Odds and ends of Stories Vol 2 John M Hansen, 2014-03-24 Another group of strange stories from my computer As with everything I write there is a kernel of truth in the tale that is covered over with enough fiction that the people places and things mentioned are not easily recognized Consider them all fiction and you will sleep better at night as well as be certain that any conspiracies truly do not exist

Naked Politics Brett Lunceford, 2012-06-14 Naked Politics Nudity Political Action and the Rhetoric of the Body by Brett Lunceford examines the rhetorical power of the unclothed body as it relates to protest and political action This study explores what the disrobed body communicates and how others are invited to make sense of this display The actions examined range from grassroots protests to those of professionalized social movement organizations Specifically Lunceford examines PETA and the use of chained women and the Running of the Nudes lactivists or women engaging in public breastfeeding as protest action in both online and physical space the World Naked Bike Ride a worldwide protest against oil dependency and attempt to raise awareness of the vulnerability of cyclists and a contest held on College Humor that invited women to write their preferred presidential candidate on their exposed breasts and send the picture to them to post on the site Although these actions may seem to have little in common beyond their use of body exposure they all share the notions that something can happen when you take your clothes off and that the act of disrobing can have social and political consequences Moreover these groups illustrate the often paradoxical views of the exposed body by both the participants and the observers and how such bodies operate in the public sphere Even when the voice is silent the body still speaks Naked Politics considers what is being said

Yesterday's Faces, Volume 2 Robert Sampson, 1984 The second volume within this series presents more than fifty series characters within pulp fiction selected to represent four popular story types from the 1907-1939 pulps scientific detectives occult and psychic investigators jungle men and adventurers in interplanetary romance Some characters Tarzan John Carter of Mars Craig Kennedy Anthony Buck Rogers became internationally known Others are now almost forgotten except by collectors and specialists

An Index to the

Advocate, 1987 *European Drawings 2* George R. Goldner, Lee Hendrix, Kelly Pask, 1992-10-08 The Getty Museum's collection of drawings was begun in 1981 with the purchase of a Rembrandt nude and has since become an important repository of European works from the fifteenth through the nineteenth century. As in the first volume devoted to the collection published in 1988 in English and Italian editions, the text is here organized first by national school, then alphabetically by artist, with individual works arranged chronologically. For each drawing, the authors provide a discussion of the work's style, dating, iconography, and relationship to other works, as well as provenance and a complete bibliography.

Back to Life, Back to Normality: Volume 2 Douglas Turkington, Helen M. Spencer, 2018-11-29 What do I do when my son or daughter appears to be hallucinating, paranoid, or has stopped looking after themselves? Written for family members and friends of those who suffer from schizophrenia and other psychoses, *Back to Life, Back to Normality 2* describes the typical symptoms and problems of those suffering from psychotic disorders and discusses how a relative can best listen, interact, and communicate their support. Research conducted by authors Douglas Turkington and Helen Spencer has shown that individuals without psychiatric training and qualifications can easily learn and safely use some basic cognitive behavioural therapy (CBT) techniques to help communicate effectively and provide support to their loved one suffering from psychosis. These techniques are described and illustrated with examples throughout this book to allow carers to learn how to provide the best possible support and help facilitate a recovery for those suffering.

Cleveland TV Tales Volume 2 Mike Olszewski, Janice Olszewski, 2015-11-16 More behind the screen stories from the golden age of local television. Let's warm up the old family TV set, step through the screen, and see what was going on behind the scenes with some of our favorite Cleveland television personalities of the 1970s, 80s, and 90s. We'll look back at the rise of glamorous news anchors, including more than one Miss America contestant with perfect smiles, perky noses, and really big hair. Late night horror movie hosts battling to take over the legacy of the legendary Ghouardi. The strange, sad saga of the former daytime host who shot himself after a bizarre sex scandal. A weatherman who was a lightning rod for coworkers' endless practical jokes. The investigative reporters whose sting operations caught wrongdoers with their pants down, sometimes literally. The gutsy reporter who interviewed Danny Greene hours before the mobster was blown up in his car. The Cleveland mayor who co-hosted a children's show with a ventriloquist's dummy and many other true tales.

Quixotic Modernists Louise Ciallella, 2007 *Quixotic Modernists* gives close readings of two novels by two little-studied writers of the early twentieth century in Spain: Felipe Trigo's *Las ingenuas* (1901) and Maria Martinez Sierra's *Tu eres la paz* (1906) in relation to the canonical *Tristana* by Benito Pérez Galdós. Spain's greatest nineteenth-century novelist. This study shows the modern message regarding gender and modernist qualities of the prose of these works. Included are discussions of Quijote intertexts, proverbial language, and tactics: the angel and the *mujer nina*, flower, water, and animal imagery, and visual arts in relation to gender definition. Also included are contemporary responses to the novels and material about the authors' lives and Spain's social conditions in the early

twentieth century Quixotic Modernists integrates these themes into a study of the novelization of difficulties in transforming contemporary gender and class roles In all three authors works this process of change in roles for both men and women becomes a quixotic enterprise in which artists as and characters search to reconnect with an elusive material social body
