Napoleon And Hitler A Comparative Biography:

Napoleon and Hitler Desmond Seward,1988 *The Great German Nation* Craig White,2007-09 Who exactly are the Germans From which ancestor of Noah do they descend Might their roots be found in the ancient Middle East Does the Bible God s precious Word have anything to say with regard to the very talented German peoples and their ancient roots Or does God ignore major nations such as Germany in His Word These fascinating and highly talented people have been central to world history Notice a chilling comment in an article on Russia by Peter Zeihan history really does run in cycles Take Europe for example European history is a chronicle of the rise and fall of its geographic center As Germany rises the powers on its periphery buckle under its strength and are forced to pool resources in order to beat back Berlin As Germany falters the power vacuum at the middle of the Continent allows the countries on Germany s borders to rise in strength and become major powers themselves Since the formation of the first Germany in 800 this cycle has set the tempo and tenor of European affairs A strong Germany means consolidation followed by a catastrophic war a weak Germany creates a multilateral concert of powers and multistate competition often involving war but not on nearly as large a scale For Europe this cycle of German rise and fall has run its course three times the Holy Roman Empire Imperial Germany Nazi Germany and is only now entering its fourth iteration with the reunified Germany **The Biography Book** Daniel S. Sovereignty, International Law, and the French Revolution Edward James Kolla, 2017-10-12 The advent of the principle of popular sovereignty during the French Revolution inspired an unintended but momentous change in international law Edward James Kolla explains that between 1789 and 1799 the idea that peoples ought to determine their fates in international affairs just as they were taking power domestically in France inspired a series of new and interconnected claims to territory Drawing on case studies from Avignon Belgium the Rhineland the Netherlands Switzerland and Italy Kolla traces how French revolutionary diplomats and leaders gradually applied principles derived from new domestic political philosophy and law to the international stage Instead of obtaining land via dynastic inheritance or conquest in war the will of the people would now determine the title and status of territory However the principle of popular sovereignty also opened up new justifications for aggressive conquest and this history foreshadowed some of the most controversial questions in international relations today *Bram Stoker and Russophobia* Jimmie E. Cain, Jr., 2006-04-18 In Victorian England a marked fear of

Russia prevailed in the government and the public As a result of the Crimean War and other Russian threats to the British empire the English mind was haunted by a shadowy enemy of barbarous Eastern invaders The influence of this Russophobia is evident in the works of Bram Stoker who responded to the Russian challenge to British Imperial hegemony through the character of Dracula a primitive and menacing Eastern figure destroyed by warriors pledged to the Crown The text investigates the role of Russophobia in Stoker's fiction particularly his novels Dracula and The Lady of the Shroud It offers historical information about Russophobia and the Crimean War considers Slavic and Balkan connections and analyzes Stoker's vampire themes The resulting work shows how two nations' histories intertwine in an unexpected literary avenue Illustrations include numerous political cartoons of the era *Parameters*, 1990 *Napoleon* Michael Broers, 2015-10-15 All previous lives of Napoleon have relied more on the memoirs of others than on his own uncensored words This is the first life of Napoleon in any language that makes full use of his newly released personal correspondence compiled by the Napoleon Foundation in Paris All previous lives of Napoleon have relied more on the memoirs of others than on his own uncensored words Michael Broers' biography draws on the thoughts of Napoleon himself as his incomparable life unfolded It reveals a man of intense emotion but also of iron self-discipline of acute intelligence and immeasurable energy Tracing his life from its dangerous Corsican roots through his rejection of his early identity and the dangerous military encounters of his early career it tells the story of the sheer determination ruthlessness and careful calculation that won him the precarious mastery of Europe by 1807 After the epic battles of Austerlitz Jena and Friedland France was the dominant land power on the continent Here is the first biography of Napoleon in which this brilliant violent leader is evoked to give the reader a full dramatic and all-encompassing portrait [Air University Library Index to Military Periodicals](#), 1990 *Research Guide to European Historical Biography, 1450-present: Coo-Khr* James A.
