resource Section for teachers, students and scholars.

A Particular Kind of Black Man Tope Folarin, 2020-08-11 One of Time's 32 Books You Need to Read This Summer An NPR Best Book of 2019 An electrifying Publishers Weekly debut novel from Rhodes Scholar and winner of the Caine Prize for African Writing about a Nigerian family living in Utah and their uneasy assimilation to American life. Living in small town Utah has always been an uncomfortable fit for Tunde Akinola's family, especially for his Nigeria-born parents. Though Tunde speaks English with a Midwestern accent, he can't escape the children who rub his skin and ask why the black won't come off. As he struggles to fit in, he finds little solace from his parents who are grappling with their own issues. Tunde's father, ever the optimist, works tirelessly chasing his American dream while his wife, lonely in Utah without family and friends, sinks deeper into schizophrenia. Then one otherwise ordinary morning, Tunde's mother wakes him with a hug, bundles him and his baby brother into the car, and takes them away from the only home they've ever known. But running away doesn't bring her or her children any relief; once Tunde's father tracks them down, she flees to Nigeria, and Tunde never feels at home again. He spends the rest of his childhood and young adulthood searching for connection to the wary stepmother and stepbrothers he gains when his father remarries to the Utah residents who mock his father's accent, to evangelical religion, to his Texas middle school's crowd of African Americans, to the fraternity brothers of his historically black college. In so doing, he discovers something that sends him on a journey away from everything he has known. Sweeping, stirring, and perspective-shifting, A Particular Kind of Black Man is wild, vulnerable, lived. A study of the particulate self, the self as a constellation of moving parts. The New York Times Book Review

The Story of Hollywood Gregory Paul Williams, 2005 Before the film industry arrived, Hollywood was filled with quaint bungalows, millionaires' estates, and churches dedicated to teetotalism. Movies shattered Hollywood's tranquillity and brought wealth, fame, and glamorous movie stars. The giants of the movie industry invented klieg-lighted movie premieres and the Academy Awards in Hollywood. Go beyond the star-studded surface to the district's days of union-busting gangsters and scandal foreshadowing Hollywood's seedy decline. The book concludes with Hollywood's redevelopment that continues today. The book features the famous faces and places that made the town legendary, offering a unique perspective on celebrity nightlife and the behind-the-scenes stories of day-to-day life. Lavishly illustrated with over 800 vintage images from the author's private collection, The Story of Hollywood brings new insights to readers with a passion for Hollywood and its place in the history of film, radio, and television. *Film Histories*
