Dale M. Smith

Nude Le Plus Simple Appareil:

Nude Anne Portugal, 2001 Poetry Translated by Norma Cole NUDE is a hilarious set of adventures a retelling in a striking array of contemporary lyric forms of the story of Susannah and the elders A zany send up these poems are a set of adventures family outings romps and trysts in hotel rooms on the Riviera In this brilliant translation Portugal s poems are at their most whimsical and heterogeneous You really know painting the true distance stepping back the cat s eye in the manufacture of marbles flowerpot to flowers strong red of the red bean you should have a Sugar Daddy even a tired one even an ugly one the hereditary symmetry of the rodeo and its raging desire to make you dance whistling to yourself think think of the kid from Cliff who relaxes and lets a crumb fall into your lap You really know painting Untitled **The Play of Light**

Ann Smock, 2021-02-01 Drawing from five contemporary French poets Jacques Roubaud Emmanuel Hocquard Danielle Collobert Anne Portugal and Jacques Jouet Ann Smock juxtaposes them and provides a milieu suitable for philosophical reflection on identity on not being and being on communication and on secrets Smock also includes thinkers such as Ludwig Wittgenstein and Giorgio Agamben who contribute to the conversation as do Jean Luc Nancy and Maurice Blanchot Though the poems considered here are often thought difficult Smock maintains a light touch throughout She writes in an accessible even pleasurable style while contributing to the scholarly study of literature at the border shared by poetry and philosophy

Yé-Yé Girls of '60s French Pop Jean-Emmanuel Deluxe, 2013-11-18 Y Y means Yeah Yeah and is best known as a style of 60s pop music heard in France and Quebec "That Tongue Be Time" Dale M. Smith, 2025-06-03 Originally from Canada Norma Cole is a revered writer and visual artist who has authored and translated over thirty books and chapbooks Though highly esteemed internationally in both visual art and poetry circles Cole s association with the New College of California and her influence on artists and poets has been overlooked by scholars In *That Tongue Be Time* Dale M Smith seeks to remedy this oversight by bringing together sixteen noted scholars editors and poets to examine Cole s poetry translations and visual art in order to place her within the larger scholarly conversation about contemporary poetry and poetics The book also includes a number of black and white reproductions of Cole s art and a contextual introduction by Smith *That Tongue Be Time* provides a groundbreaking look at Norma Cole s lasting influence on multiple generations of poets visual artists and scholars and should be on the shelf of anyone interested in contemporary poetry **Experimentation and the Lyric in**

Contemporary French Poetry Jeff Barda, 2019-10-17 *Experimentation and the Lyric in Contemporary French Poetry* offers a new theoretical approach and historical perspective on the remarkable upsurge in creative poetic practices in France that have challenged traditional definitions of poetry and of the lyric Focusing on the work of Pierre Alferi Olivier Cadiot Emmanuel Hocquard Franck Leibovici Anne Portugal and Denis Roche this book provides an analysis of the most influential poets in French poetry of the last few decades It contextualizes the theoretical models that inform their investigations analyzing them alongside the history of the avant garde and the heated theoretical debates that have taken place over

whether to continue or bring an end to the lyric Systematically addressing the various strategies employed by these poets and drawing on reception theory and cognitive studies Jeff Barda argues that French radical poetics re evaluates the lyric in cognitive terms beyond the personal This book is essential reading for anyone interested in twenty first century forms of experimental writing and the connections between literature and the arts today **Dissonance (if you are interested)**

Rosmarie Waldrop,2005-08-21 Incisive essays on modern poetry and translation by a noted poet translator and critic As an immigrant to the United States from Germany Rosmarie Waldrop has wrestled with the problems of language posed by the discrepancies between her native and adopted tongues and the problems of translating from one to the other Those discrepancies and disjunctions instead of posing problems to be overcome have become for Waldrop a generative force and the very foundation of her interests as a critic and poet In this comprehensive collection of her essays Waldrop addresses considerations central to her life s work typical genres and ways of countering the conventions of genre how concrete poets have made syntax spatial rather than grammatical and the move away from metaphor in poetry toward contiguity and metonymy Three essays on translation struggle with the sources and targets of translation of the degree of strangeness or foreignness a translator should allow into any English translation Finally other essays examine the two way traffic between reading and writing and Waldrop s notion of reading as experience **Six Contemporary French Women Poets** ,1997

Although many practice the art contemporary French women poets generally have been vastly underrepresented in periodicals and anthologies In the only anthology to feature avant garde French women poets exclusively Gavronsky shows how Kaplan Grangaud Portugal Lapeyre Giraudon and Risset differ from their American counterparts Before presenting his translations of the poems Gavronsky gives each poet the opportunity to define herself in terms of major influences on her poetry distinctive traits in her writing major themes in her work and the influence of gender on her art The poets also speculate about the relative underrepresentation of women poets in French periodicals and anthologies as well as about the form poetry might take in the twenty first century The poems in this volume are simultaneously delightful informative and combative They typify according to Gavronsky some of the main currents of a poetics in the making a poetics little known in the United States In reaffirming women s involvement with poetry Gavronsky believes that he has reconnected today s work with an immemorial tradition that in France clearly goes back to the Middle Ages **Hambone** ,2002 *Place as Purpose*
