*Shine* Krista A. Thompson,2015-05-09 In Jamaican dancehalls competition for the video camera s light is stiff so much so that dancers sometimes bleach their skin to enhance their visibility In the Bahamas tuxedoed students roll into prom in tricked out sedans staging grand red carpet entrances that are designed to ensure they are seen being photographed Throughout the United States and Jamaica friends pose in front of hand painted backgrounds of Tupac flashy cars or brand name products popularized in hip hop culture in countless makeshift roadside photography studios And visual artists such as Kehinde Wiley remix the aesthetic of Western artists with hip hop culture in their portraiture In Shine Krista Thompson examines these and other photographic practices in the Caribbean and United States arguing that performing for the camera is more important

than the final image itself For the members of these African diasporic communities seeking out the camera s light whether from a cell phone Polaroid or video camera provides a means with which to represent themselves in the public sphere The resulting images Thompson argues become their own forms of memory modernity value and social status that allow for cultural formation within and between African diasporic communities **American Photographer** ,1983 The Folk Art of Latin America Marion Oettinger (Jr.),1992 The result of extensive fieldwork throughout Mexico Central and South America and Spanish and French speaking islands in the Caribbean this beautiful and informative book concentrates on folk art made by Latin Americans for Latin Americans it does not concern itself with folk art made for export The objects illustrated are not only aesthetically pleasing but have also been carefully selected because they play central roles in Latin American society and culture In this study Chapter 1 discusses the nature of folk art and explores the subject through time in Latin America with special attention paid to the composite character of contemporary folk art in Latin America Chapter 2 deals with contemporary folk artists and their conception of the contribution they make to local society and traditions Chapter 3 presents the rich variety of folk forms in Latin America today and considers them in four categories ceremonial utilitarian recreational and decorative Finally chapter 4 examines the ever changing nature of folk art and what such changes mean to the quickly evolving societies served by folk art BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Popular Photography ,1983-07
