A Visible Witness Jules A. Martinez-Olivieri, 2016-06-03 *A Visible Witness* presents a fresh innovative perspective on a vital movement in twentieth century theology. Protestant theology in Latin America emerged over fifty years ago side by side with the initial development of Roman Catholic liberation theology. Both traditions have common theological interests: the praxical nature of theology, Christology and soteriology. Protestants also share some of the fundamental intuitions of liberation theology: the centrality of praxis in Christian life and the priority of opting for the suffering masses. Key Protestant theologians like Jos M. Guez Bonino, Nancy Bedford and Guillermo Hansen challenged Protestant theology in Latin America to develop a Trinitarian hermeneutic for Christology in order to see the work of salvation as the work of the triune God and to relate Christology and pneumatology in ways that fundamentally shape the praxis of the church. This dissertation takes on this challenge and proposes a theodramatic Christology that serves to ground the Christian notion of salvation as historical liberation and the church's participation in the present experience of redemption in the Trinitarian and economic work of Jesus Christ. The ecclesia of believers participates in God's communicative activity via union with Christ: the community of disciples becomes a theater of liberation.

Controversies in Feminist Theologies Lisa Isherwood, Marcella Althaus-Reid, 2013-02-12 *Controversies in Feminist Theologies* is a clear and accessible analysis of the current controversies within feminist theologies. It uses many of the themes of systematic theology to examine whether feminist theology has a future or whether its discourse and praxis has become bankrupt. The authors expand this question through an examination of whether the whole project of systematic theology has become outmoded. The book is the first to expose the myth of homogeneity and some of the common stereotypes and myths surrounding Feminist Theologies from a methodological and thematic perspective. It addresses current stereotypes built around North Atlantic and Third World feminist theology including issues concerning Mariology, the use of the Bible and the centrality of women's experiences in feminist praxis while highlighting the richness of different and at times opposite positions in the debates of theology, gender and sexuality.

Teología Convocada Manuel Gómez, Patricio Merino, 2024-10-14 *La Teología Convocada* no es solo el llamado; es también discernimiento, respuesta y compromiso. El llamado logra convocar a un grupo de entusiastas académicos/as para discernir y proponer respuestas desde las diversas especificidades de la ciencia teológica como la hermenéutica, epistemología, el diálogo ecuménico, ecoteología, eclesiología y ciberteología.

Los rostros de la justicia desde la escena latinoamericana José Ramón Alcántara Mejía, Hugo Salcedo Larios, Juan Luis Loza León, 2024-07-05 Las intermitencias de la justicia y su aplicación a que aspiran algunos textos dramáticos y ciertas acciones escénicas como una extensión del convivio.

esencial y humano perfilan la idea de construcción de una aldea mejor incluyente y equitativa Ciudad, género e imaginarios urbanos en la narrativa latinoamericana Lucía Guerra, 2014 No obstante el orden implementado en la ciudad por su diseño geométrico en ella transitan y fermentan los signos de la dispersión heterogénea En una contigüidad que burla todo intento de sistematización coexisten diversas temporalidades y diferencias de carácter social y generico La ciudad en su trama densa y compleja se niega a ser dicha y aquellos que la habitan la redicen y contradicen desde su propia subjetividad en una retórica urbana que fragmenta y modifica la cartografía oficial Para una perspectiva masculina la ciudad es alegoría de la nación con sus centros y periferias de la pobreza mientras una subjetividad homosexual hace de los lugares convencionales escenarios del deseo Por otra parte la casa en el imaginario de las mujeres es sitio de transgresión y lugar de una historia otra en los márgenes de la historia oficial Dentro de un contexto histórico que va de la ciudad colonial a la ciudad posmoderna en este libro se analizan imaginarios urbanos que ponen en evidencia no sólo la importancia del factor generico sino también el valor referencial de la ciudad con respecto a la nación y a la memoria
