Mysticism And Christology:

Mysticism and Christology Evelyn Underhill, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **Christian Mysticism and Incarnational Theology** Dr Louise Nelstrop, Dr Simon D Podmore, 2013-12-28 This book examines the relationship between transcendence and immanence within Christian mystical and apophatic writings Original essays from a range of leading established and emerging scholars in the field focus on the roles of language signs and images and consider how mystical theology might contribute to contemporary reflection on the Word incarnate This collection of essays re examines works from such canonical figures as Eckhart Augustine Plotinus Pseudo Dionysius Nicolas of Cusa Teresa of Avila John of the Cross Julian of Norwich along with the philosophical thought of Iris Murdoch Jacques Lacan and Martin Heidegger and the contemporary phenomena of the Emerging Church Presenting new readings of key ideas in mystical theology and renewed engagement with the visionary and the everyday the therapeutic and the transformative these essays question how we might think about what may lie between transcendence and immanence **Mysticism in Christianity** William Kaye Fleming, 1913 *Christian Mysticism* Louise Nelstrop, Kevin J. Magill, Bradley B. Onishi, 2009 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today s spiritual seekers The Riddle of Christian Mystical Experience Paul Mommaers, 2003 A distinctive feature of mystical experience is that it is imageless Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind However a crucial question arises here If mystical union consists in simply transcending what is part and parcel of the human condition where is its relevance Is the mystic as such in a position to be his or her human self thinking and loving enjoying and suffering Can he or she be active in the world of humankind Obviously it is especially in the Christian tradition that this matter comes to the fore as a radical difficulty For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person s union with God Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear The Riddle of Christian Mystical Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor Bernard of Clairvaux and Bonaventure

describing Francis of Assisi's experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec. Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries. The main result of this procedure may come as a surprise. Far from turning into a detached creature who forgets about the Humanity and the human, the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works. Experiencing union with intermediary and without intermediary, the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection.

The Christology and Mystical Theology of Karl Rahner Joseph H. Wong, Harvey D. Egan, 2020-06-23. The Christology and Mystical Theology of Karl Rahner delineates what Rahner means by the mysticism of daily life, the mysticism of the masses, the mysticism of the classical masters, the difference between infused and awakened contemplation, the relation of mysticism to Christian perfection and Rahner's controversial view that the mystical life does not require a special grace. It explores how Rahner embraces the person of Jesus Christ whom Rahner sees as Christianity's center both with his acute theological mind but also with his Jesuit heart. Who has better defined the human person as the ability to be God in the world understood Jesus' humanity as God's human in the world and boldly stated the difference between Jesus and other human beings that is only he is God's humanity in the world. The book also looks at Rahner's view of Jesus as the absolute savior, his ascending and descending Christology, his creative re-interpretation of Christ's death and resurrection, his seeking Christology and his controversial anonymous Christian theory. Finally it emphasizes the influence of St Ignatius of Loyola on Rahner's thinking. Ignatius's Spiritual Exercises, especially their emphasis on God working immediately with the person, its Christology and the rules for the discernment of spirits, plays a key role in Rahner's overall theological view. Few Catholic theologians have taken Christian saints and mystics as theological sources as seriously as Rahner has.

Christian Mysticism Harvey D. Egan SJ, 1998-09-16 Christian mysticism is unique in its view of Jesus death and resurrection as the very cause and exemplar of the mystical life in all its purity Jesus saving death on the cross exemplifies the mystical letting go of everything consoling tangible and finite in order to surrender totally to the mystery of the Father s unconditional love In this introduction to Christian mysticism Reverend Harvey Egan SJ presents four Christian mystics as paradigms of the classical tradition St Ignatius of Loyola St Teresa of Avila St John of the Cross and the unknown author of the Cloud of Unknowing From this foundation he moves to two contemporary figures Thomas Merton and Pierre Teilhard de Chardin each of whom reflects a contemporary transposition of the two mystical traditions the apophatic which emphasizes the radical difference between God and creatures and the kataphatic which emphasizes the similarity between God and creatures

