Rover, Don't Roll Over Jody Rosengarten, 2004. Imagine how easy dog training would be if your dog could tell you exactly how to get the results you want. In *ROVER DON'T ROLL OVER*, professional dog trainer and behavioral therapist Jody Rosengarten taps into our four-legged friends' perspective to present new, more realistic approaches to dog training. Does your dog insist on sleeping on your bed? It's okay, let him. Does your pup want to eat people food? Don't worry, go ahead. You don't have to practice training with your dog at least not in any obvious way, and the words you choose to use during training don't matter really. This pro-dog, anti-dogmatic manual rejects the rigidity of traditional obedience classes in lieu of kinder, gentler practices that encourage your dog's natural joie de vivre. Written for thinking dog lovers who want to better understand what makes their companions tick, *ROVER DON'T ROLL OVER* is for busy owners who want a well-behaved dog but don't want to spend a lot of free time getting there. Spoil your dog but teach her to listen, too. This alternative guide offers proven yet flexible training methods that honor human and canine alike. An alternative approach to dog training for first-time puppy owners as well as dog devotees. Features real-life training options that honor the individuality of both owner and dog. Includes daily exercises, trouble-shooting tips, and a special needs chapter for training The Timid Dog, The Bossy Dog, and The Lonely Dog.

Field & Stream, 1979-12. *FIELD STREAM*, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.
