## Notes Of A Hunter:

The Works of John Hunter, F.R.S. with Notes John Hunter, 1837      **The Works of John Hunter. With Notes. Edited by J. F. Palmer** John HUNTER (F.R.S.), 1837      *The works of John Hunter, with notes, ed. by J.F. Palmer. 4 vols., illustr. by a vol. of plates* John Hunter, 1837      *The Works of John Hunter* John Hunter, 1885      **Hunting Nature** Thomas P. Hodge, 2020-10-15 In *Hunting Nature* Thomas P Hodge explores Ivan Turgenev's relationship to nature through his conception, description and practice of hunting, the most unquenchable passion of his life. Informed by an ecocritical perspective, Hodge takes an approach that is equal parts interpretive and documentarian, grounding his observations thoroughly in Russian cultural and linguistic context and a wide range of Turgenev's fiction, poetry, correspondence and other writings. Included within the book are some of Turgenev's important writings on nature, never previously translated into English. Turgenev, who is traditionally identified as a chronicler of Russia's ideological struggles, is presented in *Hunting Nature* as an expert naturalist whose intimate knowledge of flora and fauna deeply informed his view of philosophy, politics and the role of literature in society. Ultimately, Hodge argues that we stand to learn a great deal about Turgenev's thought and complex literary technique when we read him in both cultural and environmental contexts. Hodge details how Turgenev remains mindful of the way textual detail is wedded to the organic world, the *priroda* that he observed and ached for more keenly than perhaps any other Russian writer.

**Notes of an East Siberian Hunter** A. A. Cherkassov, 2012-01-12 Synopsis by Vladimir Beregovoy. *Notes of an East Siberian Hunter* by A. A. Cherkassov is among the oldest bestsellers in Russia in print since 1865. This book has often been called an encyclopedia of hunting in nineteenth-century East Siberia. It has been cherished and read and reread by generations of hunters and naturalists. It was my dream to share its content with the world outside Russia. I met Steve Bodio, who is also a naturalist and a professional writer with experience in hunting and Russian literature and history. Working together, we completed its first translation into English. The book is narrated in a lively colloquial Siberian folk dialect; we tried to preserve it as much as possible. Its content includes meticulous descriptions of hunting methods, wildlife, ways of life, customs and even superstitions common among Russian frontiersmen and the native people of East Siberia in the nineteenth century. It will be a good reference for historians, biologists, geographers, ethnographers, hunters, linguists and serious environmentalists. V. B. Stephen Bodio, author of *Eagle Dreams On the Edge of the Wild* and *Querencia*, among other titles, see Amazon.com for reviews.