Mystics of the Christian Tradition Steven Fanning, 2005-06-29 From divine visions to self tortures some strange mystical experiences have shaped the Christian tradition as we know it Full of colourful detail *Mystics of the Christian Tradition* examines the mystical experiences that have determined the history of Christianity over two thousand years and reveals the often sexual nature of these encounters with the divine In this fascinating account Fanning reveals how God s direct revelation to St Francis of Assisi led to his living with lepers and kissing their sores and describes the mystical life of Margery Kempe who took weeping to new decibel levels Through presenting the lives of almost a hundred mystics this broad survey invites us to consider what it means to be a mystic and to explore how people such as Joan of Arc had their lives determined by divine visions *Mystics of the Christian Tradition* is a comprehensive guide to discovering what mysticism means and who the mystics of the Christian tradition actually were

Christian Mysticism Today William Johnston, 1984 *Christianity as mystical fact and the mysteries of antiquity* Rudolf Steiner, 2016-11-10 Because of his sense of the interconnectedness of the spiritual world with nature art medicine and all the rest of life Rudolf Steiner was a profound polymath In his seminal study *Christianity as*

Mystical Fact he turned his esoteric genius to interpreting the Christ event as the turning point in the world's spiritual history an incarnation whose significance he saw transcending all religions Bishop Frederick H Borsch professor of New Testament and chair of Anglican Studies Lutheran Theological Seminary Philadelphia As simultaneously mysticism and fact Christianity is a breakthrough in the historical development of humanity for which the mysteries with the results that they brought about form a prior evolutionary stage Rudolf Steiner During the fall and winter of 1901 1902 Steiner gave a series of lectures called Christianity As Mystical Fact to members of the Theosophical Society The lectures were rewritten and issued as a book later that year They mark a watershed in the development of Western esotericism Steiner wrote of the idea behind his book The title Christianity As Mystical Fact was one I gave to this work eight years ago when I gathered together the content of lectures given in 1902 It was meant to indicate the special approach adopted in the book Its theme is not just the mystical side of Christianity in a historical presentation It was meant to show from the standpoint of a mystical awareness how Christianity came into being Behind this was the idea that spiritual happenings were factors in the emergence of Christianity which could only be observed from such a point of view It is for the book itself to demonstrate that by mystical I do not in any way imply a vague intuition rather than strict scientific argument In many circles mysticism is understood as just that and therefore it is distinguished from the concerns of all genuine science In this book however I use the term to mean a presentation of spiritual reality a reality accessible only to a knowledge drawn from the sources of spiritual life itself Anyone who denies the possibility of such knowledge in principle will find its contents hard to comprehend any reader who accepts the idea that mysticism may coexist with the clarity of the natural sciences may acknowledge that the mystical aspect of Christianity must be described mystically This is a fundamental book in Steiner's own development in that of Western esotericism and for our understanding of the Christ event Readers will find the evolutionary development from the ancient Mysteries through the great Greek philosophers to the events portrayed in the Gospels Included are an informative introduction and annotated notes by Andrew Welburn and an afterword by Michael Debus a priest of the Christian Community who summarizes the book and places it in context [Exploring Lost Dimensions in Christian Mysticism](#) Dr Louise Nelstrop, Dr Simon D Podmore, 2013-12-28 Mystical theology has developed through a range of meanings from the hidden dimensions of divine significance in the community's interpretation of its scriptures to the much later science of the soul's ascent into communion with God The thinkers and questions addressed in this book draws us into the heart of a complicated beautiful and often tantalisingly unfinished conversation continuing over centuries and often brushing allusively into parallel concerns in other religions Raising fundamental matters of epistemology representation metaphysics and divine reality contributors approach the mystical from postmodern feminist sociological and historical perspectives through thinkers such as Meister Eckhart Thomas Aquinas Catherine of Siena Ignatius of Loyola William James Evelyn Underhill Ernst Troeltsch Rudolf Otto Jacques Derrida Jean Luc Marion and Jean Louis Chr tien Medieval and early modern radical prophetic

