Shakespeare on Leadership Frederick Talbott, 1994 An ingenious combination of William Shakespeare's classic quotations and a commentary on today's leadership principles The perfect gift for busy executives managers parents teachers and anyone in a leadership role here is a great source of inspiration and insight in bite sized form

Leadership Lessons from Shakespeare's Plays GRK Murty, 2019-09-12 Whatsoever a great man does the same is done by others as well says the Bhagavadgītā Shakespeare is one of such great men He decocted man's cosmic world into his plays and his characters display greatness along with humility and frailty His plays which so lucidly articulate the hidden process of interiority of the protagonists are a living force even today The problems that they portray and the consequences that they map are not dissimilar to those that the leaders of today's businesses encounter Today's leaders are of course equipped with better tools to manage these but they may not be superior to the spiritual depth or moral strength that we experience in these classics In a refreshing approach this book delineates theories of leadership and management through the characters and the themes of the Bard's plays contextualizing their infinite variety to the concepts being expounded in today's business environment

Power Plays John O. Whitney, Tina Packer, 2002-05-30 The issues fueling the intricate plots of Shakespeare's four hundred year old plays are the same common yet complex issues that business leaders contend with today And as John Whitney and Tina Packer so convincingly demonstrate no one but the Bard himself can penetrate the secrets of leadership with such piercing brilliance Let him instruct you on the issues that managers face every day Power Richard II's fall from power can enlighten us Trust Draw on the experiences of King Lear and Othello Decision Hamlet illustrates the dos and don'ts of decision making Action See why Henry IV was effective and Henry VI was not Whitney and Packer do not simply compare Shakespeare's plays with management techniques instead they draw on their own wealth of business experience to show us how these essential Shakespearean lessons can be applied to modern day challenges Power Plays infuses the world of business with new life and plenty of drama

Lawrence Agonistes Barry J. Scherr,2018-07-27 This book is the first to examine the influence of Shakespeare particularly Hamlet on D H Lawrence Using the Bloomian theory of the anxiety of influence to probe the startling depths of Lawrence s agon with his towering precursor Shakespeare it closely examines Lawrence s crypto Jewish identity as well as that of many of his highly individual characters who embody the characteristics of Old Testament figures and in so doing infuse a patriarchal strength and divine religious sublimity into civilized life Lawrence s claims about the self sacrificing influence of Christianity on Shakespeare s Hamlet on the other hand demonstrate how this influence carries over into the submission of

the subject and the decline of Western Civilization The book extrapolates this decline into a critique of the modern day left wing ideology that appropriates the self abnegating individual to its collectivist ends In responding agonistically to Shakespeare s Hamlet Lawrence claims a far more complete vital and salubrious consciousness and a Weltanschauung that makes for greater more fulfilling life thanks to the inner strength psychic and sexual power of the Lawrentian Self Supreme The book will appeal to Lawrence and Shakespeare scholars and enthusiasts who wish to appreciate Lawrence and Shakespeare as supremely profound writers and thinkers Its unique demonstration of Bloomian literary theory makes it come poignantly alive for both graduate students and college professors
