Nothing Was Ever Said

Patrick M. Sheridan

Nothing Was Ever Said:

Nothing's Ever the Same Cyn Vargas, 2024-05-14 Itzel's 13th birthday party starts in just about the unluckiest way possible with her dad having a heart attack. In those frantic moments the piñata and the frosted sheetcake and the Styrofoam cups of orange soda are forgotten. The day's highlights end up being CPR, an ambulance ride, and angioplasty. But when her father gets home from the hospital, his problems are far from over, and Itzel's are just getting started. *Nothing's Ever the Same* chronicles a young girl's coming of age in Chicago, growing up as her family grows apart. In masterful fashion, Cyn Vargas gives us a touching and memorable and universal story about a marriage on the brink and a teenager looking for love. It's a short book that packs a wallop; it's also a beautiful meditation on dysfunction and forgiveness and all the times in life to which we can never return. The New Chicago Classics are a disparate set of titles united around a common theme, showcasing the city's up-and-coming literary talents as they produce enduring works. These excellent titles are destined to stand in the first rank of literature about the second city.

How Come Nothing Ever Kills Granddad? Patrick M. Sheridan, 2009-09-23 For seventy years Pat Sheridan has lived an extraordinary and lucky life. He faced life's problems without ever losing his sense of humor, his spirit, or his optimistic outlook. His autobiography takes us inside a family of twelve children raised in Detroit and shows us the funny side of growing up in a large family in the post-war years. He gives us a very candid look at life in the United States Army in the nineteen sixties. His civic and political activities led him to meetings and shared speaking engagements with U.S. Senators, Vice Presidents of the United States, and a meeting in the Oval Office with President Richard Nixon. We follow his business career with a no-holds-barred look at the people he worked with as he progressed toward becoming the Chief Executive Officer of several companies. As Executive Vice President and Chief Financial Officer of a Fortune 500 company, he worked with the financial giants of Wall Street. Pat and his wife Diane took their family on annual vacations that eventually brought them to thirty countries. His insights and the humorous incidences that they encounter make for an irreverent tour guide for traveling abroad. Having survived several cancer operations, hepatitis C, cirrhosis of the liver, diabetes, dozens of kidney stones, and more than a dozen other surgeries and diseases, he calls himself God's lab rat. His latest cancers led his granddaughter to ask her mother, "How come nothing ever kills granddad?"

Nothing Ever Happens Here Sarah Hagger-Holt, 2021-05-04 Warm and hopeful, this is a touching and honest depiction of a family changing together and staying together. I wonder what people would think if they could take the front off our house like a doll's house and watch us. All in the same house but everyone separate. No one talking but everyone thinking the same thing. Will we ever be a normal family again? Izzy's family is under the spotlight when her dad comes out as Danielle, a trans woman. Izzy is terrified her family will be torn apart. Will she lose her dad? Will her parents break up? And what will people at school say? Now all eyes are on Izzy. Can she face her fears, find her voice, and stand up for her family and what's right?
