Nothing Wonderful:

The Sublime Andrew Ashfield, Peter de Bolla, 1996-08-15 This collection of texts on the Sublime provides the historical context for the foundation and discussion of one of the most important aesthetic debates of the Enlightenment The significance of the Sublime in the eighteenth century ranged across a number of fields literary criticism empirical psychology political economy connoisseurship landscape design and aesthetics painting and the fine arts and moral philosophy and has continued to animate aesthetic and theoretical debates to this day However the unavailability of many of the crucial texts of the founding tradition has resulted in a conception of the Sublime often limited to the definitions of its most famous theorist Edmund Burke Andrew Ashfield and Peter de Bolla's anthology which includes an introduction and notes to each entry offers students and scholars ready access to a much deeper and more complex tradition of writings on the Sublime many of them never before printed in modern editions *Parochial Sermons* John Henry Newman, 2024-08-25 Reprint of the original first published in 1840 **Parochial Sermons** John Henry Newman, 1840 [The Emergence of the Classical Style in Greek Sculpture](#) Richard Neer, 2010-10-22 In this wide ranging study Richard Neer offers a new way to understand the epoch making sculpture of classical Greece Working at the intersection of art history archaeology literature and aesthetics he reveals a people fascinated with the power of sculpture to provoke wonder in beholders Wonder not accuracy realism naturalism or truth was the supreme objective of Greek sculptors Neer traces this way of thinking about art from the poems of Homer to the philosophy of Plato Then through meticulous accounts of major sculpture from around the Greek world he shows how the demand for wonder inducing statues gave rise to some of the greatest masterpieces of Greek art Rewriting the history of Greek sculpture in Greek terms and restoring wonder to a sometimes dusty subject [The Emergence of the Classical Style in Greek Sculpture](#) is an indispensable guide for anyone interested in the art of sculpture or the history of the ancient world [The Homilies](#) Saint John Chrysostom, 1854 *A Library of Fathers of the Holy Catholic Church, Anterior to the Division of the East and West*, 1839 **The Homilies of St. John Chrysostom on the First Epistle of St. Paul the Apostle to the Corinthians** Saint John Chrysostom, 1854 *The Homilies of S. John Chrysostom on the First Epistle of St. Paul the Apostle to the Corinthians* Saint John Chrysostom, 1839 , **Fire Mountain** Norman Springer, 2024-11-24 FIRE MOUNTAIN IS A THRILLING SEA STORY BY NORMAN SPRINGER AUTHOR OF THE BLOOD SHIP Years Bright aslant eyes and a suave and ever ready smile that broke immediately Martin met his gaze You will be so good as to inform the honorable that Dr Ichi is here he asked in precise and stilted voice Ever the same the noiseless entry the quietly spoken request for the lawyer Martin repressed a flash of irritation the little Japanese with his uncanny soft footedness and stereotyped address got upon his nerves However his orders were explicit Mr Smatt would see Dr Ichi without delay or preliminary whenever Dr Ichi favored the office with a visit It was already the third visit that day but orders were orders So Martin inclined his head toward the door of Smatt's private office The Japanese crossed the room He bowed to Martin as stately a bow as if Martin

were also an honorable instead of a poor devil of a law clerk then noiselessly as he had entered the outer office Dr Ichi disappeared within Smatt's sanctum Martin turned to his window again But his bright day dream was fled and he could not conjure it back again The view was without charm His thoughts despite himself persisted in centering upon the dapper little figure now closeted with his employer The dandified Jap aroused Martin's interest What manner of client was this Dr Ichi Martin had not seen a single scrap of paper nor had Smatt dropped a single hint concerning the case It was mysterious Martin was not an overly curious chap but he was human It was another of Smatt's secret cases thought Martin Another token of those hidden activities of the old vulture which he sensed but did not know about For though Martin attended to the routine work though his duties were responsible Smatt specialized and was prominent in maritime law still Martin knew he did not enjoy his employer's complete confidence Much of Smatt's time was taken up with cases Martin knew nothing about with clients who appeared to shun the daylight of the courts The Nippon Trading Company for instance Martin knew Smatt was interested in a company of that name a strange company that apparently conducted business without using the mails And there was business between Ichi and Smatt money or Smatt would have nothing to do with it The mystery aroused Martin's dormant curiosity But all his speculation was pointless Martin bethought himself of the marine affidavit lying uncompleted upon his desk He turned from the window with the intention of applying himself to that task and he discovered the office to have a second visitor Another unusual figure who possessed the penchant for surreptitious entry He observed the fellow in the very act of closing the office door
