Notes On Thought Vision The Wise Sappho:

Notes on Thought and Vision Hilda Doolittle, 1982-10 Notes on Thought and Vision by Imagist poet H D Hilda Doolittle is an aphoristic meditation on how one works toward an ideal body mind synthesis a contemplation of the sources of imagination and the creative process and a study of gender differences H D believed to be inherent in women s and men s consciousness Here too is The Wise Sappho a lyrical tribute to the great poet of Lesbos for whom H D felt deep personal kinship **Notes on Thought and Vision ; And, The Wise Sappho** Hilda Doolittle, 1988 The Troubling Play of Gender

Maria Stadter Fox, 2001 Although these three modernist writers were not primarily playwrights as expatriates they were interested in the Euripidean theme of women in exile each independently chose to rewrite Euripides Hippolytus a play in which the protagonist is a woman in exile whose speech writing and passion are deeply problematic Each author approaches the Euripidean material in a different way Tsvetaeva focuses on gender in language Yourcenar explores the gendering of a self and H D performs the undoing of gendered oppositions **BOOK JACKET Abandoned Women and Poetic Tradition**

Lawrence Lipking, 1988-09-15 At the heart of poetic tradition is a figure of abandonment a woman forsaken and out of control She appears in writings ancient and modern in the East and the West in high art and popular culture produced by women and by men What accounts for her perennial fascination What is her function in poems and for writers Lawrence Lipking suggests many possibilities In this figure he finds a partial record of women s experience an instrument for the expression of religious love and yearning a voice for psychological fears and finally a model for the poet Abandoned women inspire new ways of reading poems and poetic tradition H. D. and Hellenism Eileen Gregory, 1997-09-28 H D and Hellenism Classic

Lines concerns a prominent aspect of the writing of the modern American poet H D Hilda Doolittle a lifelong engagement with hellenic literature mythology and art H D s hellenic intertextuality is examined in the context of classical fictions operative at the turn of the century the war of words among literary critics establishing a new classicism in reaction to romanticism the fictions of classical transmission and the problem of women within the classical line nineteenth century romantic hellenism represented in the writing of Walter Pater and the renewed interest in ancient religion brought about by anthropological studies represented in the writing of Jane Ellen Harrison Eileen Gregory explores at length H D s intertextual engagement with specific classical writers Sappho Theocritus and the Greek Anthology Homer and Euripides The concluding chapter sketches chronologically H D s career long study and reinvention of Euripidean texts An appendix catalogues classical subtexts in Collected Poems 1912 1944 edited by Louis Martz **Chaos and Order** N. Katherine

Hayles, 1991-08-13 The scientific discovery that chaotic systems embody deep structures of order is one of such wide ranging implications that it has attracted attention across a spectrum of disciplines including the humanities In this volume fourteen theorists explore the significance for literary and cultural studies of the new paradigm of chaotics forging connections between contemporary literature and the science of chaos They examine how changing ideas of order and disorder enable

new readings of scientific and literary texts from Newton's Principia to Ruskin's autobiography from Victorian serial fiction to Borges's short stories. N Katherine Hayles traces shifts in meaning that chaos has undergone within the Western tradition suggesting that the science of chaos articulates categories that cannot be assimilated into the traditional dichotomy of order and disorder. She and her contributors take the relation between order and disorder as a theme and develop its implications for understanding texts, metaphors, metafiction, audience response and the process of interpretation itself. Their innovative and diverse work opens the interdisciplinary field of chaos to literary inquiry. *Translation and Modernism* Emily O. Wittman, 2023-12-08 This innovative volume extends existing conversations on translation and modernism with an eye toward bringing renewed attention to its ethically complex appropriative nature and the subsequent ways in which modernist translators become co-creators of the materials they translate. Wittman builds on existing work at the intersection of the two fields to offer a more dynamic, nuanced and wider lens on translation and modernism. The book draws on scholarship from descriptive translation studies, polysystems theory and literary translation to explore modernist translators' appropriation of source texts and their continuous recalibrations of equivalence between source text and translation. Chapters focus on translation projects from a range of writers including Beckett, Garnett, Lawrence, Mansfield and Rhys, with a particular spotlight on how women's translations and women translators' innovations were judged more critically than those of their male counterparts. Taken together, the volume puts forth a fresh perspective on translation and modernism and of the role of the modernist translator as co-creator in the translation process. This book will be of particular interest to scholars in translation studies, modernism, reception theory and gender studies. "Strange Prophecies Anew" Tony Trigilio, 2000 This book revives questions of religious and political authority in poetic prophecy. It argues that modern prophecy operates within a dynamic of continuity and estrangement that combines immanent and transcendent modes of representation, creating a poetry that revises the very tradition that authorizes it. **H.D. and the Image** Rachel Connor, 2004 H.D. and the Image is the only book-length study to explore how H.D.'s involvement with the moving image from her appearance in avant-garde films to her experience of film editing and her discursive writing on cinema informs the textual practice of her poetry and prose. Focusing on the eclecticism of H.D.'s intellectual pursuits and drawing on a broad theoretical framework which includes gender, film and cultural theory, the book makes a significant contribution to the increasingly multidisciplinary field of transatlantic modernist studies. Mysticism in Postmodernist Long Poems Joe Moffett, 2014-10-28 Written from a literary critic's perspective, *Mysticism in Postmodernist Long Poems* borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry, specifically the genre of the long poem. Descending from Whitman's *Song of Myself*, the long poem is often considered the American twentieth-century equivalent of the epic poem, but unlike the epic it carries few generic expectations aside from the fact that it simply must be long. This makes the form particularly pliable as a tool for spiritual inquiry. The period following World War II is often described as a secular age, but spirituality

continued as a concern for poets as evidenced by this study. These writers look beyond conventional faith systems and instead seek individual paths of understanding; they engage in mysticism in other words. With chapters on H. D. and Brenda Hillman, Robert Duncan, James Merrill, Charles Wright, and Galway Kinnell, and Gary Snyder, this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence. Not content to throw over the earthly in favor of the otherworldly, these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine.
