**Notes from the Other Side of Night** Juliana Geran Pilon, 2017-07-12 Notes from the Other Side of Night is a diary memoir written upon Juliana Geran Pilon's return to her native Romania in 1975 which she had left along with her family when she was just fourteen Poetically weaving together modern insight and realities with childhood perceptions Pilon tells the haunting stories of her parents grandparents neighbors and friends Although the scenery of her native home had remained essentially unchanged since her childhood Pilon recalls streets that are no more homes and churches that have been demolished Yet the hills and forests the flowers and mountains the heat of old Bucharest remained the same The scenes and characters described in this book are simply unforgettable Despite the many tragedies it describes anti semitism political imprisonment and judicial execution were ruthless realities under communism Notes from the Other Side of Night is not a depressing book Pilon writes with a detached melancholy about events and characters that illustrate Hannah Arendt's terrifying banality of evil But she remembers as well those few who managed to remain human beings until the end Ultimately hope triumphs in this memoir This edition includes a new foreword which discusses the initial writing and publication of this and previous editions

**The Other Side of Night** Adam Hamdy, 2022-10-11 For fans of Matt Haig and Anthony Horowitz a strange compelling and ultimately moving head spinner of a novel John Connolly in which the lives of a disgraced police officer a prolific author and an upstanding citizen are inextricably bound together by a series of mysterious deaths The Other Side of Night begins with a man named David Asha writing about his biggest regret his sudden separation from his son Elliot In his grief David tells a story Next we step into the life of Harriet Kealty a police officer trying to clear her name after a lapse of judgment She discovers a curious inscription in a secondhand book a plea Help me he's trying to kill me Who wrote this note Who is he This note leads Harri to David Asha who was last seen stepping off a cliff Police suspect he couldn't cope after his wife's sudden death Still why would this man jump and leave behind his young son Quickly Harri's attention zeroes in on a person she knows all too well Ben Elmys once the love of her life A surrogate father to Elliot Asha and trusted friend to the Ashas Ben may also be a murderer Compulsively readable and thought provoking The Other Side of Night is one of those rare books that you'll still be thinking about long after the last page Jenny Blackhurst author of How I Lost You

the room only to run from me you re severely wrong You ve burned yourself into my soul and now it s time for us to blaze together Burninglly yours Hawke

**The Night Letters** Denise Leith,2020-10-07 For five years Australian doctor Sofia Raso has lived in Kabul s vibrant Shaahir Square working with Dr Jabril Aziz to support the local women She knows that living peacefully in Kabul requires following two simple rules keep a low profile and keep out of local affairs Yet when threatening night letters from the Taliban taunt the town and young boys disappear from Jamal Mina Kabul s largest slum Sofia can no longer remain silent While the square is encased by fear an elegant former warlord proves an unlikely ally and a former lover re emerges with a warning As the search for the boys intensifies and Sofia feels herself being drawn back into a love affair she thought had ended it soon becomes clear that answers will bring a heavy price Gripping and evocative *The Night Letters* takes you to the heart of Kabul in a story of secrets friendship and love in all its imperfect guises Full of wonderful prose and with a stunning sense of place *The Night Letters* is a story of love betrayal corruption and friendship It made me weep and cheer Michael Robotham author of *When She Was Good* A bittersweet and astonishingly detailed narration of both the simplicity and complexity of life in Afghanistan What I loved about the book is that it does not represent Afghan women as passive and docile but you will learn about their stories of bravery struggles and persistence Aalam Gul Farhad *Night Parrot* Penny Olsen,2018-09-01 For well over a century the Night Parrot lured its seekers into Australia s vast arid outback From the beginning it was a mysterious bird Fewer than 30 specimens were collected before it all but disappeared offering only fleeting glimpses and the occasional mummified body as proof of its continued existence Protected by spinifex and darkness the parrot attained almost mythical status a challenge to birdwatchers and an inspiration to poets novelists and artists *Night Parrot* documents the competitiveness and secrecy the triumphs and adventures of the history of the bird and its followers culminating in the recent discovery of live birds at a few widely scattered locations It describes what we are now unravelling about the mysteries of its biology and ecology and what is still left to learn Complemented by guest essays illustrations and photographs from a wide variety of sources this book sheds light on Australia s most elusive bird

**To-Night! or, the Total Eclipse [a satire, in verse] ... Dedicated to "To-Day" ... By the author of "The Greeks-The Pigeons" ... &c. Fifteenth edition** TO-NIGHT.,1818 One Hundred and Sixty Minutes William Elliott Hazelgrove,2021-09-01 One hundred and sixty minutes That is all the time rescuers would have before the largest ship in the world slipped beneath the icy Atlantic There was amazing heroism and astounding incompetence against the backdrop of the most advanced ship in history sinking by inches with luminaries from all over the world It is a story of a network of wireless operators on land and sea who desperately sent messages back and forth across the dark frozen North Atlantic to mount a

rescue mission More than twenty eight ships would be involved in the rescue of Titanic survivors along with four different countries At the heart of the rescue are two young Marconi operators Jack Phillips 25 and Harold Bride 22 tapping furiously and sending electromagnetic waves into the black night as the room they sat in slanted toward the icy depths and not stopping until the bone numbing water was around their ankles Then they plunged into the water after coordinating the largest rescue operation the maritime world had ever seen and thereby saving 710 people by their efforts The race to save the largest ship in the world from certain death would reveal both heroes and villains It would begin at 11 40 PM on April 14 when the iceberg was struck and would end at 2 20 AM April 15 when her lights blinked out and left 1500 people thrashing in 25 degree water Although the race to save Titanic survivors would stretch on beyond this most people in the water would die but the amazing thing is that of the 2229 people 710 did not and this was the success of the Titanic rescue effort We see the Titanic as a great tragedy but a third of the people were rescued and the only reason every man woman and child did not succumb to the cold depths is due to Jack Phillips and Harold McBride in an insulated telegraph room known as the Silent Room These two men tapping out CQD and SOS distress codes while the ship took on water at the rate of 400 tons per minute from a three hundred foot gash would inaugurate the most extensive rescue operation in maritime history using the cutting edge technology of the time wireless