Not of this World James S. Cutsinger, 2003 Anthology of nearly two thousand years of Christian mystical writings from Catholic Eastern Orthodox and Protestant perspectives **Mystic, Rebel, Saint** : José C. Nieto, 1979 Soundings in the Christian Mystical Tradition Harvey D. Egan, 2010-10-01 Called in a special way to listen to God's whispers the mystics amplify not only what it means to be baptized into the life death and resurrection of Jesus Christ and to having the Trinity living in them but also what is deepest in the human spirit Mystics experience themselves as an infinite question to which only God is the answer as an immense longing that only Love can quench as a nothing in the face of the No Thing They are God's fools troubadours the great artists and poets of the interior life whose learned ignorance articulates the art of loving God neighbor self the Church and the world In Soundings in the Christian Mystical Tradition Harvey Egan draws on fifty years of reading and teaching the mystics to sketch the varieties and passion of the mystical life across more than two millennia Through their stories and words Egan reveals that all were conscious of the paradox of human identity supremely and unsurpassably manifested in the God Man that the genuinely human is disclosed only through surrender to God and that the search for God cannot bypass the genuinely human Harvey D Egan SJ is the author of numerous works on Christian mysticism and the thought of Karl Rahner He is currently professor of systematic and mystical theology at Boston College

An Introduction to Christian Mysticism Jason M. Baxter, 2021-03-16 This brief accessibly written volume introduces key figures texts and themes of the mystical tradition and shows how and why the mystics can speak to the church today Jason Baxter an expert educator and storyteller explains that the mystical tradition offers a more robust understanding of God than our current shallow conceptions Featuring engagement with primary sources and suitable for use in a variety of courses this book argues that the mystics have much to say to contemporary Christians searching for authentic modes of spirituality

Jesus in Our Western Culture Edward Schillebeeckx, 1987 This the shortest of Edward Schillebeeckx's books so far represents a distillation of his previous thought and contains important anticipations of the long awaited third volume of his great trilogy which is nearing completion The fact that it was delivered in spring 1986 as the Abraham Kuyper lectures in Amsterdam accounts not only for its brevity but also for its clarity Here those who have so far been put off exploring the work of one of the greatest living theologians will find an admirable introduction and those who have struggled with his larger volumes will find an account which goes straight to the heart of the matter Beginning from our modern world for one of his new slogans is Outside the world there is no salvation Professor Schillebeeckx looks at the place of God in contemporary culture he then moves back to look at the life of Jesus and the way in which it has been responded to by the church A final chapter the longest looks first at ethics then at the tension between mysticism and politics commitment to both of which is vital for Christians today and shows how these three dimensions together must provide the framework for their life Edward

Schillebeeckx is a Dominican and Professor Emeritus of Theology and the History of Theology in the University of Nijmegen

The Riddle of Christian Mystical Experience Paul Mommaers, 2002-12-18 A fascinating study of Christian mysticism. Anyone engaged in the study of Christian mysticism or of its historical figures encounters a recurring puzzle or riddle: How can mystical experience of imageless realms be reconciled with the real bodily presence of Jesus Christ? How can people raised to heights surpassing the corporeal continue to experience the lowly pleasure of a human body? Paul Mommaers's in-depth study of mysticism seeks to resolve this apparent paradox. Through careful readings of great Christian mystics—Julian of Norwich, Teresa of Avila, Bernard of Clairvaux, Francis of Assisi, Richard of Saint Victor, and especially the Flemish mystics Hadewijch and Jan van Ruusbroec—Mommaers uncovers the unity that exists between life in the present world and life in union with the divine. He also provides an original explanation of the role of Jesus' humanity in mediating the Christian mystical experience. Practical as well as theological, this book is both a fascinating look into the minds of several heroes of the faith and a unique devotional tool for those seeking their experiences for themselves.
