Novel History:

History and the Contemporary Novel David Cowart, 1989 Cowart presents a study of international historical fiction since World War II with reflections on the affinities between historical and fictional narrative analysis of the basic modes of historical fiction and readings of a number of historical novels including John Barth's *The Sot-Weed Factor* Marguerite Yourcenar's *Memoirs of Hadrian* Russell Hoban's *Riddley Walker* Margaret Atwood's *The Handmaid's Tale* Giuseppe Tomasi di Lampedusa's *The Leopard* D. M. Thomas's *The White Hotel* William Faulkner's *Go Down, Moses* and Umberto Eco's *The Name of the Rose* He proposes recognizing four modes of the historical novel: the past as a distant mirror of the present; fictions whose authors seek to pinpoint the precise historical moment when the modern age or some prominent feature of it came into existence; fictions whose authors aspire purely or largely to historical verisimilitude; and fictions whose authors reverse history to contemplate utopia and dystopia in the future. Thus historical fiction can be organized under the rubrics: The Distant Mirror, The Turning Point, The Way It Was, and The Way It Will Be. This fourfold schema and his focus on postwar novels set Cowart's work apart from previous studies which have not devoted adequate space to the contemporary historical novel. Cowart argues that postwar historical fiction merits more extensive treatment because it is the product of an age unique in the annals of history: an age in which history itself may end.

The historical novel Herbert Butterfield, 2025-03-02 In *The Historical Novel* Herbert Butterfield delves into the intricate interplay between history and fiction, examining how novelists have shaped and reshaped historical narratives to resonate within contemporary contexts. Butterfield adopts a critical yet engaging literary style, blending philosophical musings with historical analysis as he scrutinizes the underpinnings of the historical novel genre. Through a masterful exploration of key works and their authors, he articulates the tension between artistic license and factual accuracy, positioning these narratives within the larger tapestry of historiography and cultural memory. Herbert Butterfield, a prominent historian and philosopher of history, offers a unique perspective shaped by his extensive academic and intellectual background. His endeavors often focused on the relationship between history and philosophy, highlighting the subjective nature of historical interpretation. Butterfield's engagement with the historical novel emerges from his belief in its potential for profound cultural reflection and his conviction that literature can enrich our understanding of the past. For scholars, students, and literary enthusiasts alike, this book provides not only a compelling analysis of the historical novel but also a framework for appreciating the complexities of narrative history. Butterfield's work encourages readers to contemplate the relevance of historical fiction in illuminating the nuances of human experience, making it a crucial addition to both literary and historical studies.

The Historical Novel Jerome De Groot, 2009-09-10 The historical novel is not only an immensely popular genre but also one that raises fascinating questions about the nature of key foundational concepts such as fact and fiction, history, reading, and writing. This wide-ranging guide offers an accessible introduction to both the genre and the critical debates around it.

On the Historical Novel

Alessandro Manzoni, 1996-01-01 Alessandro Manzoni was a giant of nineteenth century European literature whose *I promessi sposi* *The Betrothed* 1928 is ranked with *War and Peace* as marking the summit of the historical novel. Manzoni wrote *Del romanzo storico* *On the Historical Novel* during the twenty years he spent revising *I promessi sposi*. This first English translation of *On the Historical Novel* reflects the insights of a great craftsman and the misgivings of a profound thinker. It brings up to the nineteenth century the long war between poetry and history, tracing the idea of the historical novel from its origins in classical antiquity. It declares the historical novel and presumably *I promessi sposi* itself dead as a genre. Or perhaps it justifies *I promessi sposi* as the climax of a genre and the end of a stage of human consciousness. Its importance lies both in its prospective and in its retrospective contributions to literary debate.

The Historical Novel in Nineteenth-Century Europe Brian Hamnett, 2011-11-24 Even at the height of its popularity in the early nineteenth century the historical novel faced criticism at many levels. After its predominance in the 1810s and 1820s, writers and historians shunned it as a travesty of their respective disciplines. Even so, the historical novel has frequently attracted a wide-ranging public right up to the present day. Brian Hamnett examines key novels by authors including Scott, Balzac, Manzoni, Dickens, Eliot, Flaubert, Fontane, Gald s and Tolstoy, revealing the contradictions inherent in this form of fiction and exposing the challenges writers faced in attempting to represent a reality that linked past and present. He argues that the historical novel in the nineteenth century was a common European phenomenon with considerable interconnection of themes and periods. Accordingly, the book ranges from the British Isles and France through the Germanic territories, Italy and Spain to the Russian Empire, identifying the different objectives and phases of the historical novel. Although historical novels did appear in the two previous centuries, the form came to maturity in the nineteenth century, a consequence of the developing nature of history as a discipline distinct from literature and philosophy and the increasing primacy of the novel for writers and the reading public. Yet the frontiers between history and literature remained blurred and the two disciplines continued to influence one another as each sought a faithful representation of human experience.

History of Prose Fiction John Colin Dunlop, 1896

The Woman's Historical Novel D. Wallace, 2004-11-19 The historical novel has been one of the most important forms of women's reading and writing in the twentieth century, yet it has been consistently under-rated and critically neglected. In the first major study of British women writers' use of the genre, Diana Wallace tracks its development across the century. She combines a comprehensive survey with detailed readings of key writers, including Naomi Mitchison, Georgette Heyer, Sylvia Townsend Warner, Margaret Irwin, Jean Plaidy, Mary Renault, Philippa Gregory and Pat Barker.

Science Fiction and the Historical Novel Ian P. MacDonald, Kate Polak, 2024-09-16 If you woke to realize that you could rewrite your yesterday without knowing the kind of tomorrow it would grant you, would you do it? Are the authors of our destiny working with an outline or spit-balling confusing plotlines? Since the past changes possible futures to what alighting butterfly should we pay the most heed? This book explores the liminal space between speculative fiction and the historical

novel Staged as a transnational multicultural conversation it takes up a call originally made by Fredric Jameson in *Archaeologies of the Future* wherein he describes that flashpoint between speculative and historical genres as the symptom of a mutation in our relationship to historical time itself Drawing together postcolonial feminist cultural Indigenous and cognitive approaches Science Fiction and the Historical Novel asks what the past can offer a future oriented world and how the future can be imagined in relation to a past that seeks narratives of inevitability rather than possibility Engaged with the idea of the past as a model for the future authors in this volume probe the extent to which historical scripts delimit possibilities and how authors engaged with the practice of alternative pasts rewrite potentialities in the present *Histories of Laughter and Laughter in History* Rafał Boryśławski, Justyna Jajszczok, Jakub Wolff, 2016-08-17 Laughter is often no laughing matter and as such it deserves continued scholarly attention as a social cultural and historical phenomenon This collection of essays is a meeting ground for scholars from several disciplines including historians philologists and scholars of social sciences to discuss places and roles of laughter in history in historical narratives and in cultural anthropology from prehistory to the present The common foci of the papers gathered in this volume are to examine laughter and its meanings to reflect on the place of laughter in Western history and literature to disclose laughter's manipulative potential in historical and literary narratives to see it in the light of the concepts of carnivalesque and playfulness to see it as a reflection of hysterical historicizing to see its place in comedy farce grotesque and irony and to see it against its broadly understood theoretical philosophical and psychological aspects The book will appeal chiefly to an academic readership including students historians literary and cultural scholars sociologists and cultural anthropologists **A History of the French Novel (To the Close of the 19th Century)** George Saintsbury, 1919
