## Roots Of Unbelief:

**Roots of Unbelief** James D. Bales, 1948      *The roots of unbelief* James D. Bales, 1948      **The Cambridge History of Atheism** Michael Ruse, 2021-09-16 The two volume Cambridge History of Atheism offers an authoritative and up to date account of a subject of contemporary interest Comprised of sixty essays by an international team of scholars this History is comprehensive in scope The essays are written from a variety of disciplinary perspectives including religious studies philosophy sociology and classics Offering a global overview of the subject from antiquity to the present the volumes examine the phenomenon of unbelief in the context of Christian Islamic Buddhist Hindu and Jewish societies They explore atheism and the early modern Scientific Revolution as well as the development of Charles Darwin s theory of evolution and its continuing implications The History also includes general survey essays on the impact of scepticism agnosticism and atheism as well as contemporary assessments of thinking Providing essential information on the nature and history of atheism The Cambridge History of Atheism will be indispensable for both scholarship and teaching at all levels      **The Routledge Companion to Humanism and Literature** Michael Bryson, 2022-03-30 The Routledge Companion to Humanism and Literature provides readers with a comprehensive reassessment of the value of humanism in an intellectual landscape Offering contributions by leading international scholars this volume seeks to define literature as a core expressive form and an essential constitutive element of newly reformulated understandings of humanism While the value of humanism has recently been dominated by anti humanist and post humanist perspectives which focused on the flaws and exclusions of previous definitions of humanism this volume examines the human problems dilemmas fears and aspirations expressed in literature as a fundamentally humanist art form and activity Divided into three overarching categories this companion will explore the histories developments debates and contestations of humanism in literature and deliver fresh definitions of the new humanism for the humanities This focus aims to transcend the boundaries of a world in which human life is all too often defined in terms of restrictions political economic theological intellectual and lived in terms of obedience conformity isolation and fear The Routledge Companion to Humanism and Literature will provide invaluable support to humanities students and scholars alike seeking to navigate the relevance and resilience of humanism across world cultures and literatures      **The Encyclopedia of Unbelief** Gordon Stein, 1985 Presents a survey of the varieties of agnosticism atheism free thought humanism skepticism and unbelief as they have appeared historically and on the contemporary scene This book collects biographies of the men and women associated with free thought including Charles Bradlaugh and Annie Besant in England and Voltaire and Diderot in France      **Fifty Key Thinkers on History** Marnie Hughes-Warrington, 2014-09-04 Fifty Key Thinkers on History is an essential guide to the most influential historians theorists and philosophers of history The entries offer comprehensive coverage of the long history of historiography ranging from ancient China Greece and Rome through the Middle Ages to the contemporary world This third edition has been updated throughout and features new entries on Machiavelli Ranajit Guha

William McNeil and Niall Ferguson Other thinkers who are introduced include Herodotus Bede Ibn Khaldun E H Carr Fernand Braudel Eric Hobsbawm Michel Foucault Edward Gibbon Each clear and concise essay offers a brief biographical introduction a summary and discussion of each thinker s approach to history and how others have engaged with it a list of their major works and a list of resources for further study

**The Soul of Doubt** Dominic Erdozain,2015-08-31 It is widely assumed that science is the enemy of religious faith The idea is so pervasive that entire industries of religious apologetics converge around the challenge of Darwin evolution and the secular worldview This book challenges such assumptions by proposing a different cause of unbelief in the West the Christian conscience Tracing a history of doubt and unbelief from the Reformation to the age of Darwin and Karl Marx Dominic Erdozain argues that the most powerful solvents of religious orthodoxy have been concepts of moral equity and personal freedom generated by Christianity itself Revealing links between the radical Reformation and early modern philosophers such as Baruch Spinoza and Pierre Bayle Erdozain demonstrates that the dynamism of the Enlightenment including the very concept of natural reason espoused by philosophers such as Voltaire was rooted in Christian ethics and spirituality The final chapters explore similar themes in the era of Darwin and Marx showing how moral revolt preceded and transcended the challenges of evolution and scientific materialism in the unseating of religious belief The picture that emerges is not of a secular challenge to religious faith but a series of theological insurrections against divisive accounts of Christian orthodoxy

