Kearney, Jerrell D. Cogburn, 2015-07-30 Public Human Resource Management Problems and Prospects by Richard C Kearney and Jerrell D Cogburn brings together exemplary contributors who provide concise essays on major contemporary public human resources management issues Organized into four parts setting techniques issues and prospects and covering the major process function and policy issues in the field the text offers valuable wisdom to students and practitioners alike The new edition boasts sixteen new and eleven updated chapters authored by the leading figures in the field as well as by up and coming new scholars **Brother Bill** Daryl A Carter, 2016-06-01 This book is a fascinating analysis of race and class in the age of President Bill Clinton It provides much needed clarity in regards to the myth of the First Black President It contributes much to our understanding of the history that informs our present moment Cornel West As President Barack Obama was sworn into office on January 20 2009 the United States was abuzz with talk of the first African American president At this historic moment one man standing on the inaugural platform seemingly a relic of the past had actually been called by the moniker the first black president for years President William Jefferson Clinton had long enjoyed the support of African Americans during his political career but the man from Hope also had a complex and tenuous relationship with this faction of his political base Clinton stood at the nexus of intense political battles between conservatives demands for a return to the past and African Americans demands for change and fuller equality He also struggled with the class dynamics dividing the American electorate especially African Americans Those with financial means seized newfound opportunities to go to college enter the professions pursue entrepreneurial ambitions and engage in mainstream politics while those without financial means were essentially left behind The former became key to Clinton s political success as he skillfully negotiated the African American class structure while at the same time maintaining the support of white Americans The results were tremendously positive for some African Americans For others the Clinton presidency was devastating Brother Bill examines President Clinton s political relationship with African Americans and illuminates the nuances of race and class at the end of the twentieth century an era of technological political and social upheaval **Culture Centers in Higher Education** Lori D. Patton, 2023-07-03 Are cultural centers ethnic enclaves of segregation or safe havens that provide minority students with

social support that promotes persistence and retention Though Black cultural centers boast a 40 year history there is much misinformation about them and the ethnic counterparts to which they gave rise Moreover little is known about their historical roots current status and future prospects The literature has largely ignored the various culture center models and the role that such centers play in the experiences of college students This book fills a significant void in the research on ethnic minority cultural centers offers the historic background to their establishment and development considers the circumstances that led to their creation examines the roles they play on campus explores their impact on retention and campus climate and provides guidelines for their management in the light of current issues and future directions In the first part of this volume the contributors provide perspectives on culture centers from the point of view of various racial ethnic identity groups Latina o Asian American Indian and African American Part II offers theoretical perspectives that frame the role of culture centers from the point of view of critical race theory student development theory and a social justice framework Part III focuses specifically on administrative and practice oriented themes addressing such issues as the relative merits of full and part time staff of race ethnic specific as opposed to multicultural centers relations with the outside community and integration with academic and student affairs to support the mission of the institution For administrators and student affairs educators who are unfamiliar with these facilities and want to support an increasingly diverse student body this book situates such centers within the overall strategy of improving campus climate and makes the case for sustaining them Where none as yet exist this book offers a rationale and blueprint for creating such centers For leaders of culture centers this book constitutes a valuable tool for assessing their viability improving their performance and ensuring their future relevance all considerations of increased importance when budgets and resources are strained This book also provides a foundation for researchers interested in further investigating the role of these centers in higher education *Ebony*, 1996-12 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine Preserving Privilege Jewelle Taylor Gibbs, Teiahsha Bankhead, 2001-03-30 Gibbs and Bankhead examine the history and current situation in California as it struggles to deal with the ethnic and racial change that will make it the first American state to have a non white majority in the first decade of the 21st century From shock and denial to bargaining to change the outcome they analyze the impact in California and what this may mean for the rest of the country They begin by tracing the major historical social economic and political events of the past 50 years that laid the foundation for the impetus of such ethnically and racially divisive initiatives as the efforts to strengthen anti crime measures remove illegal immigrants limit affirmative action measures and eliminate bilingual education Each of these ballot propositions is examined detailing the pro and con arguments of their advocates and opponents their major financial contributors campaign strategies ethnic voting patterns implications of implementation and their impact on people of color Gibbs and Bankhead then look at parallels from a national and international perspective They

conclude with a discussion of the values that should guide public policy debates in a multiethnic multicultural society and they propose specific policy alternatives to address the issues of crime prevention and control illegal immigration affirmative action and bilingual education A thoughtful analysis that will be of value to concerned citizens as well as policy makers scholars and students of contemporary American issues Pursuing Equal Opportunities Lesley A. Jacobs, 2004 This book offers original and innovative contributions to the debate about equality of opportunity The first part sets out a theory of equality of opportunity that presents equal opportunities as a normative device for the regulation of competition for scarce resources The second part shifts the focus to the consideration of the practical application by courts or legislatures or public policy makers of policies for addressing racial class or gender injustices The author examines standardized tests affirmative action workfare universal health care comparable worth and the economic consequences of divorce
