Notes of a White Black Woman: Race, Color, Community Judy Scales-Trent,1995 In the tradition of Reflections of an Affirmative Action Baby The Alchemy of Race and Rights and The Sweetest the Juice Notes of a White Black Woman explores the meaning of race in the United States the power of racial categories in our lives and the personal experience of being a black professional in an overwhelmingly white world **Notes of a White Black Woman** Judy Scales-Trent,1995

Dispatches from the Color Line Catherine R. Squires,2007-07-05 When modern news media choose to focus attention on people of multiracial descent how does this fit with broader contemporary and historical racial discourses Do these news narratives complicate common understandings of race and race relations Dispatches from the Color Line explores these issues by examining contemporary news media coverage of multiracial people and identities Catherine R Squires looks at how journalists utilize information from many sources including politicians bureaucrats activists scholars demographers and marketers to link multiracial identity to particular racial norms policy preferences and cultural trends She considers individuals who were accused rightly or wrongly of misrepresenting their racial identity to the public for personal gain and also compares the new racial categories of Census 2000 as reported in Black owned Asian American owned and mainstream newspapers These comparisons reveal how a new racial group is framed in mass media and how different media sources reinforce or challenge long standing assumptions about racial identity and belonging in the United States **Raising Biracial Children** Kerry Ann Rockquemore,Tracey A. Laszloffy,2005-11-10 As the multiracial population in the United States continues to rise new models for our understanding of mixed race children and how their conception of racial identity must be developed A wide divide between academics who research biracial identity and the everyday world of parents and practitioners who raise and deal with mixed race children exists This book aims to fill this gap by providing an extensive synthesis of the existing research in the field as well as a model for better understanding the unique process of racial identity development for mixed race children Raising Biracial Children provides parents educators social workers and anyone interested in multiracial issues with an accessible framework for understanding healthy mixed race identity development and to translate those findings into practical care giving strategies **Crossing the Line** Gayle Wald,2000-07-24 Examines constructions of racial identity through the exploration of passing narratives including Black Like Me and forties jazz musician Mezz Mezzrow s memoir Really the Blues *Janet McDonald* Catherine Ross-Stroud,2008-11-24 Much has been written about the state of Black adolescence_often from a sociological point of view situating Black teens in an at risk category However through her characters young adult author Janet McDonald 1954 2007 presents the wide range of adolescent life McDonald especially presents to readers the multifarious views of society in relation to the self efficacious drive of urban teens to rise above their circumstances by any means necessary Janet McDonald The Original Project Girl is a bio critical study of McDonald and her work as it relates to the contributions she has made to the genre of teen fiction It

explains McDonald's profoundly realistic fiction which holds wide appeal for teens in search of answers to the coming of age mystery Catherine Ross Stroud in her study of McDonald's works and interviews with the author has put together a comprehensive resource that will be a useful research tool

Debates over who belongs in Europe and who doesn't increasingly speak the language of mixing but how are the figures commonly described as mixed actually embodied The Biopolitics of Mixing invites us to reckon with the spectres of pathologization past and present placing the celebration of mixing beside moral panics over terrorism and trafficking and a post race multiculturalism that elevates some as privileged members of the neoliberal community whilst ghosting others from it Drawing on a broad archive including rich qualitative interviews conducted in Britain and Germany media and policy debates popular culture race based research and queer of colour theories this book imagines into being communities in which people and places normally kept separate can coexist in the same reality As such it will appeal to scholars across a range of sociological and cultural studies including critical race ethnic and migration studies transnational gender and queer studies German and European studies Thai and Southeast Asian studies and studies of affect performativity biopolitics and necropolitics It should be read by all those interested in thinking critically on the intersections of race class gender sexuality and disability

Identity Politics in the Women's Movement Barbara Ryan, 2001-08 An essential collection that constructs the arguments of similarity and difference dividing and uniting women In recent years identity has come to be seen as a process rather than a fact or deterministic force Yet recognizable identity traits continue to draw people together and provide them with a sense of empowering commonality Although the plasticity afforded identity has freed up rigid definitions and guidelines for affiliation some believe that nebulous demarcations of identity may deprive women of a solid position from which to effectively contest centers of power Bringing together articles by well known authors and theorists such as Audre Lorde June Jordan Daphne Patai Barbara Smith Marilyn Frye Shane Phelan Leila J Rupp Hazel Carby and Adrienne Rich with lesser known writers and scholars this broad based anthology ranges widely from personal

narratives to empirical research The book unpacks issues of race class gender ethnicity sexuality disability and age contributing a m lange of sharp lively perspectives to current debate In a postmodern era of feminism how do women come to identify organize and mobilize themselves within a complex global network of relationships Identity Politics in the Women s Movement offers critical examination of the inescapable role of identity in academic and activist feminism and the opportunities challenges and conflicts identity politics pose
