Arthur Moore

Modern Age Literature:

A Cultural History of the Modern Age Egon Friedell, 2017-09-08 Historian philosopher critic playwright journalist and actor Egon Friedell was a key figure in the extraordinary flowering of Viennese culture between the two world wars His masterpiece *A Cultural History of the Modern Age* demonstrates the intellectual universality that Friedell saw as guarantor of the continuity and regeneration of European civilization Following a brilliant opening essay on cultural history and why it should be studied the first volume begins with an analysis of the transformation of the Medieval mind as it evolved from the Black Death to the Thirty Years War The emphasis is on the spiritual and cultural vortex of civilization but Friedell never forgets the European roots in pestilence death and superstition that animate a contrary drive toward reason refinement intellectual curiosity and scientific knowledge While these values reached their apogee during the Renaissance Friedell shows that each cultural victory is precarious and Europe was always in danger of slipping back into barbarism Friedell's historical vision embraces the whole of Western culture and its development It is a consistent probing for the divine in the world's course and is therefore theology it is research into the basic forces of the human soul and is therefore psychology it is the most illuminating presentation of the forms of state and society and therefore is politics the most varied collection of all art creations and is therefore aesthetics Thomas Mann regarded Friedell as one of the great stylists in the German language Like the works of the great novelist *A Cultural History of the Modern Age* offers a dramatic history of the last six centuries showing the driving forces of each age The new introduction provides a fascinating biographical sketch of Friedell and his cultural milieu and analyzes his place in intellectual history

[Globalism in the Middle Ages and the Early Modern Age](#)

Albrecht Classen, 2023-09-05 Although it is fashionable among modernists to claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic

conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable A Cultural History of the Modern Age Vol. 1 Egon Friedell, Historian philosopher critic playwright journalist and actor Egon Friedell was a key figure in the extraordinary flowering of Viennese culture between the two world wars His masterpiece A Cultural History of the Modern Age demonstrates the intellectual universality that Friedell saw as guarantor of the continuity and regeneration of European civilization Following a brilliant opening essay on cultural history and why it should be studied the first volume begins with an analysis of the transformation of the Medieval mind as it evolved from the Black Death to the Thirty Years War The emphasis is on the spiritual and cultural vortex of civilization but Friedell never forgets the European roots in pestilence death and superstition that animate a contrary drive toward reason refinement intellectual curiosity and scientific knowledge While these values reached their apogee during the Renaissance Friedell shows that each cultural victory is precarious and Europe was always in danger of slipping back into barbarism Friedell s historical vision embraces the whole of Western culture and its development It is a consistent probing for the divine in the world s course and is therefore theology it is research into the basic forces of the human soul and is therefore psychology it is the most illuminating presentation of the forms of state and society and therefore is politics the most varied collection of all art creations and is therefore aesthetics Thomas Mann regarded Friedell as one of the great stylists in the German language Like the works of the great novelist A Cultural History of the Modern Age offers a dramatic history of the last six centuries showing the driving forces of each age The new introduction provides a fascinating biographical sketch of Friedell and his cultural milieu and analyzes his place in intellectual history *World Englishes in the Modern Age* Pasquale De Marco, 2025-03-09 World Englishes is a rapidly growing field of study that explores the many ways in which the English language is used around the world This comprehensive introduction provides a thorough overview of the history sociolinguistics and global impact of World Englishes In this book readers will learn about the spread of English across the globe from its humble beginnings in the British Isles to its current status as the most widely spoken language in the world They will also explore the role of British colonialism in the expansion of English as well as the impact of Americanization on the language The book also discusses the rise of regional Englishes such as Indian English Singapore English and Nigerian English The book then turns its attention to the sociolinguistics of World Englishes It examines variation in pronunciation grammar and vocabulary as well as the role of social class and identity in language variation It also discusses the impact of globalization on language variation and the challenges of teaching English as a second language The book also explores the role of World Englishes in various domains including education literature media business law science and technology and the arts It examines the challenges of translating World Englishes texts and the impact of World Englishes on global culture It also discusses the future of World Englishes and the role it will play in the 21st century Finally the book concludes by discussing the implications of World Englishes for language policy and planning It considers the challenges of maintaining

English language standards in a globalized world and the need for language policies that are inclusive and supportive of linguistic diversity With its comprehensive coverage of the history sociolinguistics and global impact of World Englishes this book is an essential resource for students scholars and anyone interested in the future of the English language If you like this book write a review **Pleasure and Leisure in the Middle Ages and Early Modern Age** Albrecht Classen,2019-08-05

Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes

Censorship & Cultural Regulation in the Modern Age Beate Müller,2004 Censorship has become a fashionable topic not only because of newly available archival material from Eastern Europe and the former Soviet Union but also because the new censorship inspired by the works of Foucault and Bourdieu has widened the very concept of censorship beyond its conventional boundaries This volume uses these new materials and perspectives to address the relationship of censorship to cultural selection processes such as canon formation economic forces social exclusion professional marginalization silencing through specialized discourses communicative norms and other forms of control and regulation Two articles in this collection investigate these issue theoretically The remaining eight contributions address the issues by investigating censorial practice across time and space **Incarceration and Slavery in the Middle Ages and the Early Modern Age** Albrecht

