Century Gothic is a sans-serif typeface designed for Monotype Imaging in 1991. Sol Hess's Twentieth Century, designed between 1937 and 1947 for The Lanston Monotype Company, inspired the design of Century Gothic. This typeface is used for headlines, general display work, and for small quantities of text. Specifically, Century Gothic has been used in Star Trek: Enterprise, band logos, and in many video games. Century Gothic is one of the more economically friendly fonts because it uses less ink to print.