*The Roots of Unbelief* William J. O'Malley,1976 [Atheism and Agnosticism](#) Peter A. Huff,2021-09-01 An overview essay and approximately 50 alphabetically arranged reference entries explore the background and significance of atheism and agnosticism in modern society This is the age of atheism and agnosticism The number of people living without religious belief and practice is quickly and dramatically rising Some experts call nonreligion after Christianity and Islam the third largest religion in the world today Understanding the origins history variations and impact of atheism and agnosticism is crucial to getting a grasp of the meaning of the present and gaining a glimpse of the future Exploring some of the most extraordinary people events and ideas of all time this book provides a fair comprehensive and engaging survey of all aspects of contemporary atheism and agnosticism An overview essay discusses the background and social and political contexts of unbelief while a timeline highlights key events Some 50 alphabetically arranged reference entries follow with each providing fundamental objective information about particular topics along with cross references and suggestions for further reading The volume closes with an annotated bibliography of the most important resources on atheism and agnosticism

*A Handbook on the Jewish Roots of the Gospels* Craig Evans,David Mishkin,2022 A survey of the historical theological and practical issues of reading the Gospels as Jewish literature Includes over thirty articles by well known experts on current topics relating to Jesus and the Gospels in light of new developments in archaeology ancient texts and Jewish society in late antiquity

**Slaying the Dragons** Allan Chapman,2013-03-07 In *Slaying the Dragons* professor and member of the Faculty of History at Wadham College Oxford Allan Chapman examines the

claims of the New Atheists that religion really belongs to an earlier phase of human development and that nowadays science has taken its place as the yardstick of authority But are science and religion friends or foes There are a great many scientists of the highest intellectual distinction ranging from cosmology to medical research who make no bones about their faith and cannot understand what the New Atheists are getting so worked up about Chapman explores whether anything has changed in the nature of scientific discovery to allow for the modern atheistic interpretations of science that did not exist in the past He also examines whether or not modern discoveries in biology brain science cosmology and physics seriously undermine religious belief In this study Allan Chapman examines popular misunderstandings about key events in the history of science faith relations He covers the major episodes such as Galileo s trial the Wilberforce Huxley debate and the Scopes trial of 1925 but also looks further back through the medieval period to the Classical age revealing how these events have acquired mythical and misleading status Asking if religious modern scientists just the fools that new atheists paint them to be or are the latter just so blind in their dogmatic brain washing that they cannot see the bigger world beyond their test tubes Slaying the Dragons exposes the atheists worn out tale which itself goes back centuries and which they are trying to spice up with big helpings of rhetoric and ridicule

**The English Deists** Wayne Hudson,2015-10-06 Interprets the works of an important group of writers known as the English deists This title argues that this interpretation reads Romantic conceptions of religious identity into a period in which it was lacking It contextualizes these writers within the early Enlightenment which was multivocal plural and in search of self definition

The Encyclopedia of Politics and Religion Robert Wuthnow,2013-12-04 Containing over 200 articles from prominent scholars The Encyclopedia of Politics and Religion examines ways in which politics and religion have combined to affect social attitudes spark collective action and influence policy over the last two hundred years With a focus that covers broad themes like millenarian movements and pluralism and a scope that takes in religious and political systems throughout the world the Encyclopedia is essential for its contemporary as well as historical coverage Special Features Encompasses religions individuals geographical regions institutions and events Describes the history of relations between religion and politics Longer articles contain brief bibliographies Attractively designed and produced The Encyclopedia of Politics and Religion will be invaluable for any library public and academic which serves those interested in politics sociology religious studies international affairs and history Contents include Abortion Algeria Anabaptists China Christian Democracy Ethnic Cleansing Gandhi Israel Italy Jesuits Jihad Just War Missionaries Moral Majority Muslim Brethren Temperance Movements Unification Church War Zionism