Classen,2021-10-19 People in the Middle Ages and the early modern age more often suffered from imprisonment and enslavement than we might have assumed Incarceration and Slavery in the Middle Ages and the Early Modern Age approaches these topics from a wide variety of perspectives and demonstrates collectively the great relevance of the issues involved Both incarceration and slavery were and continue to be most painful experiences and no one was guaranteed exemption from it High ranking nobles and royalties were often the victims of imprisonment and at times had to wait many years until their ransom was paid Similarly slavery existed throughout Christian Europe and in the Arab world However while imprisonment occasionally proved to be the catalyst for major writings and creativity slaves in the Ottoman empire and in Egypt succeeded in rising to the highest position in society Janissaries Mamluks and others Art of the Modern Age

Jean-Marie Schaeffer, 2000 This view encouraged theorists to consider artistic geniuses the high priests of humanity creators of works that reveal the invisible essence of the world **BOOK JACKET**

Handbook of New Age James Lewis, Daren Kemp, 2007-05-30 The Handbook of New Age is a comprehensive survey of alternative spiritualities their history their global impact their cultural influence and how they are understood by scholars Chapters by many of the leading scholars of the movement give the latest analysis of contemporary spiritual trends and present up to date observations of the interaction between the New Age movement and many different fields of knowledge and research

Literary Research and the British Renaissance and Early Modern Period Jennifer Bowers, Peggy Keeran, 2010-04-13 Recognizing that every literary era presents scholars with particular challenges this volume covers the best practices and describes important reference resources both print and electronic that can be used in conducting literary research of the British Renaissance and Early Modern period Although the primary emphasis is on literature produced in England the guide also covers literature from Scotland Wales and Ireland This book addresses specific research characteristics integral to studying the period including a more inclusive canon and the predominance of Shakespeare a dual environment of print and manuscript production the challenges of reading early modern handwriting a lack of reviewing media the role of translations and researching non standardized genres among others Central to this volume and to literary research of the era are the equally valid approaches to studying this literature through the more traditional Renaissance lens or through the varying theoretical approaches falling under the rubric early modern Bowers and Keeran explore primary and secondary research resources of this era including general literary research guides union library catalogs print and online bibliographies scholarly journals manuscripts and archives microfilm and digitization projects 17th century periodicals contemporary reception translations and lexicons genres and electronic texts journals and Web resources A final chapter entitled Researching a Thorny Problem demonstrates how many of the research tools and strategies presented in the volume can be employed to explore a question that perhaps has no definitive answer Each chapter addresses how research methods and tools are best used to extract relevant information and compare and evaluate sources The strengths and weaknesses of core and specialized electronic and print research tools and standard search techniques are also examined making this book an invaluable guide to any scholar of the Renaissance and early modern era

The New Age Arthur Moore, 1927

Gnosis and Hermeticism from Antiquity to Modern Times R. van den Broek, Wouter J. Hanegraaff, 1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one's true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages

several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement

Communication, Translation, and Community in the Middle Ages and Early Modern Period Albrecht Classen, 2022-08-22 Literature serves many purposes and one of them certainly proves to be to convey messages wisdom and instruction and this across languages religions and cultures Beyond that as the contributors to this volume underscore people have always endeavored to reach out to their community members that is to build community to learn from each other and to teach Hence this volume explores the meaning of communication translation and community building based on the medium of language While all these aspects have already been discussed in many different venues the contributors endeavor to explore a host of heretofore less considered historical religious literary political and linguistic sources While the dominant focus tends to rest on conflicts hostility and animosity in the pre modern age here the emphasis rests on communication with its myriad of challenges and potentials for establishing a community As the various studies illustrate a close reading of communicative issues opens profound perspectives regarding human relationships and hence the social context This understanding invites intensive collaboration between medical historians literary scholars translation experts and specialists on religious conflicts and discourses We also learn how much language carries tremendous cultural and social meaning and determines in a most sensitive manner the interactions among people in a communicative and community based fashion *Jung and the New Age* David John Tacey, 2001 David Tacey offers a theoretical and philosophical account of the New Age phenomenon and the archetypal imperatives that have brought it about *Patrons and Patron Saints in Early Modern English Literature* Alison Chapman, 2013-01-17 This book visits the fact that in the pre modern world saints and lords served structurally similar roles acting as patrons to those beneath them on the spiritual or social ladder with the word patron used to designate both types of elite sponsor Chapman argues that this elision of patron saints and patron lords remained a distinctive feature of the early modern English imagination and that it is central to some of the key works of literature in the period Writers like Jonson Shakespeare Spenser Drayton Donne and Milton all use medieval patron saints in order to represent and to challenge early modern ideas of patronage not just patronage in the narrow sense of the immediate economic relations obtaining between client and sponsor but also patronage as a society wide system of obligation and reward that itself crystallized a whole culture s assumptions about order and degree The works studied in this book ranging from Shakespeare s 2 Henry VI written early in the 1590s to Milton s Masque Performed at Ludlow Castle written in 1634 are patronage works either aimed at a specific patron or showing a keen awareness of the larger patronage system This volume challenges the idea that the early

