**Rent Regulation for Hotels and Rooming Houses** United States. Office of Price Administration, 1943 Rent Regulation for Hotels and Rooming Houses, 1943 The Laws of Innkeepers John E. H. Sherry, 1993 Here is the new completely updated and expanded edition of the indispensable handbook used throughout the hospitality industry since The Laws of Innkeepers first appeared in 1972 Containing all the legal information essential to the successful operation of modern hotels motels inns bed and breakfasts clubs restaurants and resorts the book has been extensively revised by John E H Sherry to accomodate the far reaching changes that have occurred since the publication of the revised edition in 1981 Sherry a practicing lawyer and professor of hotel administration carries over from the highly praised earlier editions detailed information on the rights and responsibilities of host and guest alike He cites actual cases ranging from the amusing and the bizarre to the tragic as examples and spells out in precise and readily understandable terms exactly what state and federal law says Broadening the scope of the book to keep up with recent legal developments the author includes many new case decisions and summaries from various jurisdictions Three chapters devoted to employment law environmental law and land use and catastrophic risk liability are among the highlights of the new material These new sections present recent rulings and case law on such timely topics as age disability and AIDS discrimination as well as sexual harassment government regulation of toxic and hazardous substances and hotel and resort development and acts of God and the Public Enemy and terrorism **Housing and Dwelling** Barbara Miller Lane, 2006-11 A collection of thought provoking essays on the changing face of domestic architecture over two centuries highlighting the wide range of source materials and theoretical perspectives available to scholars of architectural history **APHA-PHS Recommended Housing Maintenance and Occupancy Ordinance** American Public Health Association. Subcommittee on Housing Regulations and Standards, 1967 *East/West* Mark Fram, Nancy Byrtus, Michael McClelland, Society for the Study of Architecture in Canada, 2000 Let's say you want to know which famous Canadian poet lived in the Waverley Hotel for seven years constantly changing rooms in fear of RCMP bugs Or you live at 44 Walmer and want to know what on earth they were thinking with those balconies Or you want to know what's behind or underneath that giant O hanging over Harbord at Spadina These things were troubling us too so we assembled *East West A Guide to Where People Live in Downtown Toronto* *East West* is a guided tour of old stories and fresh perspectives on the architecture and planning of housing and urban development in central Toronto including both success stories and perennial problems With specially prepared maps and over 120 photos and essays written by 65 of our best architects historians and planners exploring the history and development of neighbourhoods and of the individual buildings within them *East West* is a portrait of Toronto like no other *East West* is not your average city guide It'll take you down alleyways you've never heard of show you buildings you've never seen offer you that bit of history you've never been able to access It tells you how Toronto has tried to house the homeless over the years how the waterfront evolved or devolved

depending on how you look at it and the character of different neighbourhoods has changed From Annex abodes to Rosedale residences this book will introduce you to a Toronto you only thought you knew Press Releases United States. Office of Price Administration,1942 **Poor Housing** Josh Brandon,Jim Silver,2017-01-18T00:00:00Z Across Canada there is a severe shortage of decent quality housing that is affordable to those with low incomes and much of the housing that is available is inadequate even appalling The poor condition of housing for those below the poverty line adds to the weight of the complex poverty they already endure which includes worsening health adversely affected education and neighbourhoods that are more prone to crime and violence Using Winnipeg Manitoba as an example Poor Housing examines the real life circumstances of low income people who are forced to live in these conditions Contributing authors examine some of the challenges faced by low income people in poor housing including difficulties with landlords who abuse their power bedbugs racism and discrimination and a wide range of other social and psychological effects Other selections consider the particular housing problems faced by Aboriginal people and by newcomers to Winnipeg as well as the challenges faced by individuals living in rooming houses A central theme in the collection is that the private for profit housing market cannot meet the housing needs of low income Canadians and therefore governments must intervene and provide subsidies But all levels of government have shown a consistent unwillingness to invest in decent housing for low income people The irony is that the social costs of poor housing and the complex poverty of which it is a part are almost certainly greater than the costs of investing in subsidized social housing and related anti poverty measures Finally the authors describe a number of creative and successful housing strategies for low income people in Winnipeg including Aboriginal housing co ops a revitalized 1960s style public housing complex and a highly creative repurposing of an inner city church into supported social housing In these successful cases communities and governments have worked cooperatively to good effect *General Statutes of Kansas, 1915* Kansas,Richard Edgar McIntosh,1922 **Oklahoma Reports** Oklahoma. Supreme Court,1925 *OPA*. United States. Office of Price Administration,1942 **Biennial Report of the Bureau of Labor Statistics of the State of Colorado** Colorado. Bureau of Labor Statistics,1916 Biennial Report Colorado. Bureau of Labor Statistics,1916 **The Pacific Reporter** ,1927 **APHA-CDC Recommended Housing Maintenance and Occupancy Ordinance** Center for Disease Control,1975 *Living Downtown* Paul Groth,2023-11-15 From the palace hotels of the elite to cheap lodging houses residential hotels have been an element of American urban life for nearly two hundred years Since 1870 however they have been the target of an official war led by people whose concept of home does not include the hotel Do these residences constitute an essential housing resource or are they as charged a public nuisance *Living Downtown* the first comprehensive social and cultural history of life in American residential hotels adds a much needed historical perspective to this ongoing debate Creatively combining evidence from biographies buildings and urban neighborhoods workplace records and housing policies Paul Groth provides a definitive analysis of life in four price differentiated types of downtown residence He

demonstrates that these hotels have played a valuable socioeconomic role as home to both long term residents and temporary laborers Also the convenience of hotels has made them the residence of choice for a surprising number of Americans from hobo author Boxcar Bertha to Calvin Coolidge Groth examines the social and cultural objections to hotel households and the increasing efforts to eliminate them which have led to the seemingly irrational destruction of millions of such housing units since 1960 He argues convincingly that these efforts have been a leading contributor to urban homelessness This highly original and timely work aims to expand the concept of the American home and to recast accepted notions about the relationships among urban life architecture and the public management of residential environments From the palace hotels of the elite to cheap lodging houses residential hotels have been an element of American urban life for nearly two hundred years Since 1870 however they have been the target of an official war led by people whose concept of home
