Peter Stanford,1999-01-08 After the persecutions that followed the Reformation the Catholic Church that re emerged in the 19th century was a defensive introspective one largely made up of working class immigrants and a handful of land owning families who kept the faith despite adversity It was viewed with some suspicion by the English Establishment as something foreign subversive to be held at arm s length But particularly after World War II a new generation of educated Catholics emerged outward looking questioning anxious to take their places in society Peter Standford argues that Basil Hume s appointment was a symbol of change His very Englishness has exorcised some of the nightmares in the national subconscious about the Catholic Church And in his struggles as a leader with a flock that is not as obedient as once it was the cardinal has redefined English Catholicism by blending its traditional theological conservatism with a liberal pastoral practice
