The Writers Directory ,1996 **The Expression of the Inexpressible in Eugenio Montale's Poetry** Clodagh J. Brook,2002 It is impossible to say just what I mean Prufrock s frustration in Eliot s celebrated poem underlines the pessimistic view of language at the heart of much Modernist poetry Locating the greatest Italian poet of the twentieth century Eugenio Montale firmly within European Modernism this book examines the struggle with language that is central to his work What can a poet do when words fail him Does he put down his pen retreat into silence Does he seek instead to push language towards its limits and if so what tools can he employ What part does metaphor the via negativa allusive or understated writing have in this process These are just some of the issues that Clodagh J Brook seeks to address In its unravelling of the inexpressibility paradox her book offers a new reading of Montale s early verse and reveals how in articles and metapoetic comments Montale gives us insights into both his poetics and the whole process of expression Queer Troublemakers Prudence Bussey-Chamberlain,2019-08-08 Irreverent and provoking the figure of the queer troublemaker is a disruptive force both poetically and politically Tracing the genealogy of this figure in modern avant garde American poetry Prudence Bussey Chamberlain develops innovative close readings of the works of Gertrude Stein Frank O Hara Eileen Myles and Maggie Nelson Exploring how these writers play with identity gender sexuality and genre Bussey Chamberlain constructs a queer poetics of flippancy that can subvert ideas of success and failure affect and affectation performance and performativity poetry and being **Medieval and Renaissance Letter Treatises and Form Letters** Emil J. Polak,2015-02-11 Letter writing was the major branch of rhetoric in the High Middle Ages ars dictaminis and Renaissance ars epistolandi As the primary source of discourse it played major roles in the history of education the Latin language and literature and its relation to grammar and oratory ars arengandi The letters are also a very rich source ranging from Church and State correspondence to social hierarchies and fiction Several hundred authors recognized as precursors of the Humanists produced treatises manuals formularies and model letter collections found in a few thousand largely unstudied manuscripts This is the third and final volume of the Medieval and Renaissance Letter Treatises and Form Letters a singular reference work a manuscript inventory of texts most of which were examined in situ by Emil J Polak in almost nine hundred libraries and archives The repertory is arranged alphabetically by country and city with standard details for each manuscript Four indexes conclude the work **Collected Poems of Raymond Souster** Bruce Whiteman,1984 **Books in Print** ,1991 Lost Property Jennifer Summit,2000-07 The English literary canon is haunted by the figure of the lost woman writer In our own age she has been a powerful stimulus for the rediscovery of works written by women But as Jennifer Summit argues the lost woman writer also served as an evocative symbol during the very formation of an English literary tradition from the fourteenth through the sixteenth centuries Lost Property traces the representation of women writers from Margery Kempe and Christine de Pizan to Elizabeth I and Mary Queen of Scots exploring how the woman writer became a

focal point for emerging theories of literature and authorship in English precisely because of her perceived alienation from tradition Through original archival research and readings of key literary texts Summit writes a new history of the woman writer that reflects the impact of such developments as the introduction of printing the Reformation and the rise of the English court as a literary center A major rethinking of the place of women writers in the histories of books authorship and canon formation *Lost Property* demonstrates that rather than being an unimaginable anomaly the idea of the woman writer played a key role in the invention of English literature

The Circulation of Poetry in Manuscript in Early Modern England Arthur F. Marotti, 2021-05-26 This study examines the transmission and compilation of poetic texts through manuscripts from the late Elizabethan era through the mid seventeenth century paying attention to the distinctive material social and literary features of these documents The study has two main focuses the first the particular social environments in which texts were compiled and second the presence within this system of a large body of usually anonymous rare or unique poems Manuscripts from aristocratic academic and urban professional environments are examined in separate chapters that highlight particular collections Two chapters consider the social networking within the university and London that facilitated the transmission within these environments and between them Although the topic is addressed throughout the study the place of rare or

unique poems in manuscript collections is at the center of the final three chapters The book as a whole argues that scholars need to pay more attention to the social life of texts in the period and to little known or unknown rare or unique poems that represent a field of writing broader than that defined in a literary history based mainly on the products of print culture

his poetry and includes for the first time a comparative analysis of Machado's translators into English. While the book is attentive to areas of recent critical debate, the argument keeps Machado's poems to the fore with new detailed readings of many of his most significant poems. The reader will find that the structure of this book also allows for a separate exploration of each of Machado's main poetic tendencies. One associated with the Symbolist poetics is considered in Chapter I dealing with those early poems where the sound of water acquires a rich symbolic meaning. An emphasis on the visual imagination is more prevalent in the material studied in chapters II and III with a focus on the natural landscape while the more conceptual and intellectual strand occupies Chapter IV. Every individual chapter begins with a brief introduction to the theoretical ground related to the specific discussion on gender, space, place, the sublime and translation respectively and a survey of the cultural discourses which situate the material under analysis in the original historical contexts. *American Book Prices*

Meisel, 2013-10-18. In this book Perry Meisel argues that Freud's texts are properly literary and casts Freud as both literary theoretician and practitioner. Here, after an introductory reception history of Freud as literature, Meisel provides a series of close readings of Freud's major texts that take literary representation as their central focus. As for Freud's influence on others, it too is structured like a literary history, argues Meisel. He discusses Freud's influence on modernism, Strachey's Standard Edition, once again the subject of debate with the recent Penguin retranslations, and Freud's influence on Michel Foucault. Finally, we explore the relationship of Freud and literature. Does an understanding of how Freud himself writes and influences help us to read literature and interpret it anew?
