Notes On Novelists With Some Other Notes:

Notes on Novelists Henry James, 1914 **Notes on Novelists, with Some Other Notes** Henry James, 2019-11-20 In *Notes on Novelists with Some Other Notes* Henry James presents a series of critical essays that delve into the craft of novel writing and the literary landscape of his time. This collection is characterized by its meticulous prose and reflective style, embodying the author's acute awareness of the nuances of narrative construction and character development. James offers insightful assessments of several prominent novelists, exploring their thematic preoccupations, stylistic choices, and the broader socio-cultural contexts influencing their works. Through this examination, he not only critiques but also celebrates the complexity and richness of the novel as a literary form, contributing to the discourse on modernism and the evolving nature of narrative art. Henry James, a towering figure in literary modernism, draws from his extensive experiences in both American and European literary circles in crafting this collection. His transatlantic perspective enriched his understanding of varied narrative techniques and cultural contexts. Having navigated the intricacies of character psychology and social dynamics in his own novels, James's critical lens is sharpened by his own narrative innovations, making his commentary both authoritative and reflective of his lived experience. This book is highly recommended for students, scholars, and enthusiasts of literature seeking a deeper understanding of the novel's evolution through the eyes of one of its foremost practitioners. James's essays provide not just criticism but also a thoughtful commentary on the art of storytelling, inviting readers to engage with the intricacies of fiction and to appreciate the craft behind the narratives they cherish. *Notes on Novelists* Henry James, 1914

Notes on Novelists, With Some Other Notes Henry James, 2019-11-28 Henry James (1843-1916) was an American-British author regarded as a key transitional figure between literary realism and literary modernism, who is considered to be one of the greatest novelists in the English language. His best-known novels, including *The Portrait of a Lady* and *The Wings of the Dove*, deal with the social and marital interplay between emigre Americans, the English, and continental Europeans, whilst his later works were increasingly experimental, describing the internal states of mind and social dynamics of his characters. In addition to his novels, he published articles and books of criticism, travel biography, and plays. Born in the US, James largely relocated to Europe as a young man and eventually settled in England, becoming a British subject in 1915, the year before his death. This book of literary criticism, first published in 1914, is a collection of essays James had written over the preceding two decades on French, Italian, English, and American writers. It also includes his controversial essay *The New Novel* (1914), which passes judgment on various contemporary writers and occasioned much disagreement. [Notes on Novelists](#) Henry James, 2025-03-29 *Notes on Novelists With Some Other Notes* by Henry James offers insightful literary criticism on some of the most important novelists in the English language.
