Eugene O'Neill wrote his most enduring and important plays after he won international acclaim as the first and only American playwright to receive the Nobel Prize in Literature in 1936 In the midst of the Great Depression with his health failing and spirits sunk he and his third wife former actress Carlotta Monterey moved to California to escape the materialism and commercialism of a declining West and they built a new home called Tao House A reasonably good translation of tao is the way and in this house which was largely the creation of Carlotta he found the way to his most famous play *Long Day's Journey Into Night* As an unusually explicit autobiographical drama this play returns to 1912 the outset of O'Neill's writing career when he confronted tragedy in his family story and found a way to dramatize his mother father brother and himself in a way that has resonated with audiences since its publication and production in 1956 But this book argues that the play originates as much in the moment of its creation 1939-1941 in the family relationships the historical circumstances and the fact that this work would represent a moment of closure of his great career Key to this heroic story of creation is the intervention of his wife Carlotta whose diaries enable a day to day observation of how the play was written She was the driving force behind the design of Tao House and she managed the rhythms and patterns of life within its architecture It was her masterpiece just as *Long Day's Journey* was his This book develops a close reading of their house and marriage and also uses many of O'Neill's previous plays to illuminate the breakthrough of *Long Day's Journey* This book is the most granular and at the same time the most far reaching inquiry into how this quintessential play was written and almost not written and how it came into the world **Bowie** Wendy Leigh, 2014-09-23 Ziggy Stardust Aladdin Sane the Thin White Duke Gender Bender Rebel Songwriter Fashion Icon Rock God One of the most influential creative artists of his generation David Bowie morphed from one glittering incarnation to the next over the course of five decades an enduring superstar who remained

William Davies King, 2010-07-23 An engrossing biography about the marital breakdown of a major literary figure of particular interest for what it reveals about O Neill s creative process activities and bohemian lifestyle at the time of his early successes and some of his most interesting experimental work In addition King s discussion of Boulton s efforts as a writer of pulp fiction in the early part of the 20th century reveals an interesting side of popular fiction writing at that time and gives insight into the lifestyle of the liberated woman Stephen Wilmer Trinity College Dublin Biographers of American playwright Eugene O Neill have been quick to label his marriage to actress Carlotta Monterey as the defining relationship of his illustrious career But in doing so they overlook the woman whom Monterey replaced Agnes Boulton O Neill s wife of over a decade and mother to two of his children O Neill and Boulton were wed in 1918 a time when she was a successful pulp novelist and he was still a little known writer of one act plays During the decade of their marriage he gained fame as a Broadway dramatist who rejected commercial compromise while she mapped that contentious territory known as the literary marriage His writing reflected her and hers reflected him as they tried to realize progressive ideas about what a marriage should be But after O Neill left the marriage he and new love Carlotta Monterey worked diligently to put Boulton out of sight and mind and most O Neill biographers have been quick to follow suit William Davies King has brought Agnes Boulton to light again providing new perspectives on America s foremost dramatist the dynamics of a literary marriage and the story of a woman struggling to define herself in the early twentieth century King shows how the configuration of O Neill and Boulton s marriage helps unlock many of O Neill s plays Drawing on more than sixty of Boulton s published and unpublished writings including her 1958 memoir Part of a Long Story and an extensive correspondence King rescues Boulton from literary oblivion while offering the most radical revisionary reading of the work of Eugene O Neill in a generation William Davies King is
