

PEER MEDIATION

Peer mediation is when trained students attempt to resolve conflicts themselves between others in the same age group.

DEFINITION

"Peer mediation is a voluntary process in which a student trained as a neutral third party helps other students in conflict get clear about their concerns, better understand one another, and come to a mutual agreement about how they want to handle their issues" (Block & Blazej, 2005, p. 3).

THE SIX STEPS

Step 1: Preparing for Mediation

Step 2: Delivering the Opening Statement

Step 3: Gathering Information

Step 4: Identifying Key Issues

Step 5: Exploring Options

Step 6: Finalizing an Agreement

Mediators As Human Being:

The Human Being in Contemporary Philosophical Conceptions Nikolai Omelchenko, 2009-03-26 This book is a collection of the selected proceedings of the 4th International Conference Human Being in Contemporary Philosophical Conceptions which was held under the patronage of UNESCO at Volgograd State University Russia on May 28-31, 2007. In the letter to the organizers Mr Ko-chiro Matsuura wrote: "I should like to congratulate you on this important initiative to promote philosophical reflection which is one of the central objectives of UNESCO's Intersectoral Strategy on Philosophy. There is an interesting fact: the 19th World Congress of Philosophy in Moscow, 1993, had no session on philosophical anthropology; the next Congress in Boston, 1998, had one such session; the 21st Congress of Philosophy in Istanbul, 2003, had already four sessions; and the 22nd World Congress of Philosophy in Seoul, 2008, had six sessions on philosophical anthropology. Obviously, we may observe a new anthropological renaissance in contemporary thought. This book serves the philosophical anthropology becoming as well. Perhaps an idea of integral studies is the most attractive trend in the contemporary philosophy and science. The book presents an experience in integral philosophy of human being. Also, the development of philosophical anthropology is closely connected with practical tasks. Our political activities, welfare projects, and educational programs can become really useful only when we are guided by knowledge of what human being is, what we are able to do, what are our own needs, and what we must become. Philosophical anthropology could correctly define the research purposes of all human sciences. This volume includes various reflexions and styles of thinking. By this, all the papers demonstrate metaphysics of respect for human being. The contributors, scholars from the different countries, are open for free discussions and fresh ideas." **Reformed**

Dogmatics: Christology Geerhardus J. Vos, 2015-05-16 Like books people can become classics. Great in their day but richer and more fulfilling with time. Not yet a classic, Vos's never before published *Reformed Dogmatics* is more like a lost Shakespeare play recently discovered. Michael Horton: "Until recently *Reformed Dogmatics* was only available in its original Dutch. But now you too can access Geerhardus Vos's monumental work of systematic theology. This brand new English translation was edited by biblical theologian and Vos expert Richard B. Gaffin Jr. In Volume Three, *Christology*, Vos discusses the person of Christ, Christ's two natures, the incarnation, the work of Christ, Christ's death and resurrection, the nature of Christ's sacrifice, Christ's offices, and more." **Novalis: Philosophical, Literary, and Poetic Writings** James D. Reid, 2024

Novalis: Philosophical, Literary, and Poetic Writings assembles for the first time in English translations of Novalis's published philosophical works, a large share of his surviving philosophical notes and fragments, his two unfinished novels *The Disciples at Saas* and *Heinrich von Ofterdingen*, and the *Hymns to the Night*. Readers interested in Novalis's views on philosophy, art, morality, politics, and religion, and how positions in each of these areas might be unified in a single overarching vision of reality, will find the present translation an essential guide. **The First and Second Letters to Timothy** Jerome D. Quinn, William C. Wacker, 2000 The inaugural volume of the ECC series provides a fresh, readable translation of 1 and 2 Timothy together.

with notes and commentary on this highly relevant section of Scripture The Notes section of the commentary offers detailed philological analysis of the majority of the words used in these two Pastoral Epistles The Comment section guides readers through the complex theological historical and practical issues facing the heirs of Paul in the Christian church The issues treated in 1 and 2 Timothy have a remarkably modern ring to them Addressing such contemporary topics as the qualifications for church leadership the roles of women the use of wealth heterodoxy worship and ethics these Pauline letters remain highly relevant to church life today This new volume not only offers the best of current biblical scholarship on Paul's letters to Timothy but also demonstrates the high standard of excellence marking the ECC series The mediators

Formation in Augustine's Thought Sarah Stewart-Kroeker, 2017-08-04 Augustine's dominant image for the human life is peregrinatio which signifies at once a journey to the homeland a pilgrimage and the condition of exile from the homeland For Augustine all human beings are in the earthly life exiles from their true homeland heaven Some but not all become pilgrims seeking a way back to the heavenly homeland a return mediated by the incarnate Christ Becoming a pilgrim begins with attraction to beauty The return journey therefore involves formation both moral and aesthetic in loving rightly This image has occasioned a lot of angst in ethical thought in the last century Augustine's vision of Christian life as a pilgrimage his critics allege casts a pall of groaning and longing over this life in favor of happiness in the next Augustine's eschatological orientation robs the world of beauty and ethics of urgency In Pilgrimage as Moral and Aesthetic Formation in Augustine's Thought Sarah Stewart Kroeker responds to Augustine's critics by elaborating the Christological continuity between the earthly journey and the eschatological home Through this cohesive account of pilgrimage as a journey toward the right ordering of the desire for beauty and love for God and neighbour Stewart Kroeker reveals the integrity of Augustine's vision of moral and aesthetic vision From the human desire for beauty to the embodied practice of Christian sacraments Stewart Kroeker develops an account of the relationship between beauty and morality as the linchpin of an Augustinian moral
