For almost two decades Herman Otis Laskey Jr. has been saving companies time and money. In this guide Laskey offers anecdotes and methods for loss prevention including detailed case studies about how he's uncovered internal and external thefts, issues that all retail businesses must focus on to reduce losses, ways to deter employees and customers from stealing, tips on cutting costs when investigating crimes, five secrets to a successful loss prevention career. He also shares how the STINOR Method Loss Prevention can reduce shoplifting and employee theft by up to 95 percent. This method has been used for more than fifteen years by thousands of retailers and restaurants. In addition, you'll learn how to focus on problem areas such as bathrooms and fitting rooms. By thinking like a thief and equipping yourself with the knowledge of a longtime loss prevention professional, you'll benefit from *Secrets of a Successful Loss Prevention Career*. 1994-1995 Wiley Guide to Marketing Hasselback, 1994-08

Encyclopedia of Security Management John Fay, 2007-05-02 The Encyclopedia of Security Management is a valuable guide for all security professionals and an essential resource for those who need a reference work to support their continuing education. In keeping with the excellent standard set by the First Edition, the Second Edition is completely updated. The Second Edition also emphasizes topics not covered in the First Edition, particularly those relating to homeland security, terrorism threats to national infrastructures (e.g., transportation, energy and agriculture), risk assessment, disaster mitigation and remediation, and weapons of mass destruction: chemical, biological, radiological, nuclear, and explosives. Fay also maintains a strong focus on security measures required at special sites such as electric power, nuclear gas, and chemical plants, petroleum production and refining facilities, oil and gas pipelines, water treatment and distribution systems, bulk storage facilities, entertainment venues, apartment complexes, and hotels, schools, hospitals, government buildings, and financial centers. The articles included in this edition also address protection of air, marine, rail, trucking, and metropolitan transit systems. Completely updated to include new information concerning homeland security and disaster management. Convenient new organization, groups related articles for ease of use. Brings together the work of more than sixty of the world's top security experts.
