George Henry Frederick Nye,1899 **The Oxford Movement in America** Clarence Augustus Walworth,1895 *Oxford Movement* C. Brad Faught,2010-11-01 Well over a century and a half after its high point the Oxford Movement continues to stand out as a powerful example of religion in action Led by four young Oxford dons John Henry Newman John Keble Richard Hurrell Froude and Edward Pusey this renewal movement within the Church of England was a central event in the political religious and social life of the early Victorian era This book offers an up to date and highly accessible overview of the Oxford Movement Beginning formally in 1833 with John Keble s famous National Apostasy sermon and lasting until 1845 when Newman made his celebrated conversion to Roman Catholicism the Oxford Movement posed deep and far reaching questions about the relationship between Church and State the Catholic heritage of the Church of England and the Church s social responsibility especially in the new industrial society The four scholar priests who came to be known as the Tractarians in reference to their publication of Tracts for the Times courted controversy as they attacked the State for its insidious incursions onto sacred Church ground and summoned the clergy to be a thorn in the side of the government C Brad Faught approaches the movement thematically highlighting five key areas in which the movement affected English society more broadly politics religion and theology friendship society and missions The advantage of this thematic approach is that it illuminates the frequently overlooked wider political social and cultural impact of the movement The questions raised by the Tractarians remain as relevant today as they were then Their most fundamental question What is the place of the Church in the modern world still remains unanswered **A Short History of the Oxford Movement** Samuel Hall,1906 *The*

The Evangelical and Oxford Movements Elisabeth Jay, 1983-04-14 This book is devoted to the writings of the Evangelical and Oxford movements whose leading members were key figures in the religious debate that so preoccupied early Victorian society The Evangelical writers included here Charles Simeon Francis Close William Goode and Edward Miall enjoyed wide influence in their own day but their writings are now either forgotten or largely inaccessible The writers in the Oxford Movement represented here Keble Williams Newman and Pusey are better known though only Newman's prose has received much attention By concentrating upon the period 1825 to 1850 Dr Jay is able to show the complex social educational and political influences on the religious debate and to trace the dynamics of the relationship between the two movements This book will prove to be an

indispensable tool for all serious students of nineteenth century literature history and theology
