Culture, Politics, and the Making of the Railroad Brotherhoods, 1863-1916 Paul Michel Taillon, 1997 Workers and Canadian History Gregory S. Kealey, 1995 This collection of twelve essays by Gregory Kealey will be of great interest to students and scholars of Canadian history labour history Marxist and socialist theory and history and political science

Working People of Philadelphia, 1800-1850 Bruce Laurie, 1980 Looks at the contours of working class cultures in antebellum Philadelphia Playing for Keeps Warren Jay Goldstein, 2014-03-26 In the late 1850s organized baseball was a club based fraternal sport thriving in the cultures of respectable artisans clerks and shopkeepers and middle class sportsmen Two decades later it had become an entertainment business run by owners and managers depending on gate receipts and the increasingly disciplined labor of skilled player employees *Playing for Keeps* is an insightful in depth account of the game that became America's premier spectator sport for nearly a century Reconstructing the culture and experience of early baseball through a careful reading of the sporting press baseball guides and the correspondence of the player manager Harry Wright Warren Goldstein discovers the origins of many modern controversies during the game's earliest decades The 20th Anniversary Edition of Goldstein's classic includes information about the changes that have occurred in the history of the sport since the 1980s and an account of his experience as a scholarly consultant during the production of Ken Burns's *Baseball* *Ghetto Schooling* Jean Anyon, 1997-09-19 In this disturbing but ultimately hopeful personal account Jean Anyon provides compelling evidence that the economic and political devastation of America's inner cities has robbed schools and teachers of the capacity to successfully implement current strategies of educational reform She argues that without fundamental change in government and business policies and the redirection of major resources back into the schools and the communities they serve urban schools are consigned to failure and no effort at raising standards improving teaching or boosting achievement can occur Based on her participation in an intensive four year school reform project in the Newark New Jersey public schools the author vividly captures the anguish and anger of students and teachers caught in the tangle of a failing school system *Ghetto Schooling* offers a penetrating historical analysis of more than a century of government and business policies that have drained the economic political and human resources of urban populations Provocative and controversial this book reveals the historical roots of the current crisis in ghetto schools and what must be done to reverse the downward spiral **Playing for Keeps** Warren Goldstein, 2009-03-12 The 20th anniversary edition of Warren Goldstein's history of baseball's early decades and the roots of the game's modern controversies *Great Expectations* Elaine Tyler May, 1983-02-15 During the late nineteenth and early twentieth centuries the divorce rate in the United States rose by a staggering 2 000 percent To understand this dramatic rise Elaine Tyler May studied over one thousand detailed divorce cases She found that contrary to common assumptions divorce was not simply a by product of women's increasing economic and sexual independence or a rebellion against marriage Rather thwarted hopes for fulfillment in the public sphere drove

both men and women to wed at a greater rate and to bring higher expectations to their marriages The Carriage Trade Thomas A. Kinney, 2004-10-13 Co Winner of the 2005 Hagley Business History Book Prize given by the Business History Conference In 1926 the Carriage Builders National Association met for the last time signaling the automobile's final triumph over the horse drawn carriage Only a decade earlier carriages and wagons were still a common sight on every Main Street in America In the previous century carriage building had been one of the largest and most dynamic industries in the country In this sweeping study of a forgotten trade Thomas A Kinney extends our understanding of nineteenth century American industrialization far beyond the steel mill and railroad The legendary Studebaker Brothers Manufacturing Company in 1880 produced a hundred wagons a day one every six minutes Across the country smaller factories fashioned vast quantities of buggies farm wagons and luxury carriages Today if we think of carriage and wagon at all we assume it merely foreshadowed the automobile industry Yet the carriage industry epitomized a batch work approach to production that flourished for decades Contradicting the model of industrial development in which hand tools small firms and individual craftsmanship simply gave way to mechanized factories the carriage industry successfully employed small scale business and manufacturing practices throughout its history The Carriage Trade traces the rise and fall of this heterogeneous industry from the pre industrial shop system to the coming of the automobile using as case studies Studebaker the New York based luxury carriage maker Brewsters and dozens of smaller firms from around the country Kinney also explores the experiences of the carriage and wagon worker over the life of the industry Deeply researched and strikingly original this study contributes a vivid chapter to the story of America's industrial revolution *America, History and Life*, 1981 **Class Formation and Residential Differentiation During the Transition from Handicraft Production to Modern Industry** Mark Gordon Garner, 1981 **LLT**, 1981 *American Book Publishing Record*, 1978 *Canadian Labour History* David Jay Bercuson, 1987 **Weekly Record**, 1978 *Roots of the American Working Class* Susan E. Hirsch, 1978 A London Bibliography of the Social Sciences British Library of Political and Economic Science, 1931 Vols 1-4 include material to June 1 1929 **The Emergence of the American Working Classes** Mary Ellen Freifeld, 1980
