Nuclear Proliferation Today:

Nuclear Proliferation in South Africa Lucky E. Asuelime, Raquel A. Adekoye, 2016-06-06 This book investigates drivers and trends in nuclear proliferation in the Global South Based on an in depth analysis of South Africa s nuclear history it examines general causes of proliferation such as technical capabilities and constraints a country s motivation to build a nuclear bomb and particular domestic and international situations It also highlights Britain s role in the development of technological capability in South Africa and explains how nuclear weapons influence international relations Finally the study offers effective solutions to the problem of nuclear proliferation in developing countries

Nuclear Proliferation and International Security Sverre Lodgaard, Bremer Maerli, 2007-06-11 The Nuclear Non Proliferation Treaty has long been key in non proliferation and disarmament activities The Treaty is the major international legal obstacle for states seeking nuclear weapon capabilities In retrospect and despite setbacks the overall impact of the Nuclear Non Proliferation Treaty has been significant and gratifying Its continued success is by no means guaranteed As old nuclear dangers persist and new ones evolve policies to halt nuclear proliferation are more disparate than at any other time Nuclear weapons remain an essential part of the security policies of leading states and many developmental states maintain strong nuclear weapon ambitions while terrorists have actively been seeking nuclear capabilities In search of an overarching strategy that recognizes both the flaws of the existing non proliferation regime and the value of some of the corrections proposed by regime critics this volume assesses contemporary efforts to stem nuclear proliferation In doing so Nuclear Proliferation and International Security examines a number of cases with a view to recommending better non proliferation tools and strategies The contributors comprise renowned international scholars who have been selected to obtain the best possible analyses of critically important issues related to international non proliferation dynamics and the future integrity of the Non Proliferation Treaty
