Anthropology of the Middle East and North Africa Sherine Hafez, Susan Slyomovics, 2013-06-05 This volume combines ethnographic accounts of fieldwork with overviews of recent anthropological literature about the region on topics such as Islam gender youth and new media It addresses contemporary debates about modernity nation building and the link between the ideology of power and the production of knowledge Contributors include established and emerging scholars known for the depth and quality of their ethnographic writing and for their interventions in current theory *Legends of the Nubian Crown "The Beginning of the End"* Darryl Johnson PhD., 2018-12-21 A Historical Fiction about the Medieval Christian Kingdom of Old Nubia **The Nile** John A. Shoup, 2017-05-12 This book provides an avenue for students to explore the Nile the world s longest river and better understand its larger role in society in the past present and future The Nile River has been the most important natural resource for Egyptians and other Africans who live along its shores for thousands of years bringing life to an otherwise arid and bleak desert region Without the Nile civilizations in Egypt could not have achieved such success The physical cultural religious and political impacts of this mighty riverway are enormous This one volume

encyclopedia explores a breadth of topics related to the Nile River from ancient irrigation techniques to 19th century exploration and from current environmental controversies to concerns regarding man made Lake Nasser Readers will be able to explore beyond the physical aspects of the world s longest river to achieve an understanding of the Nile River s larger role in society After a preface and introduction that provides general background information on the source tributaries and mouth of the Nile the encyclopedia presents thematic essays that cover topics such as the Nile s physical geography history environmental issues and controversies culture religion and legend and politics More than 100 entries cover key individuals specific locations geology and structure significant expeditions gods and deities and folklore related to the Nile In addition the work provides an appendix of primary document excerpts from explorers journals and more recent legislation on damming as well as an appendix of place names interesting sidebars and a helpful chronology of key events

Medieval Nubia Giovanni R. Ruffini,2012-09-18 The first full length study of the social and economic history of medieval Nubia this book uses unpublished indigenous Old Nubian documentary sources to reveal a complex society that blended Greco Roman legal traditions with African festive practices

Ethnic Groups of Africa and the Middle East John A. Shoup,2011-10-17 This encyclopedia is an essential guide to the different ethno linguistic groups in Africa and today s complicated Middle East region Ethnic Groups of Africa and the Middle East contains encyclopedic entries arranged alphabetically within ethno linguistic classifications Each entry has four main sections an introduction identifying the language group where they are found and their numbers a brief discussion of their origins and early history a section on cultural life that includes religion literature social organization and art and a final section on political organization and recent history The contents are appropriate for high school and undergraduate students as well as for experts who need a refresher on groups in Africa and the Middle East While certain ethnic groups have been combined into a single entry some such as the Tuareg who are a Berber people are described within their own entries because of their importance in history or cultural domination

The Female Circumcision Controversy Ellen Gruenbaum,2015-03-17 To the Western eye there is something jarringly incongruous even shocking about the image of a six year old girl being held down by loving relatives so that her genitals can be cut Yet two million girls experience this each year Most Westerners upon learning of the practice of female circumcision have responded with outrage those committed to improving the status of women have gone beyond outrage to action by creating various programs for eradicating the practice But few understand the real life complexities families face in deciding whether to follow the traditional practices or to take the risk of change In *The Female Circumcision Controversy* Ellen Gruenbaum points out that Western outrage and Western efforts to stop genital mutilation often provoke a strong backlash from people in the countries where the practice is common She looks at the validity of Western arguments against the practice In doing so she explores both outsider and insider perspectives on female circumcision concentrating particularly on the complex attitudes of the individuals and groups who practice it and on indigenous efforts to end it Gruenbaum finds that the criticisms

of outsiders are frequently simplistic and fail to appreciate the diversity of cultural contexts the complex meanings and the conflicting responses to change Drawing on over five years of fieldwork in Sudan where the most severe forms of genital surgery are common Gruenbaum shows that the practices of female circumcision are deeply embedded in Sudanese cultural traditions in religious moral and aesthetic values and in ideas about class ethnicity and gender Her research illuminates both the resistance to and the acceptance of change She shows that change is occurring as the result of economic and social developments the influences of Islamic activists the work of Sudanese health educators and the efforts of educated African women That does not mean that there is no role for outsiders Gruenbaum asserts and she offers suggestions for those who wish to help facilitate change By presenting specific cultural contexts and human experiences with a deep knowledge of the tremendous variation of the practice and meaning of female circumcision Gruenbaum provides an insightful analysis of the process of changing this complex highly debated practice *Historical Dictionary of Egypt* Arthur Goldschmidt, Jr., 2013-10-10

Egypt was the first non Western country to undergo an industrial revolution It was a major commercial center during the 19th and early 20th centuries It was one of the first countries to have albeit briefly a constitutional government Its struggle for independence was among the earliest in the non Western world Its capital Cairo has served as a headquarters and a meeting place for nationalist leaders Its schools and universities attracted students from many other African and Asian countries For the Arab world its educational and legal institutions set the pattern that most other Arabic speaking countries have followed Its books magazines and newspapers circulate widely Its radio and television broadcasting became the model for other Arab states The leadership of Jamal Abd al Nasir and Anwar al Sadat profoundly influenced other Arab and Third World leaders And the demonstrations in Cairo s Tahrir Square became the iconic movement for the so called Arab Spring in the rest of the Middle East This fourth edition of *Historical Dictionary of Egypt* covers its history from its emergence as an independent actor during the reign of Ali Bey 1760 1772 up to and including the first two years of the Arab Spring February 2013 This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on of persons events institutions political groups economic and social conditions policies relationships with other countries ideas religions ideologies and commodities relevant to the modern history of Egypt This book is an excellent access point for students researchers and anyone wanting to know more about Egypt

The Politics of Female Circumcision in Egypt Maria Frederika Malmström, 2016-03-22 The percentage of women aged 15 49 in Egypt who have undergone the procedure of female circumcision or genital mutilation cutting FGM C stands at 91% according to the latest research carried out by UNICEF Female circumcision has become a global political minefield with Western interventions affecting Egyptian politics and social development not least in the area of democracy and human rights Maria Frederika Malmstrom employs an ethnographic approach to this controversial issue with the aim of understanding how female gender identity is continually created and re created in Egypt through a number of daily practices

and the central role which female circumcision plays in this process Viewing the concept of agency as critical to the examination of social and cultural trends in the region Malmstrom explores the lived experiences and social meanings of circumcision and femininity as narrated by women from Cairo It is through the examination of the voices of these women that she offers an analysis of gender identity in Egypt and its impact on women s sexuality