modern world had shrugged off its own medieval past instead arguing that Protestant writers in the period were actively using the medieval Catholic ideal of the saint as a means to represent contemporary systems of hierarchy and dependence. Saints had been the ideal and idealized patrons of the medieval world and remained so for early modern English recusants. As a result their legends and iconographies provided early modern Protestant authors with the perfect tool for thinking about the urgent and complex question of who owed allegiance to whom in a rapidly changing world. **World Literature in an Age of Geopolitics** Theo D'haen, 2021-07-19

If you want to know how globalisation affects literary studies today this is the book for you. Why has world literature become so hotly debated? How does it affect the study of national literatures? What does geopolitics have to do with literature? Does American academe still set an example for the rest of the world? Is China taking over? What about European literature? Europe's literatures? Do minor European literatures get lost in the shuffle? How can authors from such literatures get noticed? Who gains and who loses in an age of world literature? If those are questions that bewilder you look no further: this book provides answers and leaves you fully equipped to dig deeper into the fascinating world of world literature in an age of geopolitics. Literary Explorations: A Contemporary Guide to World Literature

Pasquale De Marco, 2025-08-10 Embark on a literary odyssey with *Literary Explorations: A Contemporary Guide to World Literature*, your trusted companion on a journey through the vast and captivating world of literature. This comprehensive guide invites you to explore the diverse landscapes of literary genres, delve into the depths of literary analysis, and traverse continents and cultures, unlocking the profound impact literature has on our lives. Within these pages, you'll navigate the intricate web of literary theory, gaining insights into the frameworks that shape our understanding of literature. We'll explore the cultural contexts that influence literary works, examining how history, society, and personal experiences intertwine to create meaningful narratives. As you progress through this literary expedition, you'll uncover the essential elements that bring stories to life: character development, setting, plot, language, and symbolism. We'll dissect these elements, revealing how they work together to create immersive and thought-provoking experiences. Our journey through world literature will also shed light on the challenges and opportunities of translation, recognizing the vital role it plays in bridging linguistic and cultural divides. We'll delve into the intricacies of critical theory, examining how different perspectives can enrich our understanding of literary texts. Prepare to be captivated as we unravel the mysteries of world literature, one chapter at a time. This book is your guide, your companion, and your inspiration as you delve into the limitless realms of literary exploration. Let *Literary Explorations* ignite your passion for literature and expand your horizons with every page you turn. If you like this book, write a review. **Colonialism, World Literature, and the Making of the Modern Culture of Letters** Baidik

Bhattacharya, 2024-02-08 This book is a radical reimagination of the idea of the literary through colonial histories and world literature. **Post45 Vs. The World: Literary Perspectives on the Global Contemporary** William G. Welty, 2023-01-31

Much of the work done on the Post45 literary field carries an implicitly Americanist perspective. Even the name of the field

suggests a certain literary history with certain assumptions and blind spots about national spaces identities and histories But what would Post45 look like when considered from outside of the United States How do the current contours of the field exclude certain voices either in the United States or elsewhere in the world And how would such new perspectives shift the beginning and possible endpoint of that literary period What new narratives of the contemporary emerge if we begin telling the story in a different year or from a different national or global perspective This collection attempts to re frame the discussions in Post45 by engaging with non American writers texts and perspectives Additionally productive conversations emerge by attempting to think of canonical American writers like Mark Twain and Ishmael Reed from other national and global perspectives The authors consider both the ways texts themselves as well as their reception histories approach and challenge our understandings of the contemporary Ultimately the collection interrogates prevailing narratives of history culture identity and space within the Post45 field In so doing it re considers the historical periodization of the field which currently covers approximately 75 years of literary history The resulting essays thus work towards a new intertwined narrative about what defines the contemporary and how national and global literatures fit into that moment of world history

The Routledge Companion to World Literature and World History May Hawas, 2018-04-19 The Routledge Companion to World Literature and World History is a comprehensive and engaging volume combining essays from historians and literary academics to create a space for productive cross cultural encounters between the two fields In addition to the 27 essays the Companion includes general introductions from two of the leading scholars of history and literature David Damrosch and Patrick Manning as well as personal testimonies from artists working in the area and editorials asking provocative questions The volume includes sections on People with essays looking at World Literature Intellectual Commerce Religion language and war and Indigenous ethnography Networks and methods examining maps geography morality and the crises of world literature Transformations including essays on race colonialism and the non human Interdisciplinary and groundbreaking this volume brings to light various ways in which scholars of literature and history analyse assimilate or reveal the intellectual heritage of the past at the same moment as they try consciously to deal with an unending amount of new information and an awareness of global connections and discrepancies Including work from leading academics in the field as well as newer voices the Companion is ideal for students and scholars alike