**History, Essays, Orations, and Other Documents of the Sixth General Conference of the Evangelical Alliance** Anonymous,2023-08-15 Reprint of the original first published in 1874

Reading Heresy Gregory Erickson,Bernard Schweizer,2017-11-20 Heresy studies is a new interdisciplinary supra religious and humanist field of study that focuses on borderlands of dogma probes the intersections between orthodoxy and heterodoxy and explores the realms of dissent in religion art and literature Free from

confessional agendas and tolerant of both religious and non religious perspectives heresy studies fulfill an important gap in scholarly inquiry and artistic production Divided into four parts the volume explores intersections between heresy and modern literature it discusses intricacies of medieval heresies it analyzes issues of heresy in contemporary theology and it demonstrates how heresy operates as an artistic stimulant Rather than treating matters of heresy blasphemy unbelief dissent and non conformism as subjects to be shunned or naively championed the essays in this collection chart a middle course energized by the dynamics of heterodoxy dissent and provocation yet shining a critical light on both the challenges and the revelations of disruptive kinds of thinking and acting

**The Many Faces of Credulitas** Stefania Tutino,2022 The Many Faces of Credulitas is about the relationship between belief credibility and credulity It argues that due to a series of different historical factors credibility assumed a central role in post Reformation Catholicism This led to an important reconsideration of the relationship between natural reason and supernatural grace and consequently to novel and significant tensions This book seeks to elucidate some of the difficulties anxieties and tensions caused by the new insistence on credibility that came to dominate the theological and intellectual landscape of the early modern Catholic Church

**Psalms** George Rawlinson,1896 *Systematic Atheology* John R. Shook,2017-12-01 Atheology is the intellectual effort to understand atheism defend the reasonableness of unbelief and support nonbelievers in their encounters with religion This book presents a historical overview of the development of atheology from ancient thought to the present day It offers in depth examinations of four distinctive schools of atheological thought rationalist atheology scientific atheology moral atheology and civic atheology John R Shook shows how a familiarity with atheology s complex histories forms and strategies illuminates the contentious features of today s atheist and secularist movements which are just as capable of contesting each other as opposing religion The result is a book that provides a disciplined and philosophically rigorous examination of atheism s intellectual strategies for reasoning with theology Systematic Atheology is an important contribution to the philosophy of religion religious studies secular studies and the sociology and psychology of nonreligion

Prayers That Outwit the Enemy Chuck D. Pierce,Rebecca Wagner Sytsema,2004-08-10 Although Christians often feel defeated and victimized by Satan and his minions Scripture says that we are more than conquerors through Christ Jesus and that it s possible to live without giving Satan any ground So why don t more Christians experience spiritual victory and power CHUCK D PIERCE says it s because we spend more time licking our wounds than we do studying Satan s sniper strategies so that we can find the shooter The key to overcoming our enemy is to become more shrewd in recognizing his strategies to pray in specific ways that help us to overcome Satan s attacks and to wear the armour described in Ephesians 6 As we learn to pray with power and authority prayers of submission confrontation faith wisdom breakthrough and more we can learn to outwit the enemy of our souls

*The God Who Kneels* Douglas D. Webster,2015-02-06 The God Who Kneels is a meditative journey in John 13 The Apostle John opens the door and invites us into the upper room to relive the words and actions of Jesus He writes us into the scene

and gives us a seat at the table On Thursday night Jesus gave his followers two simple object lessons during the evening meal He washed their feet and he broke bread These two enduring acts go a long way in defining the mission of God and the body of Christ They merge real hospitality and deep sacrament The towel and the basin and the bread and the cup signify the essence of Jesus s kingdom strategy The disciples missed the meaning of Jesus s message the first time around Like them we need a fresh experience of the upper room to grasp the Savior s humility and glory Less than twenty four hours before the crucifixion Jesus offered his disciples a vivid parable of the atonement and a true picture of discipleship This forty day Lenten series is a close reading of the biblical text revealing the significance of the God who kneels for today s discipleship
